Bicycle Friendly Community Survey

Public Input Sought to Improve East Hartford's Bicycle Friendliness

(August 31, 2016) **East Hartford, CT** – Mayor Marcia A. Leclerc and the Town of East Hartford are seeking information from residents about their experiences with bicycles and cycling in East Hartford. The Town is seeking a bicycle friendly community designation from the League of American Bicyclists and as part of the process is asking residents to complete a short survey about their cycling habits and how the Town can become a better community for cyclists.

The results of the survey will be incorporated into the review process by the League of American Bicyclists. The determination will help the Town move forward with its efforts to improve safety and support for bicycle riders in our community. Responses are due September 15, and residents can fill out the survey online at:
