PATIENT PROTECTION AND AFFORDABLE CARE ACT AMENDMENT

This Amendment changes provisions in, or adds provisions to, your

including any affected riders, endorsements or other amendments thereto, (hereinafter collectively, "Summary Booklet") issued by "Anthem BCBS" as required by the federal Patient Protection and Affordable Care Act. Except as otherwise provided for in this Amendment, the provisions herein apply to all persons covered under the Summary Booklet, ("Covered Persons"). All of the terms, conditions, and limitations of the Summary Booklet to which this Amendment is attached also apply to this Amendment, except where they are specifically changed by this Amendment. **This Amendment shall take effect on your group's issue date or renewal date on or after September 23, 2010.**

1. Emergency Services.

- A. **Emergency Condition Defined.** The definition of Emergency Condition in the Summary Booklet is hereby deleted in its entirety and replaced with the following:

EMERGENCY CONDITION: A medical or behavioral condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that a prudent layperson, who possesses an average knowledge of health and medicine, could reasonably expect the absence of immediate medical attention to result in:

1. Placing the health of the person afflicted with such condition (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, or in the case of a behavioral condition placing the health of such person or others in serious jeopardy;
2. Serious impairment to such person's bodily functions;
3. Serious dysfunction of any bodily organ or part of such person; or
4. Serious disfigurement of such person.

- B. **Emergency Services Defined.** The following definitions are hereby added to the Summary Booklet:

EMERGENCY SERVICES: A medical screening examination that is within the capability of the emergency department of a Hospital, including ancillary services routinely available to the emergency department to evaluate an Emergency Condition; and within the capabilities of the staff and facilities available at the Hospital, such further medical examination and treatment as are required to stabilize the patient. This definition is not intended to limit the scope of services to treat an Emergency Condition otherwise covered under the Benefit Program.

STABILIZE: means, with respect to an emergency medical condition:

To provide such medical treatment of the condition as may be necessary to assure, within reasonable medical probability, that no material deterioration of the condition is like to result from or occur during the transfer of the individual from a facility. With respect to a pregnant woman who is having contractions, the term “stabilize” also means to deliver (including the placenta), if there is inadequate time to effect a safe transfer to another Hospital before delivery or transfer may pose a threat to the health or safety of the woman or the unborn child.

C. **Cost Sharing.** Any Copayment or Coinsurance requirement in the Summary Booklet that applies to Emergency Services provided by a Non-Participating Provider that differs from the Copayment or Coinsurance required for Emergency Services provided by a Participating Provider is hereby deleted and replaced with the Copayment or Coinsurance requirement, if any, applicable to Emergency Services provided by Participating Providers. All other cost-sharing and payment terms that apply to Emergency Services remain unchanged.

2. **Preventive Services.** To the extent items and services in the sources referenced below are not already Covered Services under the Benefit Program, benefits for the items and services are hereby added to the Summary Booklet:

Preventive Care services include Outpatient services and Office Services. Screenings and other services are covered as Preventive Care for adults and children with no current symptoms or prior history of a medical condition associated with that screening or service.

Covered Persons who have current symptoms or have been diagnosed with a medical condition are not considered to require Preventive Care for that condition but instead benefits will be considered under the Diagnostic Services benefit.

Preventive Care Services in this section shall meet requirements as determined by federal and state law. Many Preventive Care Services are covered by this Benefit Program with no Deductible, Copayments or Coinsurance from the Covered Person when provided by a Network Provider. That means Anthem BCBS pays 100% of the Maximum Allowed Amount. These services fall under four broad categories as shown below:

1. Services with an “A” or “B” rating from the United States Preventive Services Task Force.

Examples of these services are screenings for:

- Breast cancer;
- Cervical cancer;
- Colorectal cancer;
- High Blood Pressure;
- Type 2 Diabetes Mellitus;
- Cholesterol;
- Child and Adult Obesity.

2. Immunizations for children, adolescents and adults recommended by the Advisory Committee on Immunization Practices (“ACIP”) of the Centers for Disease Control and Prevention;

3. Preventive care and screenings for infants, children and adolescents as provided for in the comprehensive guidelines supported by the Health Resources and Services Administration; and

4. Additional preventive care and screening for women provided for in the guidelines supported by the Health Resources and Services Administration..

The preventive services referenced above shall be covered in full when received from Participating Providers. The preventive services referenced above are only covered when provided by Participating

Providers. Cost sharing (Copayments, Deductibles, Coinsurance) may apply to services provided during the same visit as the preventive services set forth above. For example, if a service referenced above is provided during an office visit wherein that service is not the primary purpose of the visit, the cost-sharing amount that would otherwise apply to the office visit will still apply.

You may call Member Services using the number on your ID Card for additional information about these services (or view the federal government's web sites, <http://www.healthcare.gov/center/regulations/prevention.html>; or <http://www.ahrq.gov/clinic/uspstfix.htm>; <http://www.cdc.gov/vaccines/recs/acip/>).

3. **Annual Limits.**

Any annual dollar limit under the Benefit Program that applies to Essential Benefits, whether such annual limit applies only to an Essential Benefit or includes Essential Benefits and other benefits, is hereby deleted. "Essential Benefits" include ambulatory care; emergency services; hospitalization; maternity and newborn care; mental health and substance abuse services; prescription drugs; rehabilitative and habilitative services and devices; laboratory services; preventive and wellness services; pediatric services, including oral and vision services; and any other services set forth in regulations issued pursuant to the Patient Protection and Affordable Care Act.

Any Covered Services that are not considered "Essential Benefits" will retain their Annual dollar limit.

4. **Pre-Existing Conditions.** Under this Amendment, the provision, if any, in the Summary Booklet that allows us to exclude or otherwise limit coverage for Pre-Existing Conditions until a Covered Person has been continuously covered under the Benefit Program for a stated period is hereby deleted in its entirety with respect to Covered Persons under the age of 19.

5. **Lifetime Dollar Limits Deleted.** Any lifetime dollar limit under the Benefit Program that applies to Essential Benefits, whether such lifetime limit applies only to an Essential Benefit or includes Essential Benefits and other benefits, is hereby deleted in its entirety.

6. **Dependent Children Covered to Age 26.**

A. The Definitions Section of the Summary Booklet is amended with the deletion of the following:

DEPENDENT: The term Dependent means a Covered Person's lawful spouse under a legally valid existing marriage; and any unmarried children who meet the eligibility requirements set forth in Section 3: Eligibility.

B. The Definitions Section of the Summary Booklet is amended with the addition of the following:

DEPENDENT: The term Dependent means a Covered Person's lawful spouse under a legally valid existing marriage, and any children who meet the eligibility requirements set forth in the Eligibility Section.

C. The Eligible Dependents subsection of the Eligibility Section of the Summary Booklet is amended to also include **married** dependent children and to remove all **residency** requirements.

D. The Changes Affecting Eligibility subsection of the Eligibility Section of the Summary Booklet is deleted in its entirety and replaced with the following:

Anthem BCBS must be told in writing as soon as possible, on a form approved by Anthem BCBS; of any change that may change a Covered Person's eligibility under the Benefit Program. These changes include; but are not limited to:

1. The marriage of the Covered Person;

2. The divorce of the Covered Person;
 3. The birth of a child of a Covered Person;
 4. A Dependent child attains the maximum age limit for coverage under the Benefit Program,
 5. A Dependent child obtains group health coverage through their own employer.
 6. A Covered Person's termination of employment; or reduction in work hours;
 7. Loss of eligibility for other reasons shown in the Summary Booklet.
7. **Other Provisions.** All of the terms, conditions, and limitations of the Summary Booklet to which this Amendment is attached also apply to this Amendment, except where they are specifically changed by this Amendment.

This Amendment is to be attached and form a part of your Summary Booklet and any riders; changes; or endorsements to it. This Amendment does not extend, vary, change, or waive any of the terms, benefits, exclusions, limitations, or conditions in the Summary Booklet except as shown in this Amendment.

INTRODUCTION

This Summary Booklet describes generally this Benefit Program, which is funded by the **Town of East Hartford** and for which Anthem Blue Cross and Blue Shield performs various administrative services.

This Summary Booklet is a description of the Benefit Program only, it is neither intended to describe any other health benefit plans the Employer Group may offer nor by itself intended to be a summary plan description as defined in the Employee Retirement Income Security Act of 1985, as amended (ERISA). In addition, the Employer Group may have requirements with regard to the administration of the Benefit Program.

The Benefit Program is a self-insured health benefit plan. It is not an insurance policy or underwritten program. This Summary Booklet has been prepared by Anthem BCBS on behalf of and at the direction of the Employer Group for the purpose of describing the benefits the Employer Group has agreed to provide to its Employees and their Dependents under the Benefit Program. The Employer Group is responsible for whether the Summary Booklet completely or accurately describes the Benefit Program.

Anthem Blue Cross and Blue Shield is the trade name of Anthem Insurance Companies, Inc., an independent licensee of the Blue Cross and Blue Shield Association, provides administrative claims payment services only and do not assume any financial risk or obligation with respect to claims.

Anthem BCBS performs various administrative services with regard to the Benefit Program as described in the Administrative Services Only Agreement between Anthem BCBS and the Employer Group. The Employer Group has the right to change the benefits under the Benefit Program, subject to the terms specified in the Administrative Services Only Agreement. A change by the Employer Group of the benefits described in this Summary Booklet will not be administered by Anthem BCBS unless the terms of the Administrative Services Only Agreement, including notice to Anthem BCBS of the change, are complied with by the Employer Group. Accordingly, except as specifically required by the terms of the Administrative Services Only Agreement, Anthem BCBS shall have no responsibility to perform certain administrative services with regard to benefit changes made by the Employer Group under the Benefit Program unless they are communicated to Anthem BCBS in the manner prescribed under the Administrative Services Only Agreement. Please be sure to contact the benefits coordinator at the Employer Group for more information concerning the Employer Group's obligations under the Administrative Services Only Agreement; the Employer Group's requirements, if any, regarding participation in the Benefit Program; and to obtain a summary plan description of the employee health care benefit plan.

A Covered Person's rights to benefits under this Benefit Program are subject to all the terms of the Administrative Services Only Agreement and such rights shall terminate in accordance with the terms and provisions as specified therein.

All the defined terms used in this Summary Booklet have the meanings ascribed to them herein without reference to any of the definitions contained in the Administrative Services Only Agreement. The terms of this Summary Booklet shall govern and supersede any previous versions of this Summary Booklet and any outlines or other summaries distributed by the Employer Group or Anthem BCBS with respect to the Benefit Program.

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery and 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

The group Contractholder has contracted with us to provide coverage for its group Covered Persons and their Dependent Covered Persons. “We,” “us,” and “our” refer to Anthem Blue Cross and Blue Shield (“Anthem BCBS”). Lumenos Health Savings Account Benefit Program

This Summary Booklet describes your Lumenos Health Savings Account. The Summary Booklet explains the benefits, exclusions, limitations, terms and conditions of membership and services and the guidelines which must be adhered to in order for you to obtain benefits for Covered Services. This Summary Booklet replaces and supersedes any Summary Booklet, contract, policy or program of the same or similar coverage that Anthem BCBS may have issued to you prior to the issue date of this Policy. Amendments to this Summary Booklet may occur. The Effective Date of such changes shall be designated by Anthem BCBS and the Employer Group.

Lumenos Health Savings Account is a Preferred Provider Organization (PPO) Benefit Program. This Benefit Program provides service throughout the state of Connecticut. The selection of a primary care Physician (PCP) is not required. However, this is a managed care program which requires that you observe all guidelines and procedures for obtaining Covered Services.

This Benefit Program offers you the flexibility to determine how you wish to access benefits and obtain Covered Services. There are two levels of coverage under this Benefit Program; In-Network and Out-of Network coverage. When you visit an Anthem BCBS PPO Provider for Covered Services, you are responsible for any applicable Cost-Shares. Your benefits are highest when you visit an Anthem BCBS PPO Provider.

If you visit an Out-of-Network Provider for Covered Services, you are responsible for any applicable Cost-Shares. You are also responsible for any charges in excess of the Maximum Allowable Amount (MAA).

When establishing the MAA for the Out-of-Network Providers, Anthem BCBS considers industry costs, reimbursement and utilization data indices, including geographically based national reimbursement data.

Please see the Schedule of Benefits for the applicable Cost-Shares for both options. In addition to listing the Cost-Shares that are your responsibility, this Schedule of Benefits also contains benefit maximums for specific types of coverage.

Lumenos Health Savings Account has a statewide network of Participating Physicians, Providers and Hospitals that you may obtain In-Network services from. For a geographic distribution of these Providers, please refer to the PPO Provider Directory.

Anthem BCBS is not responsible for notifying a Physician's patients when the Provider leaves the Participating Provider network. Although the PPO Provider Directory is updated regularly to keep Covered Persons informed of a Provider's participating/non-participating status; we recommend that you verify with the Provider their participating status prior to incurring services.

Your Participating Provider's agreement for providing Covered Services may include financial incentives or risk sharing relationships related to provision of services or referrals to other Providers, including Network Providers and Non-network Providers and disease management programs. If you have questions regarding such incentives or risk sharing relationships, please contact your Provider or Anthem BCBS.

None of Anthem BCBS's employees or the providers with whom it contracts with to make medical management decisions are paid or provided incentives to deny or withhold benefits for services that are Medically Necessary and are otherwise covered under the Plan. In addition, Anthem BCBS requires certain members of our clinical staff to sign an annual statement. This statement verifies that they are not receiving payments that would either encourage or reward them for denying benefits for services that are Medically Necessary and are otherwise covered under the Plan.

The Covered Person is entitled to the Covered Services described in the Benefits Section of the Summary Booklet. The Covered Services therein are subject to the terms; conditions; and limitations of the Benefit Program and the Summary Booklet.

BlueCard PPO Program

Anthem BCBS, like other Blue Cross and Blue Shield Licensees, participates in a program called "BlueCard". This program provides Anthem BCBS Members with access to benefits for Covered Services outside of Connecticut. When a Member obtains Covered Services outside of Connecticut, the claims for those services may be processed through the BlueCard program and presented to Anthem BCBS for payment in conformity with network access rules of the BlueCard policies then in effect. Under BlueCard, when Members receive Covered Services outside of Connecticut, in an area served by another Blue Cross and/or Blue Shield plan that is in the BlueCard program ("Host Plan"), Anthem BCBS will remain responsible to the Member in accordance with this Certificate. However, the other Blue Cross and/or Blue Shield plan in the BlueCard program will only be responsible, in accordance with applicable BlueCard policies, to provide access to such Covered Services on behalf of Members through contracting arrangements it has with its participating providers. In addition, that Blue Cross and/or Blue Shield plan will handle interactions with its participating providers. If a Blue Cross and/or Blue Shield plan does not participate in the BlueCard program, then Anthem BCBS will not be able to access that plan's reimbursement arrangements with its participating providers. To locate participating Providers throughout the United States please call 1 (800) 810-BLUE.

General Statute 38a-478j except that in the case of the BlueCard Program, the Cost-Share calculation shall be based on item c.):

- a. The Maximum Allowable Amount; or
- b. Billed charges; or
- c. The Maximum Allowable Amount or billed charges, whichever is lower.

Maximum Allowable Amount: Non-Participating Out-of -State Provider

When Covered Services are rendered outside of Connecticut to a Member by Non-Participating Physicians, Non-Participating Providers and/or Non-Participating Hospitals, (whether or not such physicians, providers or hospitals are Host Plan participating physicians, providers or hospitals), the Maximum Allowable Amount shall be determined by that Blue Cross and/or Blue Shield Plan in that area outside of Connecticut.

The Maximum Allowable Amount may be:

1. Under arrangements other than BlueCard, the applicable rate for such services, before deduction of any applicable risk withholds, negotiated with the Provider (Physician, Hospital, other Provider) by that Blue Cross and/or Blue Shield Plan outside of Connecticut which that Blue Cross and/or Blue Shield Plan passes on to Anthem BCBS (which may include fee for service rates, per diem rates, scheduled charges, capitated charges, or other pricing mechanisms in that Blue Cross and/or Blue Shield Plan's discretion); or
2. Under BlueCard, the negotiated price, which may be the actual price paid on the claim by the Host Plan to the Provider or may include an estimated price or average discount off of billed charges that factors in settlements, withholds, another contingent payment arrangements and any other non-claims transactions with all of the Host Plan's health care providers or one or more particular providers that the Host Plan passes on to Anthem BCBS. Average discounts tend to have a greater range of variability than do estimated prices. Such estimated prices or average discounts may be prospectively adjusted to correct for past over- or underestimation of prices or discounts applicable to BlueCard Program claims. There will be no retrospective adjustment or return of funds to, or request additional payment from, the Member because the amount paid by the Member is a final price.

In addition, Anthem BCBS will calculate the Cost-Share obligation (i.e., Coinsurance) for the amount for those Covered Services in some cases based on input from the Blue Cross and/or Blue Shield Plan outside the geographic area we serve where the services were rendered.*

Under BlueCard, there may be a small number of states where state law may either specify the basis for the calculation of the Cost-Share obligation for Covered Services that does not reflect the entire savings realized, or expected to be realized on a particular claim, or add a surcharge. The Cost-Share obligation will be based on those statutory provisions, as applicable.

* Applicable to BlueCard and arrangements other than BlueCard.

ELIGIBILITY

The enrollment application and any other forms or statements as requested by Anthem BCBS must be received and accepted by Anthem BCBS before the applicant shall be considered a Covered Person under the Benefit Program. The employee's and Dependent's right to coverage is subject to the condition that all information the employee provides to Anthem BCBS is true, correct and complete to the best of his or her knowledge and belief. The Contractholder is responsible for providing Anthem BCBS with immediate notification of all name, address or phone number changes.

Eligible Employees

Eligible employees may be: current employees; retirees of the Employer Group who meet the Employer Group's criteria for eligibility for participation in the Benefit Program; or former employees who elect to continue enrollment as allowed by either the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended, or the Connecticut Continuation Rights Laws .

The following eligibility rules apply to employees and their Dependents:

1. Current employees must be employed full-time, or part-time and working at least 35 hours a week on a regularly scheduled basis and be Actively At Work on the date coverage is to be effective.
2. A newly hired employee must be Actively At Work at least 30 consecutive days (unless a different waiting period has been mutually agreed upon by Anthem BCBS and the Contractholder).
3. If the employee is not Actively At Work on the date upon which coverage would otherwise be effective, the Effective Date of coverage for that employee and any Dependent Covered Persons shall be deferred until the date that the employee is Actively At Work. Benefits under this Plan for the employee and any Dependents are effective for all Covered Services except those for which a prior fully insured health plan is responsible to provide.
4. Retirees who are under age 65 who are former employees of the Employer Group must be entitled to group health coverage under a trust agreement or comparable agreement.
5. If you return from full-time active service following a call to active military duty, no waiting period applies. You and eligible family members can reenroll in the Plan, provided you apply for reemployment within the time period permitted by the Uniformed Services Employment and Reemployment Act. The time period allowed for reemployment depends on the length of your active military duty. To reenroll in the Plan, your application must be received within 31 days of your reemployment date. Coverage will be effective on the effective date of your reemployment.

Eligible Dependents

Dependents are eligible for coverage under the Benefit Program if they meet the Employer Group's eligibility criteria. Enrolled Dependents may also elect to continue coverage in the Benefit Program as allowed by COBRA or the Connecticut Continuation Rights Law.

Your employer determines Dependent eligibility and Effective Dates in accordance with the terms of the Administrative Services Only Agreement. Your Dependent must meet all of your employer's Dependent Covered Person's eligibility requirements prior to their Effective Date of coverage.

The following are eligible for membership as Dependents under the Benefit Program:

1. Spouse

The lawful spouse of the Covered Person under a legally valid; existing marriage or civil union and who is deemed eligible under the Benefit Program.

2. Unmarried Dependent Child Under Age

With respect to coverage after 31 days following birth, a newborn of a Covered Person may become an enrolled Dependent under the Benefit Program when a completed application is submitted by the Covered Person and accepted by Anthem BCBS. The application must be submitted to Anthem BCBS within 31 days following the date of birth and Anthem BCBS eligibility requirements must be met as specified in this Section.

4. A Newborn of Enrolled Dependent Child

A newborn of an enrolled Dependent child is eligible for benefits for Covered Services only from the moment of birth up to and including 31 days immediately following birth, but is not eligible for enrollment beyond this 31 day period under the Benefit Program until and unless the Covered Person is appointed by a court as legal guardian and can offer Proof of such legal guardianship.

Benefits for Covered Services for a newborn shall consist of Covered Services for injury or sickness including Medically Necessary Care and treatment of medically diagnosed congenital defects and birth abnormalities subject to the terms, conditions, exclusions and limitations of this Summary Booklet.

A disabled Dependent child who is incapable of sustaining employment by reason of physical or mental handicap may continue as an enrolled Dependent or be eligible beyond the age limit set forth in the Benefit Program, provided:

The disability must be certified at the time of enrollment by a Physician and then no more than annually thereafter.

6. Qualified Medical Child Support Orders

A Dependent child may become eligible for benefits for Covered Services as a consequence of a domestic relations order issued by a state court to a divorced parent who is a Covered Person. Enrollment may be required even in circumstances in which the child was not previously enrolled in the Benefit Program and might not otherwise be eligible for coverage. For further information concerning medical child support orders, and the Employer Group's procedures for implementing such orders, the Covered Person should contact the Employer Group's benefits coordinator or the administrator of the Employer Group's health care benefits plan.

Effective Date of Coverage

Your employer determines employee eligibility and Effective Dates in accordance with the terms of the Administrative Services Only Agreement. You must meet all your employer's eligibility requirements prior to your Effective Date of coverage.

If an annual Open Enrollment Period is mutually agreed to by Anthem BCBS and the Employer Group, applications from eligible persons and their Dependents received during the Open Enrollment Period shall be effective as of the renewal date, provided such applications are submitted and accepted by Anthem BCBS in advance of the renewal date. Applications received or accepted after the renewal date shall be considered Late Enrollees.

Applications from newly eligible persons and newly eligible Dependents may be submitted in advance of the initial date of eligibility; however, benefits for Covered Services shall not be available prior to the initial date of eligibility. Applications received or accepted by Anthem BCBS more than 31 days from the initial date of eligibility shall be considered Late Enrollees.

Applications for new Covered Persons received and accepted by Anthem BCBS on or before the last working day of the month will be effective the first of the following month.

Effective Dates for group or Covered Person enrollees may be deferred if all required data is not received, or is incomplete.

New spouses and new stepchildren are initially eligible the first of the month following the date of the marriage of the new spouse to the Covered Person.

Newborn children of the Covered Person or lawful spouse are initially eligible as of the moment of birth.

Newly adopted children and children placed for adoption are initially eligible as of the Date of Placement for adoption.

Dependent children for whom the Covered Person has been appointed by the court of law as the responsible party under a Qualified Medical Child Support Order are initially eligible as of the date the court order is in effect.

Dependent children for whom the Covered Person or lawful spouse has been appointed by the court of law as the legal guardian are initially eligible as of the date the court order is in effect.

Employees returning from the military service must reenroll in the Plan within 31 days from the reemployment date. Coverage will be effective upon the date of your reemployment.

Late Enrollee and Special Enrollment Periods

A Late Enrollee is an eligible employee or Dependent of an eligible employee who requests coverage more than 31 days after the earliest opportunity to enroll for coverage as determined by the Benefit Program's eligibility rules, or after the Employer Group's Open Enrollment Period. Late Enrollees will be subject to a 12-month Pre-Existing Condition limitation period with credit given for prior continuous qualifying coverage. An eligible employee and/or Dependent shall not be considered a Late Enrollee if a request for membership is made and each of the following conditions is satisfied:

1. Coverage was not elected when the employee and/or Dependent was first eligible under the Benefit Program solely because another group health insurance Plan provided coverage for the eligible employee and/or Dependent; and
2. He or she completed any required written waiver of coverage and stated in writing that, at such time, other health insurance coverage was the reason for declining enrollment; and
3. Coverage is lost under other group health insurance due to his or her COBRA or state continuation coverage being exhausted, employment termination, reduction in hours, death of a spouse, or divorce, employer contribution toward the coverage being terminated, an employer no longer offering benefits to a class of individuals such as part time workers, lifetime maximum being met under such insurance, or due to that Plan's involuntary termination or cancellation by its carrier; and
4. The Employee and/or Dependent enrolls under the Benefit Program within 31 days after loss of membership under the other Plan.

Special Enrollment Periods

Individuals that meet the above criteria will be eligible to enroll in the Plan at anytime through out the year. Coverage will be effective the day after the termination of the prior coverage.

In addition, the special enrollment period is available to the Covered Person and the Covered Person's spouse who have not been covered under other group coverage following marriage, a birth or adoption. Dependent children other than the newly born or newly acquired Dependent are eligible for the special enrollment period as a result of the acquisition of new family members.

Eligible employees or Dependents may also enroll under two additional circumstances:

1. The employee's or Dependent's Medicaid or Children's Health Insurance Program (CHIP) coverage is terminated as a result of loss of eligibility; or
2. The employee or Dependent becomes eligible for a subsidy (state premium assistance program under Medicaid or CHIP).

The employee or Dependent must request special enrollment within 60 days of the loss of Medicaid/chip or of the eligibility determination. If Anthem BCBS receives an application to add a Dependent or an eligible person and Dependent more than 60 days after the loss of Medicaid/CHIP or of the eligibility determination, that person is only eligible for coverage as a Late Enrollee.

To request a special enrollment or obtain more information, contact Customer Service at (203) 234-1800 or (800) 331-0150.

Changes Affecting Eligibility

Anthem BCBS must be immediately notified in writing, on a form acceptable to Anthem BCBS, of any change that may impact a Covered Person's eligibility under the Benefit Program. These changes include, but are not limited to:

1. The marriage of the Covered Person or an enrolled Dependent child;
2. The divorce of the Covered Person;
3. The birth of a child of a Member;
4. A Covered Person's termination of employment or reduction in work hours;
5. Loss of eligibility for other reasons specified in the Certificate.

PRE-EXISTING CONDITION EXCLUSION PROVISION

Pre-Existing Condition Exclusion

This Benefit Program does not provide coverage for services that are determined to be related to Pre-Existing Conditions for up to 12 months from your Enrollment Date if you are a Late Enrollee. Credit may be applied toward reducing the Pre-Existing Condition Limitation Period if you have maintained continuous Creditable Coverage. To maintain continuous Creditable Coverage you must not have a break in coverage of more than 120 consecutive days (or 150 consecutive days when coverage was terminated due to involuntary loss of employment). However, the eligible employee must apply for coverage within 30 days of eligibility under this Benefit Program. Please refer to the Schedule of Benefits for your Benefit Program's specific Pre-Existing Condition Limitation Period.

For the purpose of identifying a pre-existing condition, claims submitted with a total provider charge under \$1,000 (the threshold), are generally not subject to review. Any claim(s) submitted in excess of the threshold, for Covered Persons with pre-existing condition exclusions, may be reviewed to determine if the condition is pre-existing. Once a pre-existing condition has been established, all subsequent claims, regardless of provider charge amount, may be subject to review. As Anthem may apply a threshold in its claims review, the payment of claims with a charge amount below the threshold should not be relied upon as a representation that future claims related to the condition will be paid.

Exceptions to the Pre-Existing Condition exclusion:

- Genetic information can not be treated as a Pre-Existing Condition for the purposes of determining whether a condition meets the definition of a Pre-Existing Condition in the absence of a diagnosis of the condition.
- This Pre-Existing Condition exclusion does not apply to the condition of pregnancy.
- The Pre-Existing Condition exclusion does not apply to children newly born, newly adopted (before the age of 18), or placed for adoption (before the age of 18) provided that such children are enrolled within 30 days following the date of birth, adoption or placement for adoption.
- The Pre-Existing Condition exclusion does not apply to routine follow up care to determine whether a breast cancer has reoccurred in a person who has been previously determined to be breast cancer free, unless evidence of breast cancer is found during or as a result of such follow up.

Certificate of Creditable Coverage

Pursuant to the Health Insurance Portability and Accountability Act of 1996 (HIPAA), a Certificate of Creditable Coverage must be presented by any employee and his or her Dependents who seek to obtain coverage under this Benefit Program. The information included on the Certificate of Creditable Coverage should include the names of any Covered Persons who terminated from the prior health benefit Plan, the date of coverage and the type of coverage provided under that Plan. The Certificate of Creditable Coverage will provide Anthem BCBS with information regarding previous coverage to assist it in determining any Pre-Existing Condition Limitation Period.

If you do not have a certificate, but you do have prior health coverage, we will help you obtain one from your prior plan or issuer. There are also other ways that you can show you have creditable coverage. Please contact us if you need help demonstrating creditable coverage.

If you have questions about the preexisting condition exclusion and creditable coverage, please contact Customer Service at (203) 234-1800 or (800) 331-0150.

MANAGED BENEFITS – Managed Care Guidelines

Subject to the terms and conditions of the Benefit Program, a Covered Person is eligible for benefits for Covered Services for Medically Necessary Care when prescribed or ordered by a Physician and when in accordance with the provisions of this Managed Benefits Section.

Introduction

A Covered Person's right to benefits for Covered Services provided under this Summary Booklet is subject to certain policies or guidelines and limitations, including, but not limited to: Anthem Medical Policy; Prior Authorization; Concurrent Review; and Case Management. A description of each of these provisions is described in the Managed Care Guidelines that explains its purpose; requirements; and effects on benefits. Failure to follow the Managed Care Guidelines for obtaining Covered Services will result in a reduction or denial of benefits.

NOTICE: Prior Authorization does NOT guarantee coverage for or the payment of the service or procedure reviewed. The Covered Person should contact his/her Physician and/or Anthem BCBS to be sure that Prior Authorization has been obtained.

The Covered Person should consult his/her Physician concerning courses of treatment and care. Notwithstanding any benefit determination, the Covered Person and the Covered Person's Physician must determine what care and/or treatment is received.

Questions regarding Managed Care Guidelines or to determine which services require Prior Authorization can be addressed by calling the telephone number on the back of the Covered Person's Identification Card or refer to Anthem BCBS's website at: www.Anthem.com.

Anthem Medical Policy

Anthem Medical Policy reflects the standards of practice and medical interventions identified as reflecting appropriate medical practice. The purpose of the Anthem Medical Policy is to assist Anthem BCBS in the determination of Medical Necessity. However, the benefits, exclusions and limitations take precedence over Anthem Medical Policy. Medical technology is constantly changing and Anthem BCBS reserves the right to review and update the Anthem Medical Policy periodically.

Your Responsibilities When Obtaining Health Care – Prior Authorization

Prior Authorization of certain services is required so that we can review the service to verify that it is Medically Necessary and that the treatment provided is the proper level of care. It is the Participating Provider's responsibility to notify Anthem BCBS when Prior Authorization is required for certain services. If the Covered Person decides to receive services from a Non-Participating Physician; Non-Participating Hospital; or Non-Participating Provider the Covered Person must obtain Prior Authorization from Anthem BCBS. Prior Authorization may be obtained by contacting Anthem BCBS at the telephone number located on the back of the Covered Person's Identification Card.

Prior Authorization must be obtained prior to the initial treatment for non-Hospital based services.

With Prior Authorization, we guarantee payment for services that we approve in advance if the services are otherwise covered under the Summary Program, the Pre-Existing Condition limitation provision is satisfied, the Coinsurance/Copayment/Deductible requirements are satisfied, and you are covered on the date you receive care.

Benefits for Covered Services are subject to the terms, conditions and limitations of the Summary Program. The Prior Authorization will indicate a period for approval. Any service not performed in the specified time frame will need to be re-authorized.

Non-Medically Necessary treatment or services for which the necessary Prior Authorization has not been obtained from Anthem BCBS will not be considered services eligible for reimbursement under this Summary Program. The Covered Person and Physician or Provider will receive written notification regarding the approval or denial of Prior Authorization.

Requesting Prior Authorization

Most Network Providers know which services require Prior Authorization and will obtain any required Prior Authorization or request a predetermination if they feel it is necessary. Your primary care physician and other Participating Providers have been provided detailed information regarding managed care guideline procedures and are responsible for assuring that the requirements of managed care guidelines are met. The ordering (or “requesting”) Provider, facility or attending Physician will contact Us to request a Prior Authorization or predetermination review (“requesting Provider”). We will work directly with the requesting Provider for the Prior Authorization request. However, you may designate an authorized representative to act on your behalf for a specific request. The authorized representative can be anyone who is 18 years of age or older.

Who is responsible for Prior Authorization:

- Services provided by a Network Provider: The Provider is responsible for Prior Authorization
- Services provided by a BlueCard or Non-Participating Provider: The Covered Person is responsible for Prior Authorization

The Covered Person is financially responsible for services and/or settings that are not covered under the Summary Program based on an adverse determination of Medical Necessity or Experimental or Investigational services.

If you have any questions regarding the information contained in this section, you may call the telephone number on the back of your Identification Card or visit www.anthem.com.

Anthem BCBS can be reached at the number located on the back of the Covered Person’s Identification Card for information regarding how to contact the vendor.

Prior Authorization for Admissions

Prior Authorization for Hospital Admissions/Inpatient Facility Admissions, or Admission to a Partial Hospitalization or Day/Night Program.

When a Covered Person is scheduled for an Admission to a Hospital, Skilled Nursing Facility, or Hospice it is the Participating Provider's responsibility to notify Anthem BCBS when Prior Authorization is required for certain services. If the Covered Person decides to receive services from a Non-Participating Physician; Non-Participating Hospital; or Non-Participating Provider the Covered Person must obtain Prior Authorization from Anthem BCBS.

Note: For guidelines regarding an Admission due to a Medical Emergency, please refer to the Medical Emergency Services Section.

Elective Admissions

It is the Participating Provider's responsibility to notify Anthem BCBS when Prior Authorization is required. If the Covered Person decides to receive services from a Non-Participating Physician; Non-Participating Hospital; or Non-Participating Provider the Covered Person must obtain Prior Authorization from Anthem BCBS. The Participating Provider or Covered Person (as applicable) must call Anthem BCBS for Prior Authorization at the number located on the back of the Covered Person's Identification Card when the Admission is scheduled. This call must be made no later than one business day prior to the Elective Admission day.

- a. Once Anthem BCBS has been notified of the Admission, Anthem BCBS will contact the Covered Person's Physician to obtain medical information relating to the Admission.
- b. During this process for Elective Admissions, the Admission day of the week will be checked. Friday or Saturday Admissions, or a Sunday Admission when Monday is a holiday will not be Authorized by Anthem BCBS unless the weekend Admission is determined to be Medically Necessary.
- c. For an Elective Admission, Anthem BCBS will either: Prior Authorize a number of Inpatient days or advise that Inpatient days cannot be Prior Authorized. The Covered Person, Physician and Hospital will be notified in writing.

Medical Emergency Admissions

This Benefit Program shall provide benefits for Medical Emergency Admissions if the care is determined to be for a Medical Emergency. It is the Participating Provider's responsibility to notify Anthem BCBS within 2 business days of an Inpatient Admission due to a Medical Emergency. If the Covered Person decides to receive services from a Non-Participating Physician; Non-Participating Hospital; or Non-Participating Provider the Covered Person must obtain Prior Authorization from Anthem BCBS within 2 business days of an Inpatient Admission due to a Medical Emergency. When the Covered Person is admitted due to a Medical Emergency and Anthem BCBS is not notified within 2 business days, benefits for Covered Services shall only be provided if the Covered Person's condition at the time of diagnosis, care or treatment is confirmed to have been a Medical Emergency.

Upon receiving proper notification of the Medical Emergency Admission, Anthem BCBS must authorize and manage continued Inpatient or Outpatient care related to the Medical Emergency in order for such care to be covered under this Benefit Program.

Any follow-up diagnosis, care or treatment performed after the cessation of the Medical Emergency must be provided by Participating Physicians in order for benefits to be considered as In Network. Such Covered Services shall be subject to the Cost-Shares specified in the Schedule of Benefits for Participating Physicians, Participating Providers and Participating Hospitals.

Any follow-up diagnosis, care or treatment performed after the cessation of the Medical Emergency and provided by Non-Participating Physicians shall be reimbursed based upon the Out-of-Network Option. Such Covered Services shall be subject to the Cost-Shares specified in the Schedule of Benefits for Non-Participating Physicians, Non-Participating Providers and Non-Participating Hospitals.

Concurrent Review

The availability of benefits for Inpatient Covered Services will be subject to Concurrent Review. Based on the results of the Concurrent Review, Anthem BCBS will determine that:

- There will be additional Inpatient days Prior Authorized; or
- There will be a change in the services, supplies, treatment or setting; or
- There will be no additional Inpatient days Authorized as of a specific date.

If continued Hospitalization can no longer be authorized beyond a specific date, Anthem BCBS will assist the Covered Person, Physician and Hospital to coordinate continued care, where appropriate.

No benefits will be provided under this Summary Booklet or any other policy issued by Anthem BCBS for Inpatient Covered Services billed by the Hospital and the admitting Physician after the specific date indicated in the Anthem BCBS Authorization notice.

Case Management

Anthem BCBS may at its discretion, provide benefits supplemental to those Covered Services provided under this Benefit Program as a part of Case Management.

By providing services through Case Management, Anthem BCBS is making an exception only for a specific case and is not committed to providing similar coverage and benefits again for you, nor for other Covered Persons. All other terms and conditions of this Benefit Program shall be strictly administered by Anthem BCBS. Anthem BCBS has the right to alter or discontinue Case Management when it is no longer Medically Necessary. The Covered Person or the Covered Person's representative shall be notified in writing.

Case Management is a program tailored to the Covered Person. Anthem BCBS's case managers work collaboratively with the Covered Person, the Covered Person's family and Providers to coordinate the Covered Person's health care benefits. In certain extraordinary circumstances involving intensive Case Management, Anthem BCBS on behalf of the Employer, may provide benefits for care that is not listed as a Covered Service. Anthem BCBS on behalf of the Employer, may also extend Covered Services beyond the contractual benefits limits of this plan. Anthem BCBS on behalf of the Employer, will make its decisions regarding Case Management on a case-by-case basis.

Appeal Process

If Anthem BCBS denies, reduces or terminates benefits at any time during the review process, the Covered Person, Covered Person's representative, Hospital, Skilled Nursing Facility, Substance Abuse Treatment Facility, Residential Treatment Facility, Hospice or other Inpatient Facility or Physician may request an Appeal review. Please refer to the Covered Person Appeal Process Section for further information regarding this process.

- d. If you have an Out-of-Network benefit and use a non-Network Provider, you are responsible for the difference between the non-Network Provider's charge and the Maximum Allowable Amount, in addition to any applicable Cost-Shares. Anthem BCBS cannot prohibit non-Network Providers from billing you for the difference in the non-Network Provider's charge and the Maximum Allowable Amount. If you do not have an Out-of-Network benefit, your entire claim will be denied.
- e. Benefits for Covered Services may be payable subject to an approved treatment plan created under the terms of the Summary Booklet.
- f. Anthem BCBS's payment for Covered Services will be limited by any applicable Cost-Share or annual or lifetime payment limit in the Summary Booklet, including the Schedule of Benefits.
- g. The fact that a Provider may prescribe, order, recommend or approve a service, treatment or supply does not make it Medically Necessary or a Covered Service and does not guarantee payment.
- h. Anthem BCBS bases its decisions about referrals, Prior Authorization, Medical Necessity, experimental services and new technology on medical policy developed by Anthem BCBS. Anthem BCBS may also consider published peer-review medical literature, opinions of experts and the recommendations of nationally recognized public and private organizations which review the medical effectiveness of health care services and technology.

The Half-Tablet Program allows a Covered Person to obtain a 30-day supply (15 tablets) of the higher strength medication when written by the Physician to take “½ tablets daily” of those medications on the approved list. The National Pharmacy and Therapeutics Committee will determine additions and deletions to the approved list. The Half-Tablet Program is strictly voluntary and the Covered Person’s decision to participate should follow consultation with and the concurrence of his/her Physician. To obtain a list of the products available on this program contact Covered Person Services.

Therapeutic Substitution of Drugs

Your Pharmacy benefit includes a therapeutic drug substitution program approved by Anthem BCBS and managed by the Pharmacy benefits manager. Therapeutic substitution may also be initiated at the time the Prescription Drug is dispensed. Only the Covered Person and the Covered Person’s Physician can determine whether the therapeutic substitution is appropriate.

For a list of therapeutic drug substitutions that have been identified, contact a customer service representative by calling the telephone number on the back of the ID Card. The Covered Person may also review the list of therapeutic drug substitutions on the Pharmacy benefits manager’s website at www.Anthem.com. Acceptance of Covered Services will constitute consent by the Covered Person to Anthem BCBS's right of recovery. The Covered Person agrees to take all further action to execute and deliver such additional instruments and to take such other action as Anthem BCBS shall require to implement this provision. Anthem BCBS will have the right to bring suit against such third party in the name of the Covered Person and in its own name as subrogee. The Covered Person shall do nothing to prejudice the rights given to Anthem BCBS by this provision without its consent.

If a Covered Person received payment from a third party by suit or settlement for the cost of Covered Services, such Covered Person is obligated to reimburse Anthem BCBS less Anthem BCBS's pro rata share of the reasonable attorney's fees and cost the Covered Person sustained in obtaining the recovery.

WORKERS' COMPENSATION

To the extent permissible by law no benefits shall be provided for Covered Services paid, payable or eligible for coverage under any Workers' Compensation Law, employer's liability or occupational disease law, denied under a managed Workers' Compensation program as Out-of-Network services or which, by law, were rendered without expense to the Covered Person.

Anthem BCBS shall be entitled to the following:

2. To charge the Covered Person for such dollar value, to the extent that the Covered Person has been paid for the Covered Services.
3. To reduce any sum owing to the Covered Person by the amount that the Covered Person has received payment.

5. To recover any such sum owing as described above, in the event that the disputed and/or controverted claim is resolved by monetary settlement to the full extent of such settlement.

COORDINATION OF BENEFITS

All benefits provided under this Benefit Program are subject to the Coordination of Benefits provision as described in this Section.

Applicability

1. The Coordination of Benefits (COB) provision applies to this Benefit Program when a Covered Person has health care coverage under more than one Plan as defined below.
2. If the Covered Person is covered by this Benefit Program and another Plan; the Order of Benefit Determination Rules in this Section shall decide which Plan is the Primary Plan. The benefits of this Plan:
 - a. Shall not be reduced when under the Order of Benefit Determination Rules this Benefit Program is the Primary Plan; but
 - b. May be reduced or the reasonable cash value of any Covered Service may be recovered from the Primary Plan when under the Order of Benefit Determination Rules another Plan is the Primary Plan. The above reduction is described in the Effect Of This Benefit Program On The Benefits Policy Subsection;
 - c. Penalties imposed on a Covered Person by the primary carrier are not subject to COB;
 - d. The Covered Person must submit the explanation of benefits from the Primary Plan to Anthem BCBS within two years of the date of service; in order to be eligible for payment under this Coordination of Benefits Section.

Definitions

In addition to the defined terms listed in the Definitions Section of this Benefit Program, the following also apply to this Coordination of Benefits Section.

ALLOWABLE EXPENSE: The term Allowable Expense means a Medically Necessary Allowable Expense, for an item of expense for health care, when the item of expense, including any Cost-Share amounts, is covered at least in part by one or more Plans covering the Covered Person for whom the claim is made. Allowable Expense does not include coverage for: dental care; vision care; Prescription Drugs; or hearing aid programs. When this Benefit Program provides Covered Services, the reasonable cash value of each Covered Service is the Allowable Expense; and is a benefit paid.

The difference between the cost of a private Hospital room and the cost of a semi-private Hospital room is not considered an Allowable Expense under the above definition; unless the patient's stay in a private Hospital room is Medically Necessary.

CLAIM DETERMINATION PERIOD: The term Claim Determination Period means a Calendar Year. However, it does not include any part of a Calendar Year during which a person has no coverage under this Benefit Program; or any part of a Calendar Year before the date this COB provision or a like provision takes effect.

PLAN: For the purpose of this Section, the term Plan means any of the following which provides benefits or services for, or because of, medical care or treatment:

- a. Group health insurance; group-type coverage, whether fully insured or self-insured, or any other contract or arrangement where a health benefit is provided. This includes prepayment; staff or group practice association health maintenance organization coverage.
- b. Coverage under a governmental Plan or required or provided by law. This does not include: a state Plan under Medicaid (Title XIX; Grants to States for Medical Assistance Programs; or the United States Social Security Act as amended from time to time). It also does not include any Plan when, by law, its benefits are more than those of any private insurance program or other non-governmental program.
- c. Medical benefits coverage of: no-fault and traditional automobile fault contracts, as provided in this Section.

Each contract; or other arrangement for coverage under: (a); (b); or (c) is a separate Plan. Also, if an arrangement has two parts; and COB rules apply only to one of the two; each of the parts is a separate Plan.

PRIMARY PLAN: The term Primary Plan means a Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration. A Plan is a Primary Plan if either a or b below is true:

- a. The Plan either has no Order of Benefit Determination rules; or it has rules which differ from those stated in this Section; or
- b. All Plans which cover the person use the Order of Benefit Determination rules as shown in this Section; and under those rules the Plan decides its benefits first. There may be more than one Primary Plan (for example: two Plans which have no Order of Benefit Determination rules).

When this Benefit Program is the Primary Plan, Covered Services are provided or covered without considering the other Plan's benefits.

SECONDARY PLAN: The term Secondary Plan means a Plan which is not a Primary Plan. If a person is covered by more than one Secondary Plan, the Order of Benefit Determination rules of this Section decide the order in which the benefits are determined in relation to each other. The benefits of the Secondary Plan may take into account the benefits of the Primary Plan or Plans and the benefits of any other Plan which, under the rules of this Section, has its benefits determined before those of the Secondary Plan.

When this Benefit Program is the Secondary Plan, benefits for Covered Services under the Benefit Program may be reduced and Anthem BCBS may recover from the: Primary Plan; the Provider of Covered Services, or the Covered Person, the reasonable cash value of the Covered Services provided by this Benefit Program.

Order Of Benefit Determination Rules

1. General Rule

When a Covered Person receives Covered Services by or through this Benefit Program or is otherwise entitled to claim benefits under this Benefit Program; and has followed all Anthem BCBS guidelines and procedures; including: Prior Authorization requirements as shown in this Benefit Program; and the Covered Services are a basis for a claim under another Plan; this Benefit Program is a Secondary Plan which has its benefits determined after those of the other Plan, unless:

- a. The other Plan has rules coordinating its benefits with those described in the Summary Booklet; and
- b. Both the other Plan's rules; and this Benefit Program's coordination rules; as described below, require that this Benefit Program's benefits be determined before those of the other Plan.

2. Coordination Rules:

Anthem BCBS decides its order of benefits using the following rules:

a. Other than a Dependent

The benefits of the Plan which covers the person as a Covered Person (that is, other than as a Dependent) are primary to those of the Plan which covers the person as a Dependent.

b. Dependent Child/Parents Not Separated or Divorced:

When this Benefit Program and another Plan cover the same child as a Dependent of different persons, called "parents", the Plan of the parent whose birthday falls earlier in a year is primary to the Plan of the parent whose birthday falls later in that year; but if both parents have the same birthday; the Plan which covered a parent longer is primary. Only the month and day of the birthday are considered.

c. Dependent Child/Separated or Divorced Parents:

In the case of a Covered Person for whom claim is made as a Dependent child:

- i. When the parents are separated or divorced; and the parent with legal custody of the child has not remarried; the benefits of a Plan which covers the child as a Dependent of the parent with legal custody of the child shall be determined before the benefits of a Plan which covers the child as a Dependent of the parent without legal custody;
- ii. When the parents are divorced; and the parent with legal custody of the child has remarried; the benefits of a Plan which covers the child as a Dependent of the parent with custody shall be determined before the benefits of a Plan which covers that child as a Dependent of the step-parent; and

The benefit of a Plan which covers that child as a Dependent of the step-parent shall be determined before the benefits of a Plan which covers that child as a Dependent of the parent without legal custody.

If the terms of a court order state that one of the parents is financially responsible for the health care expenses of the child; then the Plan which covers the child as a Dependent of the financially responsible parent shall be determined before the benefits of any other Plan which covers the child as a Dependent child. The provisions of this Subsection do not apply with respect to any Claim Determination Period or Plan year during which any benefits are actually paid or provided before the payor has that actual knowledge.

d. Active/Inactive Employee

A Plan which covers a person as an employee who is neither: laid off; nor retired (or as that employee's Dependent) is primary to a Plan which covers that person as a: laid-off; or retired employee (or as that employee's Dependent). If the other Plan does not have this rule; and if, as a result, the Plans do not agree on the order of benefits; this rule (d) is ignored.

e. Longer/Shorter Length of Coverage

If none of the above rules decides the order of benefits; the Plan which covered a Covered Person longer is primary to the Plan which covered that person for the shorter time.

f. Medicare

If a Covered Person is eligible for Medicare; and still covered under this Benefit Program; Anthem BCBS will provide the benefits of this Benefit Program; except as obliged by law. However, these benefits will be reduced to an amount which; when added to the benefits received pursuant to Medicare; may equal; but not be more than the actual charges for services covered in whole; or in part by either this Benefit Program; or Parts A and B of Medicare.

(Note: Certain services may not require Prior Authorization when it is determined that Anthem BCBS is the Secondary Plan. Contact Customer Service before any services are rendered to determine if such services require Prior Authorization. In the event that a later determination finds that Anthem BCBS is the Primary Plan, any services that were obtained without Prior Authorization while Anthem BCBS was administering benefits as a Secondary Plan will not require Prior Authorization as would be required under a Primary Plan.)

Effect Of This Benefit Program On The Benefits

1. This Subsection applies when; in accordance with the Order of Benefit Determination Rules; this Benefit Program is a Secondary Plan as to one or more other Plans. In that event, the benefits of this Benefit Program may be reduced under this Subsection. Such other Plan or Plans are referred to as “the other Plans.”
2. Reduction in this Benefit Program’s benefits. When the Benefit Program is the Secondary Plan; Anthem BCBS will provide benefits under the Benefit Program; so that the sum of the reasonable cash value of any Covered Service provided by the Benefit Program; and the benefits payable under the other Plans shall not total more than the Allowable Expense. Benefits will be provided by the Secondary Plan at the lesser of: the amount that would have been paid had it been the Primary Plan or the balance of the bill. Anthem BCBS shall never pay more than it would have paid as the Primary Plan.

If another Plan provides that its benefits are “excess;” or “always secondary;” and if this Benefit Program is determined to be secondary under this Benefit Program’s COB provisions; the amount of benefits paid under this Benefit Program shall be determined on the basis of this Benefit Program being secondary.

Right To Receive And Release Needed Information

Certain data is needed to apply these COB rules. Anthem BCBS has the right to decide which data it needs. By enrolling in the Benefit Program; the Covered Person allows the release of data needed to apply the COB rules. Any Covered Person claiming benefits under this Benefit Program must give data to Anthem BCBS; which Anthem BCBS decides is necessary for the coordination of benefits.

Facility Of Payment

A payment made; or a service provided under another Plan may include: an amount which should have been paid; or provided under this Benefit Program. If it does, Anthem BCBS may pay that amount to the group which made that payment. Such amount shall then be considered as though it were a benefit paid under this Benefit Program.

Right Of Recovery

If the amount of the payments made by Anthem BCBS is more than it should have paid under this COB provision; or if it has provided services which should have been paid by the Primary Plan; Anthem BCBS may recover the excess or the reasonable cash value of the Covered Services; from one or more of the persons it has paid; or for whom it has paid insurance companies, or other groups.

The right of Anthem BCBS to recover from a Covered Person shall be limited to the Allowable Expense that the Covered Person has received from another Plan. Acceptance of Covered Services will make up consent by the Covered Person to Anthem BCBS's right of recovery. The Covered Person agrees to take all further action to: execute; and deliver such documents as may be needed; and do whatever else is needed to secure Anthem BCBS's rights to recover excess payments. If the Covered Person does not comply; it may result in a withdrawal of benefits already provided; or a denial of benefits requested.

GENERAL PROVISIONS

Benefits to Which Covered Persons are Entitled

1. Anthem BCBS's sole obligation is to administer on behalf of Employer the benefits specified herein.
2. No person other than a Covered Person is entitled to receive benefits under the Benefit Program. All benefits (including payments) due or to become due are personal to the Covered Person and are not assignable or transferable by the Covered Person to any other person.

Benefits for Covered Services specified herein will be provided only for services and supplies that are rendered by a Physician, Provider or Hospital and regularly included in such Physician's, Provider's or Hospital's charges.

Disclosure

The Covered Person hereby expressly acknowledges its understanding that the Agreement constitutes a contract solely between the Employer Group and Anthem Blue Cross and Blue Shield, which is an independent corporation operating under a license from the Blue Cross and Blue Shield Association, an association of independent Blue Cross and Blue Shield Plans ("the Association") permitting Anthem BCBS to use the Blue Cross and Blue Shield service marks in the State of Connecticut, and that Anthem BCBS is not contracting as an agent of the Association. The Covered Person further acknowledges and agrees that he or she has not enrolled under this agreement based upon representations by any person other than the Employer Group or Licensee and that no person, entity or organization other than the Employer Group or Licensee shall be held accountable or liable to the Covered Person for any of the Employer Group or Licensee's obligations to the Covered Person created under the Agreement. This paragraph shall not create any additional obligations whatsoever on the part of the Employer Group or Licensee other than those obligations created under other provisions of this Summary Booklet.

Authority for Discretionary Decisions

Anthem BCBS, or anyone acting on its behalf, shall determine the administration of benefits and eligibility for participation in such a manner that has a rational relationship to the terms set forth herein. However, Anthem BCBS, or anyone acting on its behalf, has complete discretion to determine the administration of the Covered Person's benefits. Anthem BCBS's determination shall be final and conclusive and may include, without limitations, determination of whether the services, care, treatment, or supplies are Medically Necessary, Investigational/Experimental-Investigative, whether surgery is cosmetic, and whether charges are consistent with its Maximum Allowable Amount. However, a Covered Person may utilize all applicable Member Appeals procedures.

Anthem BCBS, or anyone acting on Our behalf, shall have all the powers necessary or appropriate to enable it to carry out its duties in connection with the operation and administration of the Summary Booklet. This includes, without limitation, the power to construe the Contract, to determine all questions arising under the Summary Booklet and to make, establish and amend the rules, regulations and procedures with regard to the interpretation and administration of the provisions of this Summary Booklet. However, these powers shall be exercised in such a manner that has reasonable relationship to the provisions of the Summary Booklet, Provider agreements, and applicable state or federal laws. A specific limitation or exclusion will override more general benefit language.

Records of Covered Person Eligibility and Changes in Covered Person Eligibility

Clerical errors or reasonable delays in recording or reporting dates will not invalidate coverage which would otherwise be in force or continue coverage which would otherwise terminate.

Termination of Covered Person’s Coverage Under the Benefit Program

1. A Dependent child will cease to be covered under this Benefit Program on the first of the month following the month in which he or she:
 - a. marries; or
 - b. is no longer dependent on the covered employee for support; or

It is the sole responsibility of the covered employee to notify Anthem BCBS of any change in the Dependent's status.

2. A Covered Person will cease to be covered under the Benefit Program, on the first day of the month in which he or she attains age 65 and is eligible for Medicare, except as required by law. If a Covered Person is covered by law, he or she will automatically terminate from the Benefit Program on the first day of the month in which such eligibility ceases. The Covered Person who certifies before this termination date that he or she is not enrolled in Part B of Medicare will be reinstated under the Medical/Surgical Section without interruption of membership. Applications are available upon request, but Anthem BCBS is not responsible for notifying the Covered Person of the necessity for applying.
3. A Dependent spouse will cease to be covered under the Benefit Program upon the first day of the month following a divorce or annulment, except as provided in the Conversion Section.
4. Following the effective date of the Benefit Program, Anthem BCBS may rescind, cancel or limit the Benefit Program; if the Covered Person has submitted false information to Anthem BCBS, or omitted information, during the application and enrollment process concerning eligibility, insurability or health status and such information was material to the underwriting of the application at the time submitted and acceptance by Anthem BCBS of that application for coverage.

Anthem BCBS may also initiate and conduct a review on a post claim basis to obtain information when the information sought is:

- in relation to a medical condition not disclosed on the application, or;
- when the information on the claim or the facts and circumstances of the medical treatment for which a claim is submitted clearly indicate the response or responses to the questions on the application, or the information provided on the application, might be suspect in any way.

The Benefit Program may not be rescinded, cancelled or limited more than 2 years after the effective date of the Benefit Program. The date of rescission shall be the Effective Date of the Benefit Program.

5. The termination, expiration, non-renewal or cancellation of this Benefit Program by the Employer or Anthem BCBS will automatically result in the termination of each Covered Person's or Dependent's right to coverage and benefits under this Benefit Program.

Termination of the Employer Group

1. The Benefit Program may be terminated in accordance with valid law as follows:
 - At the option of the Employer Group; without cause upon delivery of 15 days prior written notice to the other party; to go into effect on the first of the month following the end of the 15 day notice period;
 - By Anthem BCBS; in the event the Employer Group receives 30 days prior written notice from Anthem BCBS that the Employer Group's failure to: satisfy any other condition in the Benefit Program; or any underwriting requirement adopted by Anthem BCBS. Such termination will go into effect on the first day of the month following such 30 day notice period.
 - Anthem BCBS may not renew the entire contract in the event the Contractholder fails to meet the participation; or contributory requirements stated in the Administrative Services Only Agreement.
2. During the first two years following the effective date of the Benefit Program, Anthem BCBS may rescind, cancel or limit the Benefit Program if Anthem BCBS, determines after completing underwriting, there was false, misleading or fraudulent information submitted by or omitted, during the initial application and enrollment process, and such information was material to the acceptance of the application at the time submitted to Anthem BCBS. Such information may include, but is not limited to, information regarding eligibility of the Employer Group or any Covered Persons to receive coverage under the Benefit Program. The date of rescission shall be the Effective Date of the Benefit Program.
3. The termination, expiration, non-renewals or cancellation of the Administrative Services Only Agreement by the Contractholder or Anthem BCBS will automatically result in the termination of each Covered Person's or Dependent's right to coverage and benefits under this Administrative Services Only Agreement.

Notice of Claim

1. Anthem BCBS will not be obligated to process on behalf of Employer any claim for benefits for Covered Services under the Benefit Program unless proper notice is furnished to Anthem BCBS that Covered Services have been rendered to a Covered Person. Written notice must be given within 60 days after completion of the Covered Services. The notice must include the data necessary for Anthem BCBS to determine benefits. An expense will be considered incurred on the date the service or supply was received.
2. Failure to give notice to Anthem BCBS within the time specified will not reduce any benefit if it is shown that the notice was given as soon as reasonably possible, but in no event will Anthem BCBS be required to accept notice more than two years after Covered Services are received.

Information Practices Notice

The purpose of this Information Practices notice is to provide a notice to Covered Persons regarding Anthem BCBS's standards for the collection, use, and disclosure of information gathered in connection with Anthem BCBS's business activities.

- Anthem BCBS may collect personal information about a Covered Person from persons or entities other than the Covered Person.
- Anthem BCBS may disclose Covered Person information to persons or entities outside of Anthem BCBS without Covered Person authorization in certain circumstances.
- A Covered Person has a right of access and correction with respect to all personal information collected by Anthem BCBS.
- A more detailed notice will be furnished to you upon request.

Limitation of Actions

No legal action may be taken to recover benefits within 60 days after Notice of Claim has been given as specified above. No legal proceeding may be brought under the Benefit Program after a two-year period from the date services are received.

Payment of Benefits

1. Anthem BCBS is authorized to make payments on behalf of the Employer directly to Physicians, Providers or Hospitals furnishing Covered Services for which benefits are provided under the Benefit Program. However, except as otherwise provided for in any Physician, Provider or Hospital agreement, Anthem BCBS reserves the right to make payments on behalf of the Employer directly to the Covered Person or the Covered Person's Dependents at Anthem BCBS's discretion. In the absence of a participating agreement, and one parent or custodian who has custody of a minor child Dependent, Anthem BCBS will make payments on behalf of Employer to that custodial parent or custodian.
2. Once Covered Services are rendered by a Physician, Provider or Hospital, Anthem BCBS will reject the Covered Person's request not to pay the claims submitted by the Physician, Provider or Hospital. Anthem BCBS will have no liability to any person because of its rejection of the request.
3. The Covered Person must advise the Physician, Provider or Hospital that he or she is covered under the Benefit Program when arrangements for services are made or as soon as reasonably possible thereafter.
4. Anthem BCBS will not routinely issue a benefit payment on behalf of the Employer under the Benefit Program of less than \$1.00 except upon a written request from the Covered Person.
5. Claims for benefits for Covered Services provided to a Covered Person will be processed within thirty (30) days of the date the claim is received by Anthem BCBS. If a claim decision cannot be made within the 30-day period, an extension of up to fifteen (15) days may be requested. Before the end of the initial thirty (30)-day period, Anthem BCBS will send the Covered Person written notice of the reason(s) for the delay.

If the time to process a health claim is extended because the Covered Person has not submitted requested information, the time period requirements for claim processing will be tolled from the date the notice of requested information is sent to the Covered Person until the date Anthem BCBS receives the Covered Person's response. Anthem BCBS will make a claim decision within fifteen (15) days after receipt of the requested information. Covered Persons should submit the requested information within forty-five (45) days of receipt of the request.

6. When Anthem BCBS has made payments for Covered Services either in error or in excess of the maximum amount of payment necessary to satisfy the provisions of this Benefit Program, Anthem BCBS has the right to recover these payments from one or more of the following as may be appropriate. attempt to recover from any Covered Person or Provider, overpayments not made to or held by such Covered Person or Provider. Overpayments may be recovered from::

- Any person to or for whom such payments were made;
- Any insurance companies, or
- Any other organizations.

Anthem BCBS's right to recover may include subtracting from future benefits payments the amount Anthem BCBS has paid in error or in excess. The Covered Person personally and on behalf of his or her Dependents will, upon request, execute and deliver such documents as may be required and do whatever is necessary to secure Anthem BCBS's right to recover any erroneous or excess payments.

Under BlueCard, recoveries made from a Blue Cross and/or Blue Shield plan in the BlueCard program or from participating providers of a Blue Cross and/or Blue Shield plan in the BlueCard program can arise in several ways, including, but not limited to, anti-fraud and abuse audits, Provider/Hospital audits, credit balance audits, utilization review refunds, and unsolicited refunds. In some cases, the Blue Cross and/or Blue Shield plan will engage third parties to assist in discovery or collection of recovery amounts. The fees of such a third party are netted against the recovery. Recovery amounts, net of fees, if any, will be applied in accordance with applicable BlueCard policies, which generally require correction on a claim-by-claim or prospective basis.

Claim Denials

If benefits are denied, in whole or in part, Anthem BCBS will send the Covered Person a written notice within the established time periods described in the section Payment of Benefits. The Covered Person or the Covered Person's duly authorized representative may appeal the denial as described in the Covered Person Appeal Process. The adverse determination notice will include the reason(s) for the denial, reference to the Plan provision(s) on which the denial is based, whether additional information is needed to process the claim and why the information is needed, the claim appeal procedures and time limits, and if applicable, the Covered Person's right to bring civil action under ERISA 502(a).

If the denial involves a utilization review determination, the notice will also specify:

- a. whether an internal rule, guideline, protocol or other criterion was relied upon in making the claim decision and that this information is available to the Covered Person upon request and at no charge;
- b. that an explanation of the scientific or clinical judgement for a decision based on Medical Necessity, Experimental or Investigational treatment or similar limitation is available to the Covered Person upon request and at no charge.

2. The choice of a Physician, Provider or Hospital is solely the Covered Person's.
3. Anthem BCBS does not furnish Covered Services but only provides benefits on behalf of the Employer for Covered Services received by Covered Persons. Anthem BCBS is not liable for any act or omission of any Physician, Provider or Hospital. MEMBER APPEAL PROCESS ENDORSEMENT

This Endorsement will replace your existing Member Appeal Process section found in your Certificate of Coverage. This Endorsement shall take effect on July 1, 2011 in accordance with the Patient Protection and Affordable Care Act, PA 11-58 and is in compliance with all applicable statutory and regulatory provisions for the state of Connecticut.

We reserve the right to modify the policies, procedures and timeframes in this section upon further clarification from the Department of Health and Human Services and Department of Labor.

Rights Available to Members

If you do not agree with our adverse determination, (also known as our adverse decision) you have the right to request a grievance (also known as an appeal). Unless your description of benefits states otherwise, you must request a grievance review within 180 calendar days from the date you were notified of our adverse determination. You, your provider, or any other person you choose, may request a grievance on your behalf. They may also help you during the grievance process. If you ask someone to represent or help you, please give them a signed authorization to include with the grievance.

Whether or not you use the grievance rights available to you, you may contact the Consumer Affairs Unit of the Connecticut Insurance Department or the Connecticut Office of the Health Care Advocate at any time. You may contact the Consumer Affairs Unit of the Connecticut Insurance Department at the following address: PO Box 816, Hartford, CT 06142-0816. You may also reach them by telephone locally at 860-297-3900; toll free at 800-203-3447 or by e-mail at cid.ca@ct.gov. You may contact the Connecticut Office of the Health Care Advocate at the following address: P.O. Box 1543, Hartford, CT 06144. You may also reach them by telephone at 866-466-4446 or by e-mail at healthcare.advocate@ct.gov.

How do I request a standard grievance?

To request a grievance review for services you have not yet received (pre-service), a grievance for services you are now receiving (concurrent), a grievance for services you have already received (retrospective) or a grievance regarding a rescission or eligibility of coverage, send a written request to the following address: Grievances and Appeals, 370 Bassett Road, P.O. Box 1038, North Haven, CT 06473-4201. Unless your description of benefits states otherwise, first level grievances of adverse medical necessity determinations involving prospective review or concurrent review requests are resolved and a written response is sent within a reasonable period of time appropriate to the medical circumstances, but not later than 15 calendar days from the date of the request. If the first level grievance involves a retrospective review request, a written response is sent within 30 calendar days. A written response to adverse determinations not based on medical necessity will be sent within 10 business days of the health plan's receipt of your grievance.

How do I request an expedited grievance?

If you have not yet received services (pre-service), or if you are now receiving services (concurrent), a grievance may be handled in an expedited manner if you, or your provider, believe that the condition could seriously jeopardize your life, health, or ability to regain maximum function or would subject you to severe pain that cannot be adequately managed without care or treatment by waiting for the grievance to be resolved using standard grievance time frames. To request an expedited grievance, you, your provider or your authorized representative can

contact customer service at the telephone number on your health plan identification card or send a written request to the following address: Grievances and Appeals, 370 Bassett Road, P.O. Box 1038, North Haven, CT 06473-4201. We will respond to expedited grievance requests within 72 hours by telephone, fax, electronic means or any other expeditious method available.

If you are a member of a self-funded non-grandfathered health plan, as defined by the Patient Protection and Affordable Care Act (PPACA), you may request an expedited external review instead of, or at the same time as, exercising the expedited internal grievance process under your health plan. To request an expedited external review, you, your provider or your representative can contact customer service at the telephone number on your health plan identification card. If you prefer, you may send your written request, and any additional supporting documentation, to the following address: Grievances and Appeals, Expedited External Grievances 370 Bassett Road, P.O. Box 1038, North Haven, CT 06473-4201.

What should my grievance include?

You may include, if available, the following information with your grievance: the member's name and identification number; the name of the provider or facility who will or has provided care; date(s) of service; the claim or reference number for the specific decision with which you do not agree; and the specific reason(s) why you do not agree with the decision. You have the right, and we encourage you, to submit written comments, documents or other relevant information with your grievance.

How will my grievance be handled?

The appropriate administrative and/or clinical specialists will review your grievance. Relevant information submitted by you or on your behalf will be reviewed whether it was or was not considered at the time the initial decision was made. We may contact providers who may have additional information to support your grievance. The reviewers will not have been involved in the initial decision. They also will not be a subordinate of the person who made the initial adverse determination (also known as our adverse decision).

If I disagree with the decision on my grievance, what other rights do I have?

Members who are enrolled in group health plans may request a voluntary second level grievance review. If you fall into this category you are not required to complete this voluntary second level grievance review prior to exercising your right to an external review. If you do not elect a voluntary second level grievance, the first level grievance response will conclude the final level of the internal appeal process. You have 60 calendar days from your receipt of the written first level grievance decision to request a voluntary second level grievance review. To request a voluntary grievance review, please send a written request, and any additional supporting documentation, to the following address: Grievances and Appeals, Second Level Grievance Panel, 370 Bassett Road, P.O. Box 1038, North Haven, CT 06473-4201. In your written request, please indicate that you are requesting a voluntary grievance review. At this time, an in-person presentation, telephonic conference, videoconference or conference via other form of acceptable technology may be requested. We will respond in writing with a final determination to all voluntary second level grievance requests no later than 15 calendar days if the grievance involves a prospective or concurrent appeal request or 30 calendar days if the grievance involves a retrospective review request. A response will be sent within 10 business days if the second level grievance involves an adverse determination which is not based on medical necessity. The written determination will state the decision; the specific reason(s) for the decision with reference to the specific health benefit plan provisions on which the decision is based, if applicable, and general information about other voluntary alternative dispute resolution options.

After completion of all levels of grievance review, you, or your authorized representative, will receive information (including the application) regarding the external review process administered through the Connecticut Insurance Department. Additionally, if there is not strict adherence to the requirements for

receiving and resolving grievances involving an adverse prospective, concurrent or retrospective medical necessity determination, you shall be deemed to have exhausted the internal grievance process and may file a request for an external review through the Connecticut Insurance Department. External review requests must be submitted to the State of Connecticut Insurance Department within 120 days from the date of our final adverse determination to request the review. You will also be provided with information regarding this right at the conclusion of the internal grievance process. Please note, the Connecticut Insurance Department external review process is not available to members who are covered under self-funded private sector plans, self-funded municipal plans or self-funded board of education plans. It is also not available for adverse determinations of Workers' Compensation, Medicaid, Medicare or Medicare Risk program claims.

You will be provided with other dispute resolution options as applicable. If you are a member of a self-funded non-grandfathered health plan, as defined by PPACA, you may have the right to request an independent external review of our decision. Please refer to your description of benefits or contact customer service at the telephone number on your health plan identification card for detailed information regarding the entire grievance process.

You are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, including criteria, benefit provisions or guidelines, records, and other information relevant to the request.

Requirement to file an Appeal before filing a lawsuit

No lawsuit or legal action of any kind related to a benefit decision may be filed by you in a court of law or in any other forum, unless it is commenced within three years of the Plan's final decision on the claim or other request for benefits. If the Plan decides an appeal is untimely, the Plan's latest decision on the merits of the underlying claim or benefit request is the final decision date. You must exhaust the Plan's internal Appeals Procedure but not including an voluntary level of appeal, before filing a lawsuit or taking other legal action of any kind against the Plan.

Continuation Options

Continuation options will be provided under each of the following circumstances for the period indicated or until the Covered Person becomes eligible for other group insurance, except as otherwise stated in this Section.

Continuation of Coverage Due To Military Service

In the event you are no longer Actively At Work due to military service in the Armed Forces of the United States, you may elect to continue health coverage for yourself and your Dependents (if any) under this Certificate in accordance with the Uniformed Services Employment and Reemployment Rights Act of 1994, as amended.

”Military service” means performance of duty on a voluntary or involuntary basis, and includes active duty, active duty for training, initial active duty for training, inactive duty training, and full-time National Guard duty.

You may elect to continue to cover yourself and your eligible Dependents (if any) under this Certificate and upon payment of any required contribution for health coverage. This may include the amount the employer normally pays on your behalf. If your military service is for a period of time less than 31 days, you may not be required to pay more than the active employee contribution, if any, for continuation of health coverage. If continuation is elected under this provision, the maximum period of health coverage under this Certificate shall be the lesser of:

- The 24 months beginning on the first date of your absence from work; or
- The day after the date on which you fail to apply for or return to a position of employment.

Regardless whether you continue your health coverage, if you return to your position of employment your health coverage and that of your eligible Dependents (if any) will be reinstated under this Certificate.
