Human Resources
Inter-Office Memo**

To: Town of East Hartford Employees
From: Sandy Franklin, Benefits Administrator
Date: February 5, 2015
Subject : Data Breach at Anthem

As you may have heard in the news, Anthem, our health plan's current third-party administrator, was recently the target of a cyber attack.

While we don't yet know if our employees' personal information was involved, we do know that the attackers obtained information from as many as 80 million of Anthem's current and former members, including:

- Names
- Birthdays
- Medical IDs/Social Security numbers
- Street addresses
- Email addresses
- Employment information, including income data

According to Anthem there is no evidence, at this time, that credit card or medical information was compromised.

Please be assured that we take the security of your personal information very seriously, and we will continue to work with our insurance broker and Anthem to keep you updated about this breach. These steps are also in place to keep you informed:

- If your information was accessed, Anthem will individually notify you via mail or email (if possible).
- Anthem will provide credit monitoring and identity protection services free of charge.
- You can access information as it becomes available on this website: www.AnthemFacts.com or via this toll-free number: 1-877-263-7995.

We will share information as it becomes available, but in the meantime, if you have immediate questions, please contact me at 860-291-7223.
