**MICHAEL P. WALSH,  
MAYOR**

Finance Department

December 28, 2022

Honorable Mayor Michael P. Walsh,  
Members of the Town Council  
Town of East Hartford  
East Hartford, Connecticut

I am pleased to submit the Annual Comprehensive Financial Report of the Town of East Hartford, Connecticut (the Town) for the fiscal year ended June 30, 2022. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. To the best of our knowledge and belief, the enclosed data are accurate in all material respects, and are reported in a manner to present fairly the financial position and results of operations of the Town of East Hartford. All disclosures necessary to enable the reader to gain an understanding of the government's financial activities have been included.

The Town is required to undergo an annual single audit in conformity with the provisions of the Federal Single Audit Act and Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Guidance, Cost Principles, and Audit Requirements for Federal Awards. Information related to this single audit is issued as a separate report.

The State of Connecticut has enacted legislation referred to as the State Single Audit Act. The Act requires financial and compliance audits of State Assistance received by municipalities. Information related to this single audit is issued as a separate report.

This report includes all funds of the Town of East Hartford. The Town provides a full range of services including public safety, street maintenance and sanitation, health and human services, public parks and recreation, library, education, culture, public improvements, planning, zoning, and general administrative services.

Management's Discussion and Analysis (MD&A) immediately follows the independent auditors' report. The MD&A provides a narrative introduction, overview, and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

## **Profile of the Town**

The Town of East Hartford was incorporated in 1783. Covering an area of 18.7 square miles, the Town borders on the City of Hartford on the west, the Towns of Glastonbury and Wethersfield on the south, the Town of Manchester on the east, and the Town of South Windsor on the north. The Town has a Strong Mayor/Council form of government. The Town Council is the governing body, and the Mayor is the Chief Executive Officer. Nine councilors are elected at large in odd-numbered years for two-year terms. The nine members of the Board of Education are elected to overlapping four-year terms as provided by the Town Charter. The Board of Education appoints the Superintendent of Schools.

## **The Local Economy and the Employment Market**

The Town of East Hartford is the home of over 75 diversified manufacturing plants and 1,800 businesses lending to the relative stability of the local economy. The Town continues to work to diversify its employment base by adding businesses and jobs, and it is taking proactive measures to revitalize major commercial corridors.

The Town serves as the corporate and general headquarters for the Pratt & Whitney Division of Raytheon Technologies, which employs 30,000 people worldwide and 7,000 people in East Hartford. As part of a \$400 million economic development incentive package awarded by the State of Connecticut to Pratt and Whitney and subsidiaries in 2015, a new headquarters building was completed in early 2018, recommitting Pratt and Whitney to East Hartford for at least another 15 years.

Raytheon Technologies Research Center, located adjacent to Pratt & Whitney, underwent a \$60 million renovation and expansion in 2018. Subsequently, Raytheon invested an additional \$115 million in research facilities in East Hartford, including an Additive Manufacturing Center of Excellence and an Engine Compressor Research Facility. The Connecticut Center for Advanced Technology operates a precision manufacturing center on the Raytheon campus, providing workforce training and producing specialized components for the aerospace and auto industries. The presence of these resources makes East Hartford an ideal location for aircraft supply chain manufacturers such as ATI Metals and Ace Technical Plastics. Another aerospace manufacturer, Horst Engineering, unveiled a comprehensively renovated facility to serve as their base of operations in the Prestige Park industrial area in 2021. Horst consolidated all of their employment to East Hartford and invested over \$10 million in the facility.

Pratt and Whitney has entered into a sales agreement for the 280-acre former Rentschler Field airfield to Massachusetts-based National Development for commercial development. Closing is expected in December of 2022. The property will serve as a logistics center with 2.5 million square feet of warehousing and distribution space, creating 2,000 new jobs, \$4 million of permit revenue, and a one-time \$4 million impact payment. The site is especially attractive due to East Hartford's easy access to major highways including I-84, I-91, and Route 2. Rentschler Field is already a destination as the home of a Cabela's store and the University of Connecticut's football stadium.

The Town has been taking decisive action to improve the Silver Lane corridor following the creation of a comprehensive revitalization plan for the area in 2018. The Town purchased the site of the vacant Showcase Cinemas theater and demolished the building to prepare it for development in 2020. Following a Request for Proposals process, the Town selected New Britain-based Jasko Development as the partner to redevelop the site. Jasko has been approved for up to 360 apartment units with modern amenities including a pool and clubhouse. Construction is expected to commence in 2023 with a phased completion of 18 to 24 months.

The Town's next steps for the neighborhood include acquiring the antiquated Silver Lane Plaza through the eminent domain process and clearing the site to prepare for development with an end goal of economic revitalization.

SiFi Networks entered into an agreement with the Town to install infrastructure that will make fiber optic internet with speeds up to 10gbps available throughout the town. Construction on the East Hartford FiberCity project commenced in spring of 2022. This state-of-the-art fiber optic network will ensure East Hartford is prepared to meet the connectivity needs of cutting-edge businesses well into the future. The infrastructure will be available to multiple service providers, creating competitive service and pricing. The buildout is on schedule to be completed in 2024.

The East Hartford downtown is a strategic area of focus for the town to strengthen one of its main gateways. The Town has entered into a purchase and sales agreement to acquire Church Corners Inn, which is currently a mixed-use rooming house and commercial building. The property interior will be cleared followed by an RFP for development of predominantly market value housing. Centrally located on Main Street in downtown East Hartford, Church Corners' rehabilitation to one bedroom or studio apartments provides an opportunity to modernize housing options and revitalize the gateway to downtown, improving the presence of the area and market value of the property. Adequate access to public transportation, major interstates, recreation, library services, shopping, dining, and parking makes Church Corners Inn attractive to residents to enjoy the amenities of East Hartford in one central place.

Goodwin University, a private, nonprofit, four-year university, is expanding and modernizing their campus, located along the Connecticut River and Route 2. In 2020, they debuted a 23,000 square foot Campus Commons Building, serving as the gateway to their campus from Main Street. It houses the flagship branch of East Hartford-headquartered American Eagle Financial Credit Union as well as Rebel Dog Coffee Co. Goodwin also plans to construct a marina along the Connecticut River, featuring over 30 boat slips. Goodwin was a recipient of a \$2 million grant from the State of Connecticut Community Investment Fund for the marina project. Goodwin is developing plans for new apartment housing. This will create a riverfront destination for Goodwin students, East Hartford residents, and visitors to the area. Zoning regulations for a campus district have been adopted to facilitate this development.

Goodwin University is also home to two magnet schools, an elementary school, and a high school, all specializing in STEM curriculum. Goodwin recently constructed a \$10.5 million Manufacturing Annex to complement its Business and Manufacturing Center. They will use these facilities to train and educate students with the advanced skills that Connecticut manufacturers require for today's high-tech jobs.

The Town partners with the Capital Region Development Authority for state funding and advisory services on many redevelopment efforts. CRDA is administering state funding for Silver Lane corridor redevelopment (\$12.5 million, including \$500,000 recently added by the State Bond Commission for predevelopment work), a study for a new parking garage at the Founder's Plaza business park (\$500,000), and infrastructure improvements at Goodwin University (\$4 million).

The Town is investing \$4 million in East Hartford businesses with American Rescue Plan Act funding. The East Hartford Small Business Assistance Program was established and designed to help eligible East Hartford enterprises respond to and recover from the economic effects of the COVID-19 pandemic. The program provides financial grants for a variety of projects, including the hiring of new employees, physical plant/infrastructure expansions, new equipment purchases and façade renovations. The grants are intended to have a multiplier effect on the local economy through increased employment, strengthening and/or expansion of the commercial tax base and the supporting the economic vitality of businesses seeking to remain in, start in or relocate to East Hartford. Priority is given to Minority/Women-Owned Business Enterprises (MBE/WBE) and veteran-owned businesses.

The Town is also advancing homeownership opportunities with a strategy to increase home values, thereby strengthening the grand list and long-term vitality of East Hartford. The Town has signed a letter of intent to sell 4.5 acres of Town property on Burnside Avenue to the Greater Hartford Habitat for Humanity to construct ten new homes for first-time homebuyers. The Town took ownership in the mid-1990's and cleared the site which will now be comprised of the newly constructed carbon neutral homes complete with solar panels. The Town anticipates on closing with Habitat in the first quarter of 2023 after the Planning and Zoning Commission approvals.

In an effort to modernize the housing stock, the Town is pursuing a new homeownership development. The former McCartin School, located at 70 Canterbury Street, is in the first stages of pre-demolition. The former school, which was constructed in 1959, was being used by the Town for many years as a Senior Center. With the opening of the new Senior Center in 2021, the school is now largely empty and in poor condition. The building will be demolished leaving a seven-acre property which will be subdivided into 16 single family home lots. The Town will issue a Request for Proposals for a housing developer in 2023.

The former hotel located at 363 Roberts has been acquired by a new owner and has obtained approvals from the Town Planning and Zoning Commission to reopen as a combination long-term and regular stay hotel with a coffee shop located on the first floor. We anticipate building permits being issued in January 2023.

A continued area of focus for the Town, consistent with our Plan of Conservation and Development, is the redevelopment of East Hartford's riverfront, including Founder's Plaza. Taking advantage of this area's proximity to Downtown Hartford and the Connecticut River is a strategic development creating a destination and hub of economic vibrancy. This development could feature commercial uses, tourism attractions, mixed-use development, and modern residential housing units to increase density in the area and provide transformative areas to live, work and play for the modern market.

Retail also has a strong presence in town. The Putnam Bridge Plaza, anchored by ShopRite, sits on East Hartford's border with Glastonbury and draws shoppers from both towns. Nearby, the Porter Brook Plaza has been completely renovated and added new tenants. The School Street Square plaza in the northern part of town was sold to new owners, who have invested \$500,000 in infrastructure, lighting, paving and façade improvements. The School Street Square Plaza owners have a continued plan to open a new grocery further developing the plaza. The Connecticut Boulevard area serves as a hub of new automobile sales for the Hartford region, featuring recently renovated Kia and Volvo dealers among the many options.

The Town's Commercial Facade Improvement Program is currently working to upgrade the appearance of the town's major retail districts. A project to greatly improve the appearance of a key downtown commercial building recently concluded, and new projects are in the works for properties on Main Street and Burnside Avenue.

East Hartford strives to be a business-friendly community and to make starting and growing a business in town as straightforward as possible. Land-Use Group meetings are available free of charge to business entrepreneurs to discuss their plans and understand applicable regulations as they begin their planning. Zoning applications are now accepted digitally, and parking requirements are being simplified. Zoning regulations are undergoing a comprehensive revision to advance the Plan of Conservation and Development and to eliminate unnecessary burdens for businesses.

### **Long-Term Financial Planning**

The Town follows a prudent path when issuing debt by retiring most debt over a ten-year life. When budgeting for pension purposes, the Town always contributes the ADC (Actuarially Determined Contribution) in order to maintain a stable pension fund.

### **Relevant Financial Policies**

The Town of East Hartford currently maintains a fund balance of \$23.4 million of which \$22.6 million is unassigned in its General Fund. As a percentage of the current adopted budget for FY23, East Hartford maintains 11.5% in total reserves and 11.1% in unassigned reserves.

The Town receives approximately one-third of budgeted revenues from the State of Connecticut. The vast majority of the State revenues that come to the Town are in the form of Educational Cost Sharing Grants (ECS), which provide a direct subsidy to the local education system.

### **Financial Information**

The Finance Department includes Accounting, Tax Collection, Tax Assessment, Purchasing, Information Technology and Risk Management. In developing and evaluating the Town's accounting system, consideration is given to the adequacy of internal accounting controls. Internal accounting controls are designed to provide reasonable, but not absolute, assurance regarding (1) the safeguarding of assets against loss from unauthorized use or disposition, and (2) the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits to be derived, and (2) the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. We believe that the Town's internal accounting controls adequately safeguard assets and provide reasonable assurance to record transactions.

### **Budgetary Controls**

The accounts of the Town are organized in funds and accounted for on the Town's financial management system. Each fund operates with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Budgetary control of disbursements and encumbrances against appropriations is maintained by department, division, or major activity. The Town also maintains an encumbrance accounting system as one technique towards accomplishing budgetary control.

The Town Charter prescribes the following as the budgetary sequence and time schedule:

- The Town's departments and commissions receive their budget preparation forms in December.
- In early January, the departments and commissions submit budgets to the Finance Department for compilation. The Finance Department also submits an assembled budget to the Mayor.
- During the month of January, the Mayor and Finance Director review the budget requests with the departments and commissions. The current year revenues and expenditures are also reviewed, and the Board of Education requested budget is forwarded to the Mayor.
- By February 23rd, the Mayor must submit to the Town Council revenue and expenditure estimates for the ensuing fiscal year as the Mayor's Recommended Budget. In the later part of February and the beginning of March, the Town Council holds meetings with the Mayor, Finance Director and all departments and commissions to review recommended budgets.

- During the first week of March, the Town Council holds meetings with the Board of Education to review their budgets. By March 11th, the Town Council must conduct one or more public hearings to review the recommended budget. Within 10 days of the final public hearing, the Town Council must adopt an Approved Budget for the fiscal year which begins July 1 and sets the tax rate for fiscal year which begins July 1.
- In accordance with the recommendations of the Charter Revision Commission, a Budget Referendum may now be called by the Town Council upon receipt of a petition signed by not less than fifteen (15) percent of qualified electors within fifteen days of the final approval of the Town budget by the Town Council. If the majority of the votes at the referendum are in the affirmative and the total number of votes cast is equal to at least twenty (20) percent of qualified electors, the Town Council shall adopt a new budget in accordance with the results of the referendum. No further referendum shall be permitted after adoption of the new budget by the Council. If the referendum fails, the adopted budget becomes the budget for the next fiscal year.

### **Independent Audit**

State Statute and the Town Charter require an annual audit by an independent certified public accountant. The Statute further prescribes that each municipality's annual report shall be prepared in accordance with accounting principles generally accepted in the United States of America (GAAP). This report has been prepared in accordance with these standards. The auditors' opinion has been included in this report.

### **Awards and Acknowledgements**

The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Town of East Hartford for its annual comprehensive financial report for the last forty-two (42) fiscal years ended June 30, 1980-2021.

In order to receive the Certificate of Achievement, the Town published an easily readable and efficiently organized comprehensive annual financial report. This report satisfies both accounting principles generally accepted in the United States of America and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

### **Acknowledgments**

The presentation of this report could not have been accomplished without the efficient and dedicated services of the Department of Finance staff. I would like to express my appreciation to all those who may have assisted and contributed to this report. Special recognition is conveyed to the Finance Department staff, especially Linda Trzetzak, former Finance Director, Assistant Finance Directors Kim Cummings for the Town, and Anthony Ruffo for the Board of Education. I also appreciate the continuing support of the Mayor, the Town Council, and the people of East Hartford who are committed to fiscal integrity and financial leadership.

Respectfully submitted,

Melissa McCaw, Director of Finance

## INDEPENDENT AUDITORS' REPORT

Honorable Mayor and Members of the Town Council  
Town of East Hartford

### Report on the Audit of the Financial Statements

#### ***Opinions***

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of East Hartford, Connecticut, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the Town of East Hartford, Connecticut's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of East Hartford, Connecticut, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Basis for Opinions***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Town of East Hartford, Connecticut and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town of East Hartford, Connecticut's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

***Auditors' Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Town of East Hartford, Connecticut's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town of East Hartford, Connecticut's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information and the pension and OPEB schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of East Hartford, Connecticut's basic financial statements. The accompanying supplementary information such as the combining and individual nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the accompanying supplementary information such as the combining and individual nonmajor fund financial statements is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated December 23, 2022, on our consideration of the Town of East Hartford, Connecticut's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Town of East Hartford, Connecticut's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Town of East Hartford, Connecticut's internal control over financial reporting and compliance.

West Hartford, Connecticut  
December 23, 2022

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

This discussion and analysis of the Town of East Hartford, Connecticut's (the Town) financial performance is provided by management to provide an overview of the Town's financial activities for the fiscal year ended June 30, 2022. Please read this MD&A in conjunction with the transmittal letter and the Town's financial statements, Exhibits I to IX.

**Financial Highlights**

- Net position of our governmental activities decreased by \$15.0 million, or 6%.
- During the year, the Town had governmental program expenses of \$296.2 million, which were \$15.0 million more than the \$281.2 million generated in taxes, grants and other revenues.
- The total cost of all of the Town's programs was \$296.2 million.
- Assets were \$243.2 million with \$87.2 million in current assets and \$156.0 million in net capital assets.
- Deferred outflows were \$69.9 million.
- Liabilities were \$513.1 million with \$477.0 million in long-term debt outstanding.
- Deferred inflows were \$62.6 million.
- The General Fund reported a total fund balance as of June 30, 2022 of \$23.4 million. The General Fund unassigned component of fund balance was \$22.6 million.
- Total governmental funds (as presented in the balance sheet - Exhibit III) reported a combined fund balance of \$25.1 million, which is a \$15.8 million increase from last year's total of \$9.3 million.
- Actual General Fund revenues were \$203.2 million compared to the final budget of \$204.3 million, resulting in lower revenues of \$1.0 million due to additional contributions from fund balance for OPEB per town ordinance, workers compensation and general liability insurances.
- Actual General Fund expenditures were \$203.7 million compared to the final budget of \$204.3 million, resulting in lower expenditures of \$0.6 million.

**Overview of the Financial Statements**

This annual report consists of a series of financial statements. The statement of net position and the statement of activities (Exhibits I and II, respectively) provide information about the activities of the Town as a whole and present a longer-term view of the Town's finances. Fund financial statements are presented in Exhibits III to IX. For governmental activities, these statements tell how these services were financed in the short term as well as what remains for future spending. Fund financial statements also report the Town's operations in more detail than the government-wide statements by providing information about the Town's most significant funds. The remaining statements provide financial information about activities for which the Town acts solely as a trustee or agent for the benefit of those outside of the government.

**Government-Wide Financial Statements**

The analysis of the Town as a whole begins on Exhibits I and II. The statement of net position and the statement of activities report information about the Town as a whole and about its activities for the current period. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

These two statements report the Town's net position and changes in them. The Town's net position, the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources is one way to measure the Town's financial health, or financial position. Over time, increases or decreases in the Town's net position are one indicator of whether its financial health is improving or deteriorating. The reader needs to consider other nonfinancial factors, however, such as

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

changes in the Town's property tax base and the condition of the Town's capital assets, to assess the overall health of the Town.

In the statement of net position and the statement of activities, the Town reports the following activities:

- *Governmental Activities* - The Town's basic services are reported here, including education, public safety, public works, inspection and permits, parks and recreation, health and social services, and general administration. Property taxes, charges for services, and state and federal grants finance most of these activities.

**Fund Financial Statements**

The fund financial statements begin with Exhibit III and provide detailed information about the most significant funds - not the Town as a whole. Some funds are required to be established by Charter. However, the Town Council establishes many other funds to help control and manage financial activities for particular purposes (like the Police Private Duty Fund and the Landfill Closure Fund) or to show that it is meeting legal responsibilities for using grants and other money (like grants received from the Community Development Fund and the State and Federal Educational Grants Fund). The Town's funds are divided into three categories: governmental, proprietary and fiduciary.

- **Governmental Funds (Exhibits III and IV)** - Most of the Town's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the Town's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the Town's programs. The relationship (or differences) between governmental activities (reported in the statement of net position and the statement of activities) and governmental funds is described in a reconciliation included with the fund financial statements.
- **Proprietary Funds (Exhibits V, VI and VII)** - When the Town charges customers for the services it provides, whether to outside customers or to other units of the Town, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the statement of net position and the statement of activities. Internal service funds (the component of proprietary funds) are used to report activities that provide supplies and services for the Town's other programs and activities - such as the Town's Risk Management Internal Service Fund.
- **Fiduciary Funds (Exhibits VIII and IX)** - The Town is the trustee, or fiduciary, for its employees' pension plans. It is also responsible for other assets that, because of a trust arrangement, can be used only for the trust beneficiaries. All of the Town's fiduciary activities are reported in separate statements of fiduciary net position and changes in fiduciary net position. These activities are excluded from the Town's other financial statements because the Town cannot use these assets to finance its operations. The Town is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

**Government-Wide Financial Analysis**

The Town's combined net position decreased from \$(247.6) million to \$(262.6) million. The analysis below focuses on the net position (Table 1) and changes in net position (Table 2) of the Town's governmental activities.

**Table 1  
NET POSITION  
(In Thousands)**

	Governmental Activities	
	2022	2021
<b>Assets:</b>		
Current and Other Assets	\$ 87,239	\$ 62,808
Capital Assets, Net of Accumulated Depreciation	156,023	156,011
Total Assets	243,262	218,819
<b>Deferred Outflows of Resources</b>	69,854	40,393
<b>Liabilities:</b>		
Long-Term Debt Outstanding	477,036	431,734
Other Liabilities	36,090	26,580
Total Liabilities	513,126	458,314
<b>Deferred Inflows of Resources</b>	62,584	48,480
<b>Net Position:</b>		
Net Investment in Capital Assets	95,826	109,674
Restricted	2,865	2,906
Unrestricted	(361,285)	(360,162)
Total Net Position	<u>\$ (262,594)</u>	<u>\$ (247,582)</u>

Assets increased by \$24.4 million primarily in General Fund cash. This change is due to an increase in grant funds from the American Rescue Plan Act (ARPA) of \$17.8 million, an increase in State and Federal Education Grants of \$13.7 million, a decrease in General Fund cash of (\$13.9) million due to a delayed reimbursement from the Board of Education for expenses incurred through June 30, 2022 and an increase in cash available in the capital lease fund of \$1.7 million, health benefits fund of \$2.8 million and school cafeteria fund of \$1.5 million.

Deferred outflows increased by \$29.5 million, which included an increase in deferred outflows related to pension of \$36.3 million and a decrease in deferred outflows related to OPEB of (\$6.8) million.

Liabilities increased by \$54.8 million, which is comprised of a \$45.3 million increase in long-term debt outstanding and an increase of \$9.5 million in other liabilities. The increase in long-term debt outstanding is due to an increase in net pension liability of \$67.7 million, an offsetting decrease of \$36.3 million in net OPEB liability and an increase in overall bonding and capital lease liabilities of \$15.1 million based on new bond issuances and capital lease originations.

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

Deferred inflows increased by \$14.1 million. Advance property tax collections decreased by (\$2.8) million from the prior year. Deferred inflows related to pension decreased by (\$12.5) million while those related to OPEB increased by 29.4 million.

Net position of the Town's governmental activities decreased by \$15.0 million, or 6%. Unrestricted net position - the part of net position that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation or other legal requirements - totaled \$(361.3) million at June 30, 2022 compared to \$(360.2) million at June 30, 2021. Various contributing factors resulting in the decrease in net position are discussed following Table 2.

**Table 2  
CHANGE IN NET POSITION  
(In Thousands)**

	Governmental Activities	
	2022	2021
<b>Revenues:</b>		
Program Revenues:		
Charges for Services	\$ 18,184	\$ 15,414
Operating Grants and Contributions	110,250	124,370
Capital Grants and Contributions	143	1,769
General Revenues:		
Property Taxes	138,620	139,380
Grants and Contributions Not Restricted to Specific Purposes	13,249	8,748
Unrestricted Investment Earnings	143	32
Other General Revenues	647	1,149
Total Revenues	<u>281,236</u>	<u>290,862</u>
<b>Program Expenses:</b>		
General Government	43,995	42,314
Public Safety	39,789	41,108
Inspection and Permits	723	689
Public Works	19,710	17,436
Parks and Recreation	3,786	3,813
Health and Social Services	6,928	6,053
Education	179,708	191,328
Interest on Long-Term Debt	1,609	319
Total Program Expenses	<u>296,248</u>	<u>303,060</u>
<b>Decrease in Net Position</b>	(15,012)	(12,198)
Net Position at Beginning of Year	<u>(247,582)</u>	<u>(235,384)</u>
<b>Net Position at End of Year</b>	<u><u>\$ (262,594)</u></u>	<u><u>\$ (247,582)</u></u>

The Town's total revenues were \$281.2 million. The total cost of all programs and services was \$296.2 million. The Town's overall decrease in net position of \$15.0 million compared \$12.2 million last year is attributable to many factors both in relation to full accrual activities on a government-wide basis as well

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

as changes in results in operations, year over year, in the Town's General Fund and Internal Service Funds.

The Town's program revenues decreased \$9.7 million to \$281.2 million compared to \$290.9 million in the prior year. The primary driver was a decrease in Operating Grants and Contributions of \$14.1 million due to lower State Teacher Retirement payments made by the State of Connecticut on behalf of the Town of East Hartford. This reduction was offset by increases Grants and Contributions Unrestricted of \$4.5 million (primarily State municipal aid) and Charges for Services of \$2.8 million (related to Police private duty, paramedic billing, education and conveyance tax revenues).

The total program expenses decreased \$6.8 million to \$296.3 million compared with \$303.1 million in the prior year. Decreases in Public Safety of \$1.3 million, Education of \$11.6 million (primarily due to Teacher Retirement expenses) were offset by increases in General Government of \$1.6 million (including additional contributions to OPEB, Workers Compensation and Insurances), Public Works of \$2.3 million and Interest on Long-Term Debt of \$1.3 million (current year impact of new bond issuance).

Table 3 presents the cost of each of the Town's five largest programs - general government, public safety, public works, parks and recreation, and education - as well as each program's net cost (total cost less revenues generated by the activities). The net cost shows the financial burden that was placed on the Town's taxpayers by each of these functions.

**Table 3  
GOVERNMENTAL ACTIVITIES  
(In Thousands)**

	Total Cost of Services		Net Cost of Services	
	2022	2021	2022	2021
General Government	\$ 43,995	\$ 42,314	\$ 35,720	\$ 37,449

Parks and Recreation	3,786	3,813	3,479	3,740
Education	179,708	191,328	70,704	65,250
All Others	9,260	7,061	2,775	866
Totals	<u>\$ 296,248</u>	<u>\$ 303,060</u>	<u>\$ 167,671</u>	<u>\$ 161,507</u>

**Town Funds Financial Analysis**

**Governmental Funds**

As the Town completed the year, its governmental funds (as presented in the balance sheet - Exhibit III) reported a combined fund balance of \$25.1 million, which is a \$15.8 million increase from last year's total of \$9.3 million.

The increase of \$15.8 million was predominately related to an increase of \$15.5 million in the Capital Improvement Fund. The General Fund advances cash to the Capital Improvement Fund for these infrastructure expenditures. During the current year, the Town issued \$20 million in new bonds to replenish the Capital Improvement Fund and support new expenditures of \$10.5 for active capital projects including road reconstruction, levee maintenance, completion of the new Senior Center and preliminary costs associated with the renovation of the Town Hall building.

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

The Town's Total General Fund balance of \$23.4 million reported on Exhibit III differs from the General Fund's Unassigned Budgetary Fund Balance of \$22.6 million. This is principally because budgetary fund balance does not include \$0.3 million of prepaid debt service items and \$0.5 million of outstanding encumbrances at year end.

The General Fund's budgetary revenue estimates generated a \$1.0 million net unfavorable variance as reported in RSI-1 while the General Fund's budgetary expenses generated a \$0.6 million favorable variance as reported in RSI-2. Budgetary revenue estimates included a \$2.2 million additional contribution to OPEB and a \$932 thousand contribution from fund balance with a \$680 thousand additional contribution to Workers Compensation and \$250 thousand additional contribution to Insurances for General Liability. Absent these intentional additional contributions from fund balance, the General Fund would have closed in surplus.

The General Fund reported favorable revenues of \$2.4 million in Intergovernmental revenues, \$406 thousand in charges for services primarily for conveyance tax receipts in the Town Clerk's Office and \$48 thousand in licenses and permits compared to budget offset by unfavorable variances for net property taxes and interest of \$1.2 million, licenses and permits of \$280 thousand and interest from investments of \$338 thousand.

**CAPITAL ASSET AND DEBT ADMINISTRATION**

**Capital Assets**

At June 30, 2022, the Town had \$156.0 million, net of depreciation, invested in a broad range of capital assets, including land, buildings, park facilities, vehicles and equipment roads and bridges - Table 4. This amount represents a net increase of \$0.012 million, or 0% compared to last year.

**Table 4  
CAPITAL ASSETS  
(Net of Depreciation)  
(In Thousands)**

	Governmental Activities	
	2022	2021
Land	\$ 16,126	\$ 16,126
Buildings and Improvements	69,511	71,047
Furniture, Vehicles, and Equipment	10,729	11,159
Infrastructure	35,514	37,005
Construction in Progress	24,143	20,674
Totals	<u>\$ 156,023</u>	<u>\$ 156,011</u>

The Town's FY 2022-23 Adopted Capital Budget calls for it to spend up to \$17.3 for road improvements, building renovations and replacement of Public Works, Police, Fire, and Parks vehicles. These investments will be funded by grants, lease proceeds and future bond issuances.

Additional information of the Town's capital assets can be found in Note 5, Capital Assets of this report.

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

**Long-Term Debt**

At June 30, 2022, the Town had \$46.4 million in bonds outstanding versus \$34.0 million last year – an increase of \$12.4 million or 36.5% - as shown in Table 5. The increase is a result of the Town issuing new debt during the reporting period.

**Table 5  
OUTSTANDING DEBT  
(In Millions)**

	Governmental Activities	
	2022	2021
General Obligation Bonds	\$ 46.4	\$ 34.0

The Town's general obligation bond rating is AA/Stable as issued by S&P Global Ratings. The State limits the amount of general obligation debt that towns can issue based on a formula determined under State Statutes based on type of debt and tax base. The Town's outstanding general obligation debt is significantly below the state-imposed limit.

Other obligations include accrued vacation pay and sick leave. More detailed information about the Town's long-term liabilities is presented in Note 7 to the financial statements.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The unemployment rate for the Town of East Hartford is currently 5.5% compared with the prior year of 9.6%. This decrease is a direct result of improvement on the local economy following the onset of the COVID-19 pandemic.

The appropriation for expenditures totals \$204.4 million in the Adopted Budget for the 2022-23 fiscal year, representing an increase of \$3.3 million or 1.6% compared to the adopted budget for the fiscal year ended June 30, 2022.

Budget increases include \$1 million of contractual labor settlements, \$2.6 million of additional pension plan and retirement contributions, and \$1.8 million to the Board of Education. These increases were offset by a \$1.4 million reduction in health benefits and insurances and a \$0.6 million reduction in debt service.

If the appropriation estimates and estimated revenues primarily funded from property taxes are realized, the Town does not anticipate using any portion of the undesignated General Fund Balance to balance budgeted operations for the 2022-23 fiscal year.

The Town's elected and appointed officials considered many factors when establishing the reduced tax mill rate of 41.00 for real estate and personal property and 32.46 for motor vehicles for the Adopted Budget in the 2022-23 fiscal year. The real estate and personal property mill rate reduction from 49.35 to 41.00 mills provided a 17% reduction in the mill rate. The 32.46 mill rate for motor vehicles as compared to 45 mills in the prior year represented a reduction of 28%. Overall, when factoring in the updated grand list due to revaluation and the reduced mill rate on real estate and motor vehicles, the current year tax burden decreased 2.3% when compared year over year.

**TOWN OF EAST HARTFORD  
MANAGEMENT'S DISCUSSION AND ANALYSIS (UNAUDITED)  
JUNE 30, 2022**

A budgeted revenue increase from the State of Connecticut of \$3.5 million for the Motor Vehicle Mill Rate Grant was able to offset the revenue required from taxation and reduce the mill rate.

**CONTACTING THE TOWN'S FINANCIAL MANAGEMENT**

This financial report is designed to provide citizens, taxpayers, customers, investors and creditors with a general overview of the Town's finances and to show the Town's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Finance Department, Town of East Hartford, 740 Main Street, East Hartford, Connecticut 06108.

**TOWN OF EAST HARTFORD, CONNECTICUT  
BALANCE SHEET  
GOVERNMENTAL FUNDS (CONTINUED)  
JUNE 30, 2022  
(IN THOUSANDS)**

**RECONCILIATION TO THE STATEMENT OF NET POSITION**

Total Fund Balances - Governmental Funds (Exhibit III)	\$	25,049
--	----	--------

Amounts reported for governmental activities in the statement of net position (Exhibit I) are different because of the following:

Capital assets used in governmental activities are not financial resources, and, therefore, are not reported in the funds:

Governmental Capital Assets	346,258	
Less: Accumulated Depreciation	(190,235)	
Net Capital Assets		156,023

Other long-term assets and deferred outflows are not available to pay for current-period expenditures and, therefore, are not recorded in the funds:

Property Tax Receivables Greater Than 60 Days	3,010	
Interest Receivable on Property Taxes	1,307	
Housing Rehabilitation Loans Receivable	1,897	
Other Accounts Receivable	1,268	
Deferred Outflows of Resources Related to Pension	40,960	
Deferred Outflows of Resources Related to OPEB	28,548	
Deferred Charge on Refunding	346	

Internal service funds are used by management to charge the costs of risk management to individual funds. The assets and liabilities of the internal service funds are reported with governmental activities in the statement of net position.

9,404

Long-term liabilities, and deferred inflows including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds:

Net Pension Liability	(287,013)	
Net OPEB Obligation	(108,280)	
Bonds and Notes Payable	(46,385)	
Unamortized Bond Premiums	(3,529)	
Interest Payable on Bonds and Notes	(661)	
Landfill Post Closure Monitoring	(280)	
Compensated Absences	(14,745)	
Retirement Obligations	(15)	
Financing Arrangements	(9,859)	
Deferred Inflows of Resources Related to Pension	-	
Deferred Inflows of Resources Related to OPEB	(59,639)	
		(262,594)

Net Position of Governmental Activities as Reported on the Statement of Net Position (Exhibit I)	\$	(262,594)

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES**  
**GOVERNMENTAL FUNDS (CONTINUED)**  
**YEAR ENDED JUNE 30, 2022**  
**(IN THOUSANDS)**

**RECONCILIATION TO THE STATEMENT OF ACTIVITIES**

Net Change in Fund Balances - Governmental Funds (Exhibit IV) \$ 15,760

Amounts reported for governmental activities in the statement of activities (Exhibit II) are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:

Capital Outlay	6,277
Depreciation Expense	(6,241)
Loss on Disposal of Capital Assets	(85)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds, and revenues recognized in the funds are not reported in the statement of activities:

Property Tax Receivable - Accrual Basis Change	(259)
Property Tax Interest and Lien Revenue - Accrual Basis Change	(99)
Housing Rehabilitation Loans - Accrual Basis Change	27
Other Accounts Receivable - Accrual Basis Change	454
Change in Deferred Outflows Amounts Related to Pension	36,366
Change in Deferred Outflows Amounts Related to OPEB	(5,568)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction has any effect on net position. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are amortized and deferred in the statement of activities.

The details of these differences in the treatment of long-term debt and related items are as follows:

Issuance of Bonds	(20,000)
Bond Principal Payments	7,660
Premium on Debt Issuance	(2,632)
Financing Arrangement Principal Payments	2,535
Financing Arrangements Issued	(1,726)
Amortization of Deferred Charge on Refunding	(81)
Amortization of Bond Premiums	397

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds:

Compensated Absences	321
Accrued Interest	(501)
Retirement Obligations	12
Change in Net Pension Liability	(67,738)
Change in Net OPEB Liability	36,285
Landfill Postclosure Expense	28
Change in Deferred Inflows Amounts Related to Pension	12,561
Change in Deferred Inflows Amounts Related to OPEB	(30,666)

Internal service funds are used by management to charge costs to individual funds. The net revenue of certain activities of internal services funds is reported with governmental activities.

	1,816
Change in Net Position of Governmental Activities as Reported on the Statement of Activities (Exhibit II)	\$ (15,012)

See accompanying Notes to Financial Statements.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The financial statements of the Town of East Hartford, Connecticut (the Town) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant policies of the Town are described below.

**A. Reporting Entity**

The Town was incorporated in October 1783 under the provisions of the State of Connecticut General Assembly.

In June 1929, the form of government was changed to Town Council/Council President. Under home rule, the form of government was again changed to Strong Mayor/Council in April 1968, and exists as such today. The Town provides the full range of municipal services including public safety (police, fire, emergency medical service), streets, sanitation (collection and waste disposal), health and social, recreation (parks and golf course), libraries, education, planning and zoning, and general administrative services.

Accounting principles generally accepted in the United State of America require that the reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. A government is financially accountable for a legally separate organization if it appoints a voting majority of the organization's governing body and there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the government. These criteria have been considered and have resulted in the inclusion of the fiduciary component units as detailed below.

**Fiduciary Component Units**

The Town has established a single-employer Public Retirement Systems (PERS) and a postretirement retiree health plan (OPEB) to provide retirement benefits and postretirement healthcare benefits to employees and their beneficiaries. The Town appoints a majority of the Pension Board and is required to make contributions to the pension and OPEB plans and can impose its will.

The financial statements of the fiduciary component units are reported as Pension and OPEB Trust funds in the fiduciary fund financial statements. Separate financial statements have not been prepared for the fiduciary component units.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Town. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, including fiduciary component units, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Town considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

The Town reports the following major governmental funds:

**General Fund**

The General Fund is the Town's primary operating fund. It accounts for all financial resources of the Town, except those required to be accounted for in another fund.

**State and Federal Education Grants Fund**

The State and Federal Education Grants Fund accounts for education programs not included in the General Fund budget. The major source of revenue for this fund is education grants.

**Capital Improvement Fund**

The Capital Improvement Fund accounts for all the financial resources including school construction grants, bonds, and capital lease proceeds used to finance expenditures for capital improvement projects.

Additionally, the Town reports the following fund types:

**Internal Service Funds**

The Internal Service Funds account for the Town's risk management program.

**Pension and Other Employee Benefit Trust Funds**

The Pension and Other Employee Benefit Trust Funds account for the fiduciary activities of the Town's retirement system and the Town's retiree healthcare system, which accumulate resources for pension benefit payments and healthcare benefit payments, respectively, to qualified Town employees.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments in lieu of taxes and other charges between certain Town functions because the elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include property taxes.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation (Continued)**

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Town's internal service funds are charges to customers for services. Operating expenses for internal service funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Town's policy to use restricted resources first, then unrestricted resources as they are needed. Unrestricted resources are used in the following order: committed, assigned, then unassigned.

**D. Deposits and Investments**

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes authorize the Town to invest in obligations of the U.S. Treasury, commercial paper, corporate bonds, repurchase agreements, and certain other investments as described in Note 3.

Investments for the Town are reported at fair value.

**E. Receivables and Payables**

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of interfund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds." All trade and property tax receivables are shown net of an allowance for uncollectibles. The allowances are computed based on historical data.

Property taxes on all property are assessed as of October 1 prior to the beginning of the fiscal year and become legally due and payable on the following July 1 and January 1. If taxes are unpaid as of June 30 following the payable date, a lien is placed on the real property. Property assessments are made at 70% of the market value. Property taxes receivable are recorded on the due date. Taxes not paid within 30 days of the due date are subject to an interest charge of 1-1/2% per month. The Town is not a part of any overlapping government that assesses separate property taxes.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. Receivables and Payables (Continued)**

Property tax revenue is recorded when it becomes available. Available means due or past due and receivable within the current period and collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period; such time thereafter shall not exceed 60 days.

**F. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

**G. Capital Assets**

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded). Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, and equipment of the primary government is depreciated using the straight-line method over the following estimated useful lives:

Buildings	50 Years
Other Improvements	20 Years
Infrastructure	50 Years
Vehicles	10 to 15 Years
Equipment	10 Years
Furniture and Fixtures	20 Years

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**H. Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to future periods and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town reports a deferred charge on refunding and deferred outflows related to pension in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. A deferred outflow of resources related to pension results from differences between expected and actual experience, changes in assumptions, or other inputs. These amounts are deferred and included in pension expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension plan (active employees and inactive employees).

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to future periods and so will not be recognized as an inflow of resources (revenue) until that time. The Town reports deferred inflows of resources related to pension and OPEB in the government-wide statement of net position. The Town also reports a deferred inflow of resources for advance property tax collections in the government-wide statement of net position and in the governmental funds balance sheet. A deferred inflow of resources related to pension and OPEB results from differences between expected and actual experience. These amounts are deferred and included in pension and OPEB expense in a systematic and rational manner over a period equal to the average of the expected remaining service lives of all employees that are provided with benefits through the pension and OPEB plan (active employees and inactive employees). Advance property tax collections represent taxes inherently associated with a future period. This amount is recognized during the period in which the revenue is associated. Also, for governmental funds, the Town reports unavailable revenue, which arises only under the modified accrual basis of accounting. The governmental funds report unavailable revenues from several sources: property taxes, long-term loans, and other receivables. These amounts are deferred and recognized as an inflow of resources (revenue) in the period in which the amounts become available.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**I. Compensated Absences**

Vacation earned can be accumulated by individual employees. In addition, employees may accumulate an additional amount of unused sick leave (as determined by individual union contracts) until termination of their employment.

Holiday pay earned by fire department personnel in the current year is not paid until the following year. Certain employees having at least two years of service with the Town are eligible for longevity benefits. These benefits are earned in the current year and paid in the following year.

**J. Net Pension Liability**

The net pension liability is measured as the portion of the actuarial present value of projected benefits that is attributed to past periods of employee service (total pension liability), net of the pension plan's fiduciary net position. The pension plan's fiduciary net position is determined using the same valuation methods that are used by the pension plan for purposes of preparing its statement of fiduciary net position. The net pension liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

**K. Other Post-Employment (OPEB) Liability**

The net OPEB liability is measured as the portion of the present value of projected benefit payments to be provided to current active and inactive employees that is attributed to those employees' past periods of service (total OPEB asset), less the amount of the OPEB plan's fiduciary net position. The OPEB plan's fiduciary net position is determined using the same valuation methods that are used by the OPEB plan for purposes of preparing its statement of fiduciary net position. The net OPEB liability is measured as of a date (measurement date) no earlier than the end of the employer's prior fiscal year, consistently applied from period to period.

**L. Long-Term Obligations**

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund type statement of net position. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of any significant applicable bond premium or discount. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**L. Long-Term Obligations (Continued)**

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

**M. Fund Equity**

Equity in the government-wide financial statements is defined as “net position” and is classified in the following categories:

*Net Investment in Capital Assets* – This component of net position consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

*Restricted Net Position* – Restrictions are externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation.

*Unrestricted Net Position* – This component consists of net position that does not meet the definition of “restricted” or “net investment in capital assets.”

The equity of the fund financial statements is defined as “fund balance” and is classified in the following categories:

*Nonspendable Fund Balance* – This represents amounts that cannot be spent due to form (e.g., inventories and prepaid amounts).

*Restricted Fund Balance* – This represents amounts constrained for a specific purpose by external parties, such as grantors, creditors, contributors, or laws and regulations of other governments.

*Committed Fund Balance* – This represents amounts constrained for a specific purpose by a government using its highest level of decision-making authority, East Hartford Town Council, by adopting a resolution.

*Assigned Fund Balance* – This balance represents amounts constrained for the intent to be used for a specific purpose by the Town Council or department head as specified in the Town Charter.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**M. Fund Equity (Continued)**

*Unassigned Fund Balance* – This represents fund balance in the General Fund in excess of nonspendable, restricted, committed, and assigned fund balance. If another governmental fund has a fund balance deficit, it is reported as a negative amount in unassigned fund balance.

**N. Accounting Estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, including disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**O. Adoption of New Accounting Standards**

GASB Statement No. 87, *Leases*

In June 2017, the GASB issued GASB Statement No. 87, *Leases*. This standard requires the recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and as inflows of resources or outflows of resources recognized based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this standard, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources.

The Town adopted the requirements of the guidance effective July 1, 2021. There was no material impact on the Town's net position and changes in net position as a result of adoption of this standard.

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

**A. Budgetary Information**

The Town established its General Fund budget in accordance with provisions of its Charter and the Connecticut General Statutes.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)**

**A. Budgetary Information (Continued)**

A budget for the General Fund is authorized annually by the Town Council. The Council follows these procedures in establishing the budgetary data reflected in the financial statements:

- Prior to February 23, the Mayor submits to the Town Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them.
- Not later than March 11, a public hearing is conducted to obtain taxpayers' comments.
- Prior to March 31, the budget is legally enacted through passage of an ordinance.
- Prior to April 15, referendum petitions on the budget can be filed with the Town Clerk. Once these petitions are certified by the Town Clerk, the Town Council sets a referendum date.
- During the middle of April, a referendum on the budget is held and within five days the Town Council adopts the final budget.
- Under the Town Charter, no department or board may involve the Town in any obligation to spend money for any purpose in excess of the amount appropriated. However, upon approval of the Director of Finance and the Mayor, transfers from one budgetary line item to another may be made within a department, and notification is subsequently given to the legislative body. In addition, the Council may, by resolution, transfer monies from the contingency account to other line items during the first nine months of the fiscal year and may transfer from any account except the debt service line item within the General Fund during the last three months of the fiscal year. There were additional appropriations of \$3,100 during the year. Appropriations lapse at year-end, except appropriations for capital projects that continue until completion of the applicable project.

The budget is administered on a modified accrual basis of accounting except for encumbrances. Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued, and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 2 STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)**

**A. Budgetary Information (Continued)**

Encumbrances are reported in the governmental funds in accordance with accounting principles generally accepted in the United States of America. Open encumbrances are reported as either restricted, committed or assigned fund balance depending on the level of restriction. The commitments will be honored in subsequent years. Encumbrances do not constitute expenditures or liabilities. At year-end, the amount of encumbrances expected to be honored upon performance by the vendor were as follows:

General Fund	\$ 468
Capital Improvement Fund	8,671
American Rescue Plan	3,225
Workers' Compensation	17
Nonmajor Governmental Funds	865
Total	<u>\$ 13,246</u>

**B. Deficit Fund Equity**

Capital Improvement	\$ 2,306
Internal Service Funds:	
Workers' Compensation	3,410

Deficit within the capital improvement fund will be reduced in future years when additional debt is issued and grants are received. The deficit within the internal service fund - workers compensation will be reduced in future years when additional revenues are realized or the General Fund appropriates and transfers funds.

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS**

The deposit of public funds is controlled by the Connecticut General Statutes (Section 7-402). Deposits may be made in a "qualified public depository" as defined by Statute, or, in amounts not exceeding the Federal Deposit Insurance Corporation insurance limit, in an "out of state bank" as defined by the Statutes, which is not a "qualified public depository."

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

The Connecticut General Statutes (Section 7-400) permit municipalities to invest in: 1) obligations of the United States and its agencies, 2) highly rated obligations of any state of the United States or of any political subdivision, authority, or agency thereof, and 3) shares or other interests in custodial arrangements or pools maintaining constant net asset values and in highly rated no-load open end money market and mutual funds (with constant or fluctuating net asset values) whose portfolios are limited to obligations of the United States and its agencies, and repurchase agreements fully collateralized by such obligations. Other provisions of the Statutes cover specific municipal funds with particular investment authority. The provisions of the Statutes regarding the investment of municipal pension funds does not specify permitted investments. Therefore, investment of such funds is generally controlled by the laws applicable to fiduciaries and the provisions of the applicable plan.

The Statutes (Sections 3-24f and 3-27f) also provide for investment in shares of the State Short-Term Investment Fund (STIF) and the State Tax Exempt Proceeds Fund (TEPF). These investment pools are under the control of the State Treasurer, with oversight provided by the Treasurer's Cash Management Advisory Board, and are regulated under the State Statutes and subject to annual audit by the Auditors of Public Accounts. Investment yields are accounted for on an amortized-cost basis with an investment portfolio that is designed to attain a market-average rate of return throughout budgetary and economic cycles. Investors accrue interest daily based on actual earnings, less expenses and transfers to the designated surplus reserve, and the fair value of the position in the pool is the same as the value of the pool shares.

**A. Deposits**

Deposit Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the Town's deposit will not be returned. The Town's credit risk is mitigated by requiring pre-qualification of financial institutions and by monitoring the credit worthiness of any depository used by the Town. The deposit of public funds is controlled by the Connecticut General Statutes. Deposits may be placed with any qualified public depository that has its main place of business in the state of Connecticut. Connecticut General Statutes require that each depository maintain segregated collateral (not required to be based on a security agreement between the depository and the municipality and, therefore, not perfected in accordance with federal law) in an amount equal to a defined percentage of its public deposits based upon the depository's risk-based capital ratio.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**A. Deposits (Continued)**

Deposit Custodial Credit Risk (Continued)

Based on the criteria described in GASB Statement No. 40, *Deposits and Investment Risk Disclosures*, \$26,152 of the Town's bank balance of \$27,402 was exposed to custodial credit risk as follows:

Uninsured and Uncollateralized	\$ 23,459
Uninsured and Collateral Held by the Pledging Bank's Trust Department, Not in the Town's Name	<u>2,693</u>
Total Amount Subject to Custodial Credit Risk	<u><u>\$ 26,152</u></u>

**B. Cash Equivalents**

At June 30, 2022, the Town's cash equivalents amounted to \$45,416. The following table provides a summary of the Town's cash equivalents (excluding U.S. government guaranteed obligations) as rated by nationally recognized statistical rating organizations. The pools all have maturities of less than 90 days.

	Standard & Poor's
State Short-Term Investment Fund (STIF)	<u>AAAm</u>
Charles Schwab	*
Northern Lights Capital	*

\*Not Rated

STIF is an investment pool of high-quality, short-term money market instruments with an average maturity of less than 60 days. There were no limitations or restrictions on any withdrawals due to redemption notice periods, liquidity fees, or redemption gates.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**C. Investments**

As of June 30, 2022, the Town had the following investments:

Investment Type	Credit Rating	Fair Value	Investment Maturities (Years)		
			Less Than 1	1 - 10	More Than 10
Interest-Bearing Investments:					
Certificate of Deposit		\$ 269	\$ -	\$ 269	\$ -
U.S. Government Agencies	AAA	59	-	59	-
Total		328	\$ -	\$ 328	\$ -
Other Investments:					
Guaranteed Interest Contract	N/A	3,082			
Mutual Funds	N/A	242,779			
Total Investments		\$ 246,189			

N/A Not applicable

Interest Rate Risk

The Town's general investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increased interest rates. The Town primarily invests general funds in short-term securities unless it is anticipated that long-term securities can be held to maturity without jeopardizing liquidity requirements. The Town's Retirement Board investment policy for the Town's Pension Trust investments assumes a three- to five-year holding period based on a required minimum annual rate of return of 8.5%.

Credit Risk - Investments

As indicated above, State Statutes limit the investment options of cities and towns. The Town's Retirement Board investment policy limits the Town's Pension Trust investment choices. The investment policy for Pension Trust investments specifically permits investments in individual marketable securities or packages products in the following categories: cash and cash equivalents, fixed income - domestic bonds (investment grade), fixed income - non-U.S. bonds (investment grade), equities - U.S., equities - non-U.S., equities - emerging markets, and equities - REITS. Prohibited asset classes and/or security types are listed in the policy. All of the Town's investments are invested in various pooled accounts and mutual funds that have not been rated by nationally recognized statistical rating organizations.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**C. Investments (Continued)**

Concentration of Credit Risk

The Town's general investment policy requires the diversification of investment instruments to avoid incurring unreasonable risks. Percentages of portfolio limitations are included in the policy. The Town's Retirement Board investment policy provides targeted general asset allocation guidelines. Should the general asset allocation exceed a variance of 10% from the target allocation, rebalancing of the portfolio is required. The Town's Retirement Board investment policy does specifically restrict investments in any one issuer.

Custodial Credit Risk

Custodial credit risk for an investment is the risk that, in the event of the failure of the counterparty (the institution that pledges collateral or repurchase agreement securities to the Town or that sells investments to or buys them for the Town), the Town will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. The Town's Retirement Board investment policy requires its investment manager to be registered with the Securities and Exchange Commission and to manage the investments in accordance with State and Federal law and the Uniform Prudent Investor Act. The Town's investments, excluding U.S. government obligations, are held in open-end mutual funds which, because they are pooled investments rather than separate identifiable securities, are not subject to custodial risk determination.

Fair Value

The Town categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements); followed by quoted prices in inactive markets or for similar assets or with observable inputs (Level 2 measurements); and the lowest priority to unobservable inputs (Level 3 measurements). The Town has the following recurring fair value measurements as of June 30, 2022:

	June 30, 2022	Fair Value Measurements Using		
		Level 1	Level 2	Level 3
Investments by Fair Value Level:				
U.S. Government Agencies	\$ 59	\$ 59	\$ -	\$ -
Guaranteed Interest Contract	3,082		3,082	-
Mutual Funds	242,779	242,779	-	-
Total Investments by Fair Value Level	245,920	<u>\$ 242,838</u>	<u>\$ 3,082</u>	<u>\$ -</u>
Certificates of Deposit	269			
Total Investments	<u>\$ 246,189</u>			

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 3 CASH, CASH EQUIVALENTS, AND INVESTMENTS (CONTINUED)**

**C. Investments (Continued)**

Fair Value (Continued)

Debt and equity securities classified in Level 1 of the fair value hierarchy are valued using prices quoted in active markets for those securities. Guaranteed interest contracts in Level 2 are valued using a matrix pricing technique. Matrix pricing is used to value securities based on the securities relationship to benchmark quoted prices.

**NOTE 4 RECEIVABLES**

Receivables as of June 30, 2022, for the Town's individual major funds and nonmajor, internal service, and fiduciary funds in the aggregate, including the applicable allowances for uncollectible accounts, are as follows:

**NOTE 5 CAPITAL ASSETS (CONTINUED)**

**Construction Commitments**

The Town has the following active construction projects as of June 30, 2022. At year-end, the Town's projects and commitments with contractors are as follows:

Project	Cumulative Expenditures	Remaining Commitment
Road Construction	\$ 5,884	\$ 135
Levee Construction	514	538
Veteran Memorial Clubhouse Project	159	53
Main Street Project	242	-
Senior Center Construction	227	21
Total	<u>\$ 7,026</u>	<u>\$ 747</u>

**NOTE 6 INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS**

During the course of operations, transactions are processed through one fund on behalf of another fund. Additionally, revenues received in one fund are transferred to another fund. The General Fund provides for working capital advances to/from other funds. A summary of interfund balances as of June 30, 2022, is presented below:

Receivable Fund	Payable Fund	Amount
General Fund	Capital Improvement Fund	\$ 7,292
	State and Federal Education Grants	15,109
	American Rescue Plan	16
	Nonmajor Governmental Funds	1,701
	Fiduciary Funds	1,835
		<u>25,953</u>
Capital Improvement Fund	General Fund	4,825
Nonmajor Governmental Funds	General Fund	1,651
Total		<u>\$ 32,429</u>

The Nonmajor Governmental Funds owe the General Fund for expenditures paid by the General Fund. The Capital Improvement Fund owes the General Fund for ongoing projects. The General Fund paid for employer contributions for medical expenditures for employees of the Other Post-Employment Benefits Fund.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 7 LONG-TERM DEBT (CONTINUED)**

**Changes in Long-Term Liabilities (Continued)**

Bonds authorized/unissued outstanding are as follows:

Description	Authorized	Grants Received	Bonds Issued/ Paydowns	Authorized Unissued
East Hartford Middle School Improvements	\$ 5,731	\$ 2,445	\$ 3,226	\$ 60
East Hartford High School Renovations and Improvements	11,640	7,184	4,100	356
Flood Control System Improve 2010	7,000	-	7,000	-
Road Improvements 2014/2012	15,000	-	14,996	4
Road Improvements/Flood Control 2016	15,000	-	10,000	5,000
Senior Center/Multi-purpose Facility 2016	5,000	-	5,000	-
Road Improvements 2018	15,000	-	9,000	6,000
Town Hall HVAC 2018	3,900	-	1,000	2,900
Total	<u>\$ 78,271</u>	<u>\$ 9,629</u>	<u>\$ 54,322</u>	<u>\$ 14,320</u>

The Town's indebtedness, \$154,434, does not exceed the legal debt limitation as required by the Connecticut General Statutes as reflected in the following schedule:

Category	Debt Limit	Net Indebtedness	Balance
General Purpose	\$ 314,703	\$ 60,241	\$ 254,462
Schools	629,406	464	628,942
Sewers	524,505	93,729	430,776
Urban Renewal	454,571	-	454,571
Pension Deficit	419,604	-	419,604

The total overall statutory debt limitation for the Town is equal to seven times annual receipts from taxation \$979,076.

The indebtedness reflected above includes bonds outstanding in addition to the amount of bonds authorized and unissued against which debt is issued and outstanding.

The Town is a member of the Metropolitan District (a quasi-municipal corporation that provides water supply, sewerage collection and disposal facilities for members). Member towns are assessed a percentage of the Metropolitan District's net outstanding debt. As such, the Town's overlapping share of debt issued by the Metropolitan District is \$93,729 as of June 30, 2022.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 7 LONG-TERM DEBT (CONTINUED)**

**Financing Arrangements**

The Town has entered into multi-year financing arrangements for the purchase of various capital items including public works equipment, vehicles and computer hardware and software.

The assets acquired through financing arrangements are as follows:

Asset Class:		
Building Improvements	\$	14,417
Vehicles		12,998
Equipment		5,901
Furniture		557
Total Gross Value		<u>33,873</u>
Less: Accumulated Depreciation		<u>(24,014)</u>
Net Book Value	\$	<u>9,859</u>

The net book value approximates the financing arrangements principal balance payable at June 30, 2022.

The following is a summary of financing arrangement commitments as of June 30, 2022:

<u>Year Ending June 30,</u>		
2023	\$	2,852
2024		2,620
2025		2,285
2026		2,288
2027		522
Total Minimum Lease Payments		<u>10,567</u>
Less: Amount Representing Interest		<u>(708)</u>
Present Value of Minimum Lease Payments	\$	<u>9,859</u>

**Landfill Closure**

The Town capped the eastern and western landforms (the landfill) to comply with a consent order issued by the State of Connecticut Department of Environmental Protection (now the Department of Energy and Environmental Protection, DEEP). Solid waste landfill closure and post-closure requirements were established by DEEP. The Town began post-closure monitoring during fiscal year 2003. The cost associated with monitoring and maintaining the landfill area during the post-closure period is the responsibility of the Town and will be paid by the General Fund. The estimated cost to complete monitoring requirements during the 30-year (minimum) monitoring period is \$280. This estimate is subject to change due to inflation, changes in regulations, or if environmental problems are identified during post-closure monitoring period. In November 2019, DEEP approved changes to the post-closure monitoring plan that reduce the frequency of sampling events and the number of sampling locations. The cost of water sampling, testing, and reporting for the year ended June 30, 2022, was \$10.

**Compensated Absences**

Employees can accumulate additional amounts of unused vacation and sick leave, and earn compensatory time (as determined by individual union contracts) until termination of their employment. At termination, pay-out provisions as determined by individual union contract provides for payments to vested employees.

**Retirement Obligations**

Board of Education retirement obligations in the amount of \$15 consist of amounts due to employees, payable upon retirement, representing deferred commitments awarded to employees in 1992 in lieu of receiving raises for that year.

**NOTE 8    MANAGEMENT AGREEMENT**

In November 2013, the Town entered into a management agreement with a company to manage the operations of the Town's golf course. The initial term of the contract was effective on November 8, 2013, for a five-year term with an option to renew for two additional three-year terms if mutually agreed. The agreement calls for an initial funding by the Town of \$50 and includes an annual base management fee of \$81 per year. An additional incentive management fee is also provided for if the company outperforms the annual revenue budget projection at \$5 for each \$50 increase in total revenue over the budgeted projection.

Significant encumbrances at June 30, 2022, are contained in the above table in the assigned category of the General Fund.

**NOTE 10 RISK MANAGEMENT**

The Town is exposed to various risks of loss including torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disaster. The Town has chosen to retain the risks for workers' compensation through a Workers' Compensation Fund, employee health and medical claims (Health Benefits Fund), and general and auto liability claims (General Liability Fund). These funds are reported as Internal Service Funds. The Town purchases commercial insurance for all other risks of loss, including blanket and umbrella policies. Settled claims have not exceeded commercial coverage in any of the past three fiscal years. Various Town funds contribute to the self-insurance funds based on estimates made using historical data. The Town contracted with outside organizations to pay claims and provide administrative services. Additionally, stop-loss insurance coverage has been purchased to limit the Town's liability for health and medical claims. A claims liability of \$4,167 for the Workers' Compensation Fund, reported at June 30, 2022, is based on a summary report of outstanding liabilities for workers' compensation and heart and hypertension claims. The claims liability of \$1,712 for the Health Benefits Fund, reported at June 30, 2022, is based on estimated claims incurred but not reported.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 10 RISK MANAGEMENT (CONTINUED)**

A claims liability of \$1,051 for the General Liability Fund, reported at June 30, 2022, is based on a summary loss report of outstanding liabilities by coverage. The changes in the claims liability were as follows:

**NOTE 11 TAX ABATEMENTS**

As of June 30, 2022, the Town provides tax abatements through the Economic Development Tax Abatement Program.

Program:	Economic Development Tax Abatement Program
Purpose of Program:	Economic development, job growth, increased property value/personal property taxes, revenue growth
Tax being abated:	Real Property
Authority under which abatement agreement is entered into:	CGS 12-65b
Criteria to be eligible to receive abatement:	<p>Project: New building (29,346 sq feet) at 178-182 Roberts Street.</p> <p>Developer had to spend in excess of \$3m on the development of the Project.</p> <p>Improvements must be for one of the following: (1) Office use; (2) retail use; (3) permanent residential use 4+ dwelling units; (4) transient residential use 4+ dwelling units; (5) manufacturing use; (6) warehouse, storage or distribution use; (7) structured multilevel parking use with a mass transit system; (8) information technology; (9) recreation facilities; (10) transportation facilities; (11) mixed-use development; or (12) use by or on behalf of a health system</p> <p>Must provide economic value to the town (increased taxes / jobs). Estimated to provide employment for 36 employees.</p>
How recipients' taxes are reduced:	<p>The increase in real property assessment, calculated by the assessed value less the baseline assessed value was agreed to be abated as follows:</p> <p>100% of the increase in real property assessment in Year 1, 80% of the increase in Year 2; 60% of the increase in Year 3; 40% of the increase in Year 4; 20% in Year 5.</p> <p>The first year was the assessment year commencing October 1, following the issuance of the Certificate of Occupancy (COC). The COC was issued in 2019. Therefore the Year 1 of the tax abatement was the Grand List (assessed value) as of October 1, 2020 (FY22).</p>
How amount of abatement is determined:	<p>The baseline year as specified in the agreement is October 1, 2018 grand list assessed value, which totaled \$758,410.</p> <p>The assessed value as of October 1, 2020 grand list was \$1.626M. In Year 1, 100% of the increase from the assessed value as of Oct 1, 2018 was to be abated. The increase was \$868,440 (\$1,626,850-868,440 = \$758,410). The net assessment was held at \$758,410, which therefore abated the increase 100% as compared to the assessment as of 10/1/2018.</p> <p>The amount of tax revenue forgone in the fiscal year ending 6/30/2022 totaled \$42,857.51.</p>
Provisions for recapturing abated taxes:	<p>In the event the Developer discontinues its operation of the Project or moves a substantial amount of its operations as they currently exist on the date of this Agreement and the new development project/expansion out of East Hartford prior to the 10-year period after construction is completed, the Town may terminate future property tax savings and the Developer is responsible for repayment of a portion of the abated taxes as follows:</p> <p>Year 1-5: 100% of the total taxes abatement received to date  Year 6-10: 50% of the total tax abatement received to date</p>
Types of commitments made by the City other than to reduce taxes:	N/A
Gross dollar amount (accrual basis) by which the City's taxes were reduced as a result of the abatement agreement program:	The amount of tax revenue forgone in the fiscal year ending 6/30/2022 totaled \$42,857.51.

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS**

**A. Plan Description and Benefits Provided**

The Town is the administrator of a single-employer Public Employee Retirement System (PERS) established by the Town to provide pension benefits for its employees. The Public Employee Retirement System was enacted by Special Act of the Connecticut Legislature. The plan is managed by the Pension and Retiree Benefit board consisting of five members appointed by Town Council including the Town Treasurer, a Town Councilor, and three electors of the Town, one of whom shall be a member of the Town's retirement system. The board serves as trustee of the funds and shall determine contributions payable by the Town in accordance with sound actuarial principles. The Pension and Retiree Benefit Board shall ensure the pension funds are prudently invested for long-term, safe growth of invested funds. There are no stand-alone financial statements issued for the PERS. The PERS is considered to be part of the Town's financial reporting entity and is included in the Town's financial reports as a pension trust fund.

The Town of East Hartford Retirement System covers all full-time police, firefighter, dispatchers, and general employees of the Town and full-time paraprofessionals and noncertified employees of the Board of Education hired prior to December 31, 2005, and only police, firefighter, paraprofessionals, and dispatchers hired after December 31, 2005. The Town provides all retirement, death, and disability benefits through a single-employer, contributory, defined benefit plan. Firefighters and police officers are 100% vested after 15 years of service. Dispatchers are 100% vested after 5 years of service. All other participants in the plan are 100% vested after 10 years of service. Firefighters and police officers who retire at normal retirement (25 years of service regardless of age, or age 65 with the completion of 15 years of service) receive a benefit of 2.5% of final average salary per year of service to a maximum of 75% of final average salary. Paraprofessional employees who retire at normal retirement (attainment of age 65 and completion of 10 years of service; attainment of age 62 and completion of 25 years of service; the latter of age 65 or 5 years of participation in the plan; or the Rule of 85) receive a benefit of 2.2% of the employee's final average salary multiplied by the number of years and full months of credited service, not to exceed 70% of the employee's final average salary. The paraprofessional employee pension plan closed as of June 30, 2015. Dispatchers who retire at normal retirement (attainment of age 65 and completion of 5 years of credited service; 25 years of credited service regardless of age; or the Rule of 75) receive a benefit of 2.2% of the employee's final average salary multiplied by the number of years and full months of credited service, not to exceed 70% of the employee's final average salary. All other participants of the plan who retire at normal retirement (the latter of age 65 and the completion of ten years of service, or the latter of age 62 and the completion of 25 years of service) receive a benefit of 2.33% of final average salary per year of service to a maximum of 70% of final average salary. Final average salary is defined as the average of salary earned during the highest 36 consecutive months of employment based upon the plan year prior to termination.

**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)**

**A. Plan Description and Benefits Provided (Continued)**

Cost-of-living adjustments are provided to retirees as follows:

General Town and Board of Education Employees

Retirees and beneficiaries who retired prior to January 1, 1991, receive an annual 2% increase. Retirees and beneficiaries who retired on or after January 1, 1991, but prior to January 1, 2002, receive an annual 1% increase. Retirees and beneficiaries who retired on a Disability Pension after December 1, 1996, and prior to December 31, 2005 receive a 1% annual increase. Participants retiring after July 1, 2005, receive a 2% annual increase.

Police and Fire Employees

Police retirees who retired after January 1, 2000, receive 2% increase per year with the first increase paid in the fifth year of retirement. Fire retirees who retired after July 1, 2005, receive a 1% increase beginning in the fifth year of retirement, increasing to 2% per year starting with the ninth year of retirement. Police and Fire retirees who retired prior to January 1, 1991, receive a 2% annual increase. Retirees and beneficiaries who retired on or after January 1, 1991, but prior to January 1, 2002, receive a 1% annual increase. (The 2% Police COLA supersedes the 1% for retirees and beneficiaries who retired in 2000 or 2001).

Plan benefits may be amended by the Town Council.

The membership of the plan consisted of the following at July 1, 2021:

Retired Members or Beneficiaries Currently	
Receiving Benefits	758
Vested Terminated Members Entitled to but	
Not Yet Receiving Benefits	36
Active Members	393
Total	<u><u>1,187</u></u>

The pension plan was closed to new entrants on July 1, 2006.

**B. Summary of Significant Accounting Policies, Plan Asset Matters, and Plan Changes**

Basis of Accounting

The Town's Pension Trust Funds' financial statements are prepared on the accrual basis of accounting. Employer and employee contributions are recognized when due, pursuant to plan provisions and contractual requirements. Benefit payments and refunds are payable when due and payable in accordance with the terms of the plan.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)**

**B. Summary of Significant Accounting Policies, Plan Asset Matters, and Plan Changes (Continued)**

Method Used to Value Investments

Investments are valued at fair value.

Plan Change

The net investment return assumption was lowered from 7.50% to 7.25% to better reflect future expected experience.

Plan Expenses

Expenses of administering the plan are paid for by the plan.

**C. Funding Policy**

The contribution requirements of plan members are fixed by contract and may be amended by union negotiations as approved by the Town Council.

Employee contribution requirements as a percentage of their earnings to the PERS are as follows:

General Employees	9.00 %
Firefighters	9.00
Police Officers	8.00
Paraprofessionals	6.00
Dispatchers	8.00

If an employee leaves employment before meeting the vesting requirements, accumulated employee contributions and interest are refunded. Effective July 1, 2016, the contributions are credited at 120% of the Federal Mid-Term rate as of July. The Town is required to contribute the remaining actuarially determined amount necessary to provide the benefits for its employees. The Town's current contribution percentage is 47.45% of covered payroll. The annual required contribution for the current year was determined as part of the PERS actuarial valuation dated July 1, 2021.

**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)**

**D. Investments**

Investment Policy

The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the Retirement Board by a majority vote of its members. It is the policy of the Retirement Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. The pension plan's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans. The following was the Board's adopted asset allocation policy as of June 30, 2022:

<u>Asset Class</u>	<u>Target Allocation</u>
Domestic Equities	35.00 %
International Developed Markets Equities	20.00
Emerging Markets	5.00
REITs	5.00
Core Fixed Income	35.00
Total Portfolio	<u>100.00 %</u>

Rate of Return

For the year ended June 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (10.08%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**E. Deferred Retirement Option Plan (DROP)**

The Town offers a DROP to bargaining unit members employed on or after July 1, 2001. Any bargaining unit member who is a member of the Retirement Plan for full-time employees of the Police Department of the Town upon completing his/her 25th year of service may elect the DROP at any time up to and through the completion of his/her 29th year of service. No bargaining unit member may elect the DROP after the completion of his/her 29th year of service. Upon the election of the DROP, no further pension benefits will accrue. During the DROP period, the employee's monthly pension benefits will be made to the employee's separately designated DROP account equal to 96% of the pension payment the employee was entitled to receive had that employee not elected the DROP. Upon separation from Town service, the monthly pension benefit shall increase to 100% of the monthly pension payment. During the DROP period, the employee will continue to make employee contributions equivalent to the amounts in effect at the time the DROP was elected, and these contributions will be made to the Town's Pension Fund, not the member's separate DROP account. The DROP period has a minimum length of one year and a maximum of five years.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)**

**F. Net Pension Liability of the Town**

The components of the net pension liability of the Town at June 30, 2022, were as follows:

Total Pension Liability	\$ 519,095
Plan Fiduciary Net Position	<u>232,082</u>
Net Pension Liability	<u><u>\$ 287,013</u></u>

Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	44.71 %
---	---------

The total pension liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions applied to all periods included in the measurement:

Inflation	3.25%
Salary Increases	Varies by Age and Department
Investment Rate of Return	7.50%, Including Inflation

Mortality rates for males was based on the RP-2000 Combined Healthy Mortality Table with Blue Collar Adjustment, projected 24 years (previously 23) with Scale BB. Mortality rates for females was based on Separate RP-2014 Tables (adjusted back to 2006), projected generationally with Scale MP-2021 (previously, Scale MP-2020).

The actuarial assumptions used in the July 1, 2021 valuation were based on the results of an actuarial experience study for the period July 1, 2010 to June 30, 2017.

Long-term returns are determined using a building-block method in which the best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target allocation as of June 30, 2022, are summarized in the following table:

Asset Class	Long-Term Expected Real Rate of Return	Weighting
Domestic Equities	6.40 %	2.24 %
International Developed Markets Equities	6.80	1.36
Emerging Markets	8.50	0.43
REITs	3.90	0.20
Core Fixed Income	0.40	<u>14.00</u>
Total Portfolio		18.23
Long-Term Inflation Expectation		<u>2.30</u>
Long-Term Expected Nominal Return		<u><u>20.53 %</u></u>

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 12 EMPLOYEE RETIREMENT SYSTEMS AND PENSION PLANS (CONTINUED)**

**F. Net Pension Liability of the Town (Continued)**

Discount Rate

The discount rate used to measure the total pension liability was 7.25%, a decrease from 7.50% from the prior year. The projection of cash flows used to determine the discount rate assumed plan member contributions will be made at the current contribution rate and that the Town contributes at rates equal to the actuarially determined contribution rates. For this purpose, only employer contributions that are intended to fund benefits of current plan members and their beneficiaries, are included. Projected employer contributions that are intended to fund the service costs of future plan members, and their beneficiaries, as well as projected contributions from future plan members, are not included. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**G. Changes in the Net Pension**

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a)-(b)
Balances - July 1, 2021	\$ 487,188	\$ 267,856	\$ 219,332
Changes for the Year:			
Service Cost	5,635	-	5,635
Interest on Total Pension Liability	35,821	-	35,821
Change of Benefit Terms	66	-	66
Differences Between Expected and Actual Experience	4,329	-	4,329
Changes of Assumptions	16,392	-	16,392
Benefit Payments	(30,336)	(30,336)	-
Employer Contributions	-	18,964	(18,964)
Member Contributions	-	3,185	(3,185)
Net Investment Income	-	(27,400)	27,400
Administrative Expenses	-	(187)	187

**H. Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability of the Town, calculated using the discount rate as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower or 1 percentage point higher than the current rate:

	1% Decrease in Discount Rate	Current Discount Rate	1% Increase in Discount Rate
Net Pension Liability as of June 30, 2022	\$ 345,673	\$ 287,013	\$ 237,923

**I. Pension Expense and Deferred Outflows of Resources**

For the year ended June 30, 2022, the Town recognized pension expense of \$37,707. At June 30, 2022, the Town reported deferred outflows and inflows of resources related to pension from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference Between Expected and Actual Experience	\$ 3,567	\$ -
Changes of Assumptions	11,511	-
Changes in Pension Investment Gains or Losses	25,881	-
Total	<u>\$ 40,959</u>	<u>\$ -</u>

Amounts reported as deferred outflows and inflows of resources related to pension will be recognized in pension expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2023	\$ 17,032
2024	13,007
2025	1,488
2026	9,432
Total	<u>\$ 40,959</u>

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 13 CONNECTICUT TEACHERS RETIREMENT SYSTEM - PENSION**

**A. Plan Description**

Teachers, principals, superintendents, or supervisors engaged in service of public schools are provided with pensions through the Connecticut State Teachers' Retirement System, a cost-sharing, multiple-employer defined benefit pension plan administered by the Teachers Retirement Board. Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the Teachers Retirement Board. The Teachers Retirement Board issues a publicly available financial report that can be obtained at [www.ct.gov](http://www.ct.gov).

**B. Benefit Provisions**

The plan provides retirement, disability, and death benefits. Employees are eligible to retire at age 60 with 20 years of credited service in Connecticut, or 35 years of credited service including at least 25 years of service in Connecticut.

Normal Retirement

Retirement benefits for employees are calculated as 2% of the average annual salary times the years of credited service (maximum benefit is 75% of average annual salary during the three years of highest salary).

Early Retirement

Employees are eligible after 25 years of credited service including 20 years of Connecticut service, or age 55 with 20 years of credited service including 15 years of Connecticut service with reduced benefit amounts.

Disability Retirement

Employees are eligible for service-related disability benefits regardless of length of service. Five years of credited service is required for nonservice-related disability eligibility. Disability benefits are calculated as 2% of average annual salary times credited service to date of disability, but not less than 15% of average annual salary, nor more than 50% of average annual salary.

**C. Contributions**

Per Connecticut General Statutes Section 10-183z (which reflects Public Act 79-436 as amended), contribution requirements of active employees and the state of Connecticut are approved, amended, and certified by the State Teachers Retirement Board and appropriated by the General Assembly.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 13 CONNECTICUT TEACHERS RETIREMENT SYSTEM – PENSION (CONTINUED)**

**C. Contributions (Continued)**

Employer (School Districts)

School District employers are not required to make contributions to the plan.

The statutes require the state of Connecticut to contribute 100% of each school districts' required contributions, which are actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of the benefits earned by employees during the year, with any additional amount to finance any unfunded accrued liability.

For the year ended June 30, 2022, the amount of "on-behalf" contributions made by the State was \$16,015 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees

Effective July 1, 1992, each teacher is required to contribute 6% of salary for the pension benefit.

Effective January 1, 2018, the required contribution increased to 7% of pensionable salary.

**D. Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

At June 30, 2022, the Town reports no amounts for its proportionate share of the net pension liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net pension liability, the related state support, and the total portion of the net pension liability that was associated with the Town were as follows:

Town's Proportionate Share of the Net Pension Liability	\$ -
State's Proportionate Share of the Net Pension Liability Associated with the Town	191,266
Total	<u>\$ 191,266</u>

The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of June 30, 2020. At June 30, 2022, the Town has no proportionate share of the net pension liability.

For the year ended June 30, 2022, the Town recognized pension expense and revenue of \$12,347 in Exhibit II.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 13 CONNECTICUT TEACHERS RETIREMENT SYSTEM – PENSION (CONTINUED)**

**E. Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation as of June 30, 2021, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Salary Increases	3.00-6.50%, Including Inflation
Investment Rate of Return	6.90%, Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2021 valuation were based on the results of an actuarial experience study for the five-year period ending June 30, 2019.

Assumption changes since the prior year are as follows:

- There were no changes in assumptions that affected the measurement of the TPL since the prior measurement date.

Benefit changes since the prior year are as follows:

- There were no changes in benefit provisions that affected the measurement of the TPL since the prior measurement date.

Cost-of-Living Allowance

For teachers who retired prior to September 1, 1992, pension benefit adjustments are made in accordance with increases in the Consumer Price Index, with a minimum of 3% and a maximum of 5% per annum.

For teachers who were members of the Teachers' Retirement System before July 1, 2007, and retire on or after September 1, 1992, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 6% per annum. If the return on assets in the previous year was less than 8.5%, the maximum increase is 1.5%.

For teachers who were members of the Teachers' Retirement System after July 1, 2007, pension benefit adjustments are made that are consistent with those provided for Social Security benefits on January 1 of the year granted, with a maximum of 5% per annum. If the return on assets in the previous year was less than 11.5%, the maximum increase is 3%, and if the return on the assets in the previous year was less than 8.5%, the maximum increase is 1.0%.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 13 CONNECTICUT TEACHERS RETIREMENT SYSTEM – PENSION (CONTINUED)**

**E. Actuarial Assumptions (Continued)**

Long-Term Rate of Return

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The current capital market assumptions and the target asset allocation as provided by the State of Connecticut Treasurer's Office are summarized in the following table:

Asset Class	Expected Return	Target Allocation
Domestic Equity Fund	5.60 %	20.00 %
Developed Market Intl. Stock Fund	6.00	11.00
Emerging Market Intl. Stock Fund	7.90	9.00
Core Fixed Income Fund	2.10	16.00
Inflation Linked Bond Fund	1.10	5.00
Emerging Market Debt Fund	2.70	5.00
Hight Yield Bond fund	4.00	6.00
Real Estate Fund	4.50	10.00
Private Equity	7.30	10.00
Alternative Investments	2.90	7.00
Liquidity Fund	0.40	1.00
Total		<u>100.00 %</u>

**F. Discount Rate**

The discount rate used to measure the total pension liability was 6.90%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that state contributions will be made at the actuarially determined contribution rates in the future years. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

**G. Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The Town's proportionate share of the net pension liability is \$-0- and, therefore, the change in the discount rate would only impact the amount recorded by the state of Connecticut.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 13 CONNECTICUT TEACHERS RETIREMENT SYSTEM – PENSION (CONTINUED)**

**H. Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued financial statements available at [www.ct.gov](http://www.ct.gov).

**I. Other Information**

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

**NOTE 14 POST-EMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN**

**A. Summary of Significant Accounting Policies**

Basis of Accounting

The financial statements of the Retiree Health Plan (RHP) are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. Administrative costs of the plan are paid by the Town.

Investments are reported at fair value. Investment income is recognized as earned.

**B. Plan Description**

The RHP is a single-employer defined benefit healthcare plan administered by the Town. The RHP provides medical, dental, and life insurance benefits to eligible retirees and their spouses. All employees of the Town are eligible to participate in the plan. Benefit provisions are established through negotiations between the Town and the various unions representing the employees.

The plan is considered to be part of the Town's financial reporting entity and is included in the Town's financial report as the Retiree Benefit Trust Fund. The plan does not issue a stand-alone financial report.

Management of the post-employment benefits plan is vested with the Director of Finance and the Pension and Retiree Benefits Board. Policy oversight is provided by the Pension and Retiree Benefits Board, which consists of five members, including the Town Treasurer, one member of the Town Council, two electors of the Town, and one labor member.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 14 POST-EMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN (CONTINUED)**

**B. Plan Description (Continued)**

At July 1, 2021, plan membership consisted of the following:

	Retiree Health Plan <i>(Not Rounded)</i>
Actives	1,122
Retirees	1,113
Spouses of Retirees	140
Beneficiaries	25
Total Participants	<u>2,400</u>

**C. Funding Policy**

The contribution requirements of plan members and the Town are also negotiated with the various unions representing the employees. Retired plan members and beneficiaries currently receiving benefits are required to contribute specified amounts monthly towards the cost of health insurance premiums as follows:

Town Employees (Not Rounded)

The cost per month for Town employees receiving medical coverage under Anthem or ConnectiCare is \$787 per month for retiree only coverage and \$1,574 per month for retiree and spouse coverage to age 65, and \$169 and \$338 per month, respectively, thereafter.

Board of Education Employees (Not Rounded)

The cost per month for Board of Education employees receiving medical coverage under Anthem is \$825 per month for retiree only coverage and \$1,649 per month for retiree and spouse coverage. The cost per month for Board of Education employees receiving dental coverage under Anthem is \$50 per month for retiree only coverage and \$100 per month for retiree and spouse coverage.

For the year ended June 30, 2022, plan members contributed \$291. The Town is required to contribute the balance of the current premium cost and may contribute an additional amount as determined by the Town in order to prefund benefits.

Employer contributions to the plan of \$4,196 were made in accordance with actuarially determined requirements, which represent premium payments.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 14 POST-EMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN (CONTINUED)**

**D. Investment Policy**

OPEB Benefits Plan's policy in regard to the allocation of invested assets is established and may be amended by the Pension and Retiree Benefits Board by a majority vote of its members. It is the policy of the Pension and Retiree Benefits Board to pursue an investment strategy that reduces risk through the prudent diversification of the portfolio across a broad selection of distinct asset classes. Pension and Retiree Benefits Board's investment policy discourages the use of cash equivalents, except for liquidity purposes, and aims to refrain from dramatically shifting asset class allocations over short time spans.

The following was the Board's adopted asset allocation policy as of June 30, 2022:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Large Cap	18.00 %	5.15 %
U.S. Small Cap	6.00	6.58
Foreign Developed Equity	15.00	6.27
Non-U.S. Small Cap	7.50	6.76
Emerging Markets Equity	7.50	8.64
U.S. REITs	6.00	5.75
U.S. Core Fixed Income	40.00	1.37
Total	100.00 %	

**Rate of Return**

For the year ended June 30, 2022, the annual money-weighted rate of return on investments, net of investment expense, was (10.89%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**E. Net OPEB Liability of the Town**

The Town's net OPEB liability was measured as of June 30, 2022. The components of the net OPEB liability of the Town at June 30, 2022, were as follows:

Total OPEB Liability	\$ 120,933
Plan Fiduciary Net Position	12,653
Net OPEB Liability	\$ 108,280

Plan Fiduciary Net Position as a Percentage of the Total OPEB Liability	10.46 %
--	---------

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 14 POST-EMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN (CONTINUED)**

**E. Net OPEB Liability of the Town (Continued)**

Actuarial Assumptions

The total OPEB liability was determined by an actuarial valuation as of July 1, 2021, using the following actuarial assumptions, applied to all periods included in the measurement, unless otherwise specified:

Interest	3.54% (Prior 2.16%)
Inflation	2.60%
Healthcare Cost Trend Rates	Pre-65: 5.40% - 4.10% Over 52 Years Post-65: 4.90% - 4.10% Over 52 Years

Mortality

For healthy retirees and beneficiaries – Pub-2010 Mortality Table with generational projection per the MP-2021 (Prior: MP-2019) Ultimate scale, with employee rates before commencement and healthy annuitant rates after benefit commencement.

The Public Safety variant is used for Police and Fire and the General variant is used for all other groups. This assumption includes a margin for future improvements in longevity.

For BOE Certified – PubT-2010 Mortality Table for Employees and Healthy Annuitants (adjusted 105% for males and 103% for females at ages 82 and above) with generational projection of future improvements per the MP- 2021 (Prior: MP-2019) Ultimate scale. The PubT-2010 Contingent Survivor Table projected generationally per the MP-2021 (Prior: MP-2019) Ultimate scale and set forward one year for both males and females is used for survivors and beneficiaries. This assumption includes a margin for improvements in longevity beyond the valuation date.

Prior – For healthy retirees and beneficiaries, the RPH-2014 White Collar table with employee and annuitant rates blended from ages 50 to 80 projected to the year 2020 using the BB improvement scale and further adjusted to grade in increases (5% for females and 8% for males) to rates over age 80.

The actuarial assumptions used in the July 1, 2021 valuation were based on standard tables modified for certain plan features such as eligibility for full and early retirement where applicable and input from the plan sponsor. A full actuarial experience study has not been completed.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 14 POST-EMPLOYMENT HEALTHCARE PLAN - RETIREE HEALTH PLAN (CONTINUED)**

**E. Net OPEB Liability of the Town (Continued)**

The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return are developed. Best estimates of the real rates of return for each major asset class are included in the OPEB plan's target asset allocation, as summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
U.S. Large Cap	18.00 %	5.15 %
U.S. Small Cap	6.00	6.58
Foreign Developed Equity	15.00	6.27
Non-U.S. Small Cap	7.50	6.76
Emerging Markets Equity	7.50	8.64
U.S. REITs	6.00	5.75
U.S. Core Fixed Income	40.00	1.37
Total	100.00 %	

**Discount Rate**

The discount rate used to measure the total OPEB liability was 3.54% (prior 2.16%). Since the OPEB plan's fiduciary net position and future contributions was not projected to be available to make all projected future benefit payments of current active and inactive employees, the discount rate used for calculating the total OPEB liability is equal to the 20-year published Bond Buyer GO 20-Bond Municipal Index, which as of June 30, 2022, was 3.54%.

**G. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

For the year ended June 30, 2022, the Town recognized OPEB expense of \$4,143. At June 30, 2022, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$ -	\$ 29,393
Changes of Assumptions	27,352	30,246
Net Difference Between Projected and Actual Earnings on Pension Plan Investments	1,196	-
Total	<u>\$ 28,548</u>	<u>\$ 59,639</u>

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

<u>Year Ending June 30,</u>	<u>Amount</u>
2023	\$ (4,152)
2024	(4,152)
2025	(4,449)
2026	(7,355)
2027	(8,285)
Thereafter	(2,698)
Total	<u>\$ (31,091)</u>

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN**

**A. Plan Description**

Teachers, principals, superintendents, or supervisors engaged in service of public schools plus professional employees at state schools of higher education are eligible to participate in the Connecticut State Teachers' Retirement System Retiree Health Insurance Plan (TRS-RHIP), a cost-sharing, multiple-employer defined benefit other post-employment benefit plan administered by the Teachers' Retirement Board (TRB), if they choose to be covered.

Chapter 167a of the State Statutes grants authority to establish and amend the benefit terms to the TRB. TRS-RHIP issues a publicly available financial report that can be obtained at [www.ct.gov/trb](http://www.ct.gov/trb).

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN (CONTINUED)**

**B. Benefit Provisions (Not Rounded)**

There are two types of the healthcare benefits offered through the system. Subsidized Local School District Coverage provides a subsidy paid to members still receiving coverage through their former employer and the CTRB Sponsored Medicare Supplement Plans provide coverage for those participating in Medicare but not receiving Subsidized Local School District Coverage.

Any member who is not currently participating in Medicare Parts A & B is eligible to continue healthcare coverage with their former employer. A subsidy of up to \$110 per month for a retired member plus an additional \$110 per month for a spouse enrolled in a local school district plan is provided to the school district to first offset the retiree's share of the cost of coverage, and any remaining portion is used to offset the district's cost. The subsidy amount is set by statute and has not increased since July 1996. A subsidy amount of \$220 per month may be paid for a retired member, spouse, or the surviving spouse of a member who has attained the normal retirement age to participate in Medicare, is not eligible for Part A of Medicare without cost, and contributes at least \$220 per month towards coverage under a local school district plan.

Any member who is currently participating in Medicare Parts A & B is eligible to either continue healthcare coverage with their former employer, if offered, or enroll in the plan sponsored by the System. If they elect to remain in the plan with their former employer, the same subsidies as above will be paid to offset the cost of coverage.

If a member participating in Medicare Parts A & B so elects, they may enroll in one of the CTRB Sponsored Medicare Supplement Plans. Effective July 1, 2018, the System added a Medicare Advantage Plan option. Active members, retirees, and the state pay equally toward the cost of the basic coverage (medical and prescription drug benefits) under the Medicare Advantage Plan. Retired members who choose to enroll in the Medicare Supplement Plan are responsible for the full difference in the premium cost between the two plans. Additionally, effective July 1, 2018, retired members who cancel their healthcare coverage or elect to not enroll in a CTRB sponsored healthcare coverage option must wait two years to re-enroll.

**Survivor Healthcare Coverage**

Survivors of former employees or retirees remain eligible to participate in the plan and continue to be eligible to receive either the \$110 monthly subsidy or participate in the TRB-Sponsored Medicare Supplement Plans, as long as they do not remarry.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN (CONTINUED)**

**C. Eligibility**

Any member who is currently receiving a retirement or disability benefit is eligible to participate in the plan.

Credited Service

One month for each month of service as a teacher in Connecticut public schools, maximum 10 months for each school year. Ten months of credited service constitutes one year of Credited Service. Certain other types of teaching services, state employment, or wartime military service may be purchased prior to retirement if the member pays one-half the cost.

Normal Retirement

Age 60 with 20 years of Credited Service in Connecticut, or 35 years of Credited Service including at least 25 years of service in Connecticut.

Early Retirement

Age 55 with 20 years of Credited Service including 15 years of Connecticut service, or 25 years of Credited Service including 20 years of Connecticut service.

Proratable Retirement

Age 60 with 10 years of Credited Service.

Disability Retirement

No service requirement if incurred in the performance of duty, and 5 years of Credited Service in Connecticut if not incurred in the performance of duty.

Termination of Employment

Ten or more years of Credited Service.

**D. Contributions (Not Rounded)**

State of Connecticut

Per Connecticut General Statutes Section 10-183z, contribution requirements of active employees and the state of Connecticut are approved, amended, and certified by the State Teachers' Retirement Board and appropriated by the General Assembly. The state appropriates from the General Fund one third of the annual costs of the Plan. Administrative costs of the Plan are financed by the state. Based upon Chapter 167a, Subsection D of Section 10-183t of the Connecticut statutes, it is assumed the state will pay for any long-term shortfall arising from insufficient active member contributions.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN (CONTINUED)**

**D. Contributions (Not Rounded) (Continued)**

Employer (School Districts)

School District employers are not required to make contributions to the plan.

For the year ended June 30, 2022, the amount of “on-behalf” contributions made by the State was \$377 and is recognized in the General Fund as intergovernmental revenues and education expenditures.

Employees/Retirees

The cost of providing plan benefits is financed on a pay-as-you-go basis as follows:

- Active teachers’ pay for one-third of the Plan costs through a contribution of 1.25% of their pensionable salaries, and retired teachers pay for one-third of the Plan costs through monthly premiums, which helps reduce the cost of health insurance for eligible retired members and dependents.

**E. OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB**

At June 30, 2022, the Town reports no amounts for its proportionate share of the net OPEB liability, and related deferred outflows and inflows, due to the statutory requirement that the state pay 100% of the required contribution. The amount recognized by the Town as its proportionate share of the net OPEB liability, the related state support and the total portion of the net OPEB liability that was associated with the Town was as follows:

Town’s Proportionate Share of the Net OPEB Liability	\$ -
State’s Proportionate Share of the Net OPEB Liability Associated with the Town	20,838
Total	<u>\$ 20,838</u>

The net OPEB liability was measured as of June 30, 2021, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as June 30, 2020. At June 30, 2022, the Town has no proportionate share of the net OPEB liability.

For the year ended June 30, 2022, the Town recognized OPEB expense and revenue of (\$769) in Exhibit II.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN (CONTINUED)**

**F. Actuarial Assumptions**

The total OPEB liability was determined by an actuarial valuation as of June 30, 2020, using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.50%
Healthcare Costs Trend Rate	5.125% for 2020, Decreasing to an Ultimate Rate of 4.50% by 2023
Salary Increases	3.00-6.50%, Including Inflation
Investment Rate of Return	2.17%, Net of OPEB Plan Investment Expense, Including Inflation
Year Fund Net Position will be Depleted	2023

Mortality rates were based on the PubT-2010 Healthy Retiree Table (adjusted 105% for males and 103% for females at ages 82 and above), projected generationally with MP-2019 for the period after service retirement.

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 - June 30, 2019.

The changes in the assumptions since the prior year are as follows:

- Discount rate changed from 2.21% to 2.17%
- Expected annual per capita claims costs were updated to better reflect anticipated Medicare and prescription drug claim experience based on scheduled premium increases through calendar year 2024.

The changes in the benefit terms since the prior year are as follows:

- There were no changes to benefit terms in the two years preceding the measurement date.

The long-term expected rate of return on plan assets is reviewed as part of the GASB 75 valuation process. Several factors are considered in evaluating the long-term rate of return assumption, including the plan's current asset allocations and a log-normal distribution analysis using the best-estimate ranges of expected future real rates of return (expected return, net investment expense and inflation) for each major asset class. The long-term expected rate of return was determined by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The assumption is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years. The plan is 100% invested in U.S. Treasuries (Cash Equivalents) for which the expected 10-Year Geometric Real Rate of Return is (0.42%).

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 15 OTHER POST-EMPLOYMENT BENEFIT - CONNECTICUT TEACHERS RETIREMENT PLAN (CONTINUED)**

**G. Discount Rate**

The discount rate used to measure the total OPEB liability was 2.17%. The projection of cash flows used to determine the discount rate was performed in accordance with GASB 75. The projection was based on an actuarial valuation performed as of June 30, 2020.

In addition to the actuarial methods and assumptions of the June 30, 2020 actuarial valuation, the following actuarial methods and assumptions were used in the projection of cash flows:

- Total payroll for the initial projection year consists of the payroll of the active membership present on the valuation date. In subsequent projection years, total payroll was assumed to increase annually at a rate of 3.00%
- Employee contributions were assumed to be made at the current member contribution rate. Employee contributions for future plan members were used to reduce the estimated amount of total service costs for future plan members.
- Annual state contributions were assumed to be equal to the most recent five-year average of state contributions toward the fund.

Based on those assumptions, the Plan's fiduciary net position was projected to be depleted in 2023 and, as a result, the Municipal Bond Index Rate was used in the determination of the single equivalent rate.

**H. Sensitivity of the Net OPEB Liability to Changes in the Healthcare Cost Trend Rate and the Discount Rate**

The Town's proportionate share of the net OPEB liability is \$-0- and, therefore, the change in the healthcare cost trend rate or the discount rate would only impact the amount recorded by the state of Connecticut.

**I. OPEB Plan Fiduciary Net Position**

Detailed information about the Connecticut State Teachers OPEB Plan fiduciary net position is available in the separately issued State of Connecticut Comprehensive Annual Financial Report at [www.ct.gov](http://www.ct.gov).

**J. Other Information**

Additional information is included in the required supplementary information section of the financial statements. A schedule of contributions is not presented as the Town has no obligation to contribute to the plan.

**NOTE 17 DEFINED CONTRIBUTION PLAN**

The Town established a defined contribution plan effective January 31, 2007, to provide benefits at retirement to full-time, nonpublic safety, nonteacher, and nondispatcher hired after January 1, 2006, for both the Town and Board of Education. The Town's Finance Department in cooperation with the Human Resources Department administers this single employer defined contribution benefit plan. Employees are required to contribute 6% of covered salary, which are matched by employer contributions of 4% of covered salary. Employees are fully vested in employee contributions and are fully vested after five years in employer contributions.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 17 DEFINED CONTRIBUTION PLAN (CONTINUED)**

The value of the plan at June 30, 2022, is \$15,984. There were 389 participants as of June 30, 2022. During the fiscal year ended June 30, 2022, employees contributed \$1,331 (exclusive of lump-sum conversion amounts) and the Town contributed a matching employer contribution of \$867. Covered payroll totaled \$22,196. Plan provisions and contribution requirements are determined by contract approval by the East Hartford Town Council and may be amended only with bargaining unit approvals.

**NOTE 18 COMMITMENTS AND CONTINGENCIES**

The Town of East Hartford is located on the eastern bank of the Connecticut River, a major tributary, which outlets to Long Island Sound and ultimately to the Atlantic Ocean. After extensive flooding caused by the 1938 Hurricane, the Army Corps of Engineers (with the Town's assistance) constructed a Flood Protection System (FPS) to protect a significant area of Town. The Town entered into an agreement with the Federal Government to own, operate, and maintain the FPS after construction. The FPS consists of earthen levee, concrete floodwall, two closure structures, three storm water pump stations, a stormwater storage pond, and other associated infrastructure.

In 2005, as a result of overwhelming damage caused by Hurricane Katrina to levees around New Orleans, the Army Corps of Engineers reviewed their nationwide policies and standards – ultimately yielding a new interim policy for flood protection systems. As a result, the Town needed to address deficiencies to ensure that the FPS provides an appropriate level of protection. In addition, the Federal Emergency Management Agency (FEMA) required reaccreditation of the FPS.

Since 2007, the Town has systematically addressed repairs to the FPS in order to improve stability and integrity of the FPS. The repairs include, but are not limited to, the following: the installation of sheet pile cut-off walls, a soil bentonite cut-of wall, replacement of a timber bulkhead with a new steel sheeting bulkhead, replacement of a concrete retaining wall, repair of the Meadow Hill Outfall box culvert, and various repairs to the three storm water pump stations.

Other repairs identified by the Army Corps of Engineers include renovation of the two closure structures, renovations of the storm water pump stations (e.g., electrical systems and new pumps), removal of sediment from the Meadow Hill storage pond, acquisition of various property rights for the FPS, and replacement of the toe drain system.

Town voters approved two \$7,000 bond authorizations, in November 2007 and November 2011, to fund various repairs and an additional \$5,000 bond authorization in November 2016. The Town also secured a Connecticut Department of Energy and Environmental Protection grant of \$7,000 for the rehabilitation of the FPS. To date the Town has expended a majority of the \$26,000 on required FPS improvements. The remaining funds have been programmed to complete required repairs which are currently in the design or construction phase.

**TOWN OF EAST HARTFORD, CONNECTICUT**  
**NOTES TO FINANCIAL STATEMENTS**  
**JUNE 30, 2022**  
**(IN THOUSANDS)**

**NOTE 18 COMMITMENTS AND CONTINGENCIES (CONTINUED)**

The Public Works Department continues to develop a list of unfunded repairs and operational improvements for the FPS. The projected cost of the unfunded items is estimated at \$28,000 (in 2014 dollars).

**Landfill Remediation**

Prior to the landfill closure, citizens fishing in the Hockanum River reported partially buried drums along the river, south of the eastern landform. The drums and their contents were removed. Subsequently, two pockets of contamination that were above acceptable levels were identified. Additional testing and characterization were conducted to determine the scope of the remediation project. The Town met with DEEP and the United States Environmental Protection Agency to determine the extent of contamination in the soil, applicable clean-up standards, and an appropriate remediation plan.

The Town will provide a remediation plan based on DEEP's required standards. Once the plan is approved by the state and federal agencies, the Town will proceed with the design and associated land use permits. The Town will competitively bid the remediation work to be completed. Based on the estimated cost of the remediation provided to the Town by its environmental engineering firm, management does not believe that the costs of remediation will have a material effect on the financial statements. PCB remediation is estimated to cost \$3,000.

**NOTE 19 LITIGATION**

During the normal course of business, claims against the Town arise from personal injury suits, contract disputes, property damage claims, and other normal type claims related to a municipality.

It is the opinion of the Town Attorney that the ultimate liability of the Town for these cases currently pending will not have a material adverse effect upon the Town's financial position.

During 2009, a personal property settlement was assessed against the Town by a manufacturing company. The settlement stipulated that the Town refund personal property taxes in the amount of \$4,000 in 36 bi-annual credits commencing with the property tax bills due July 1, 2009, and ending with the property tax bills due January 1, 2027. The first 35 credits each will be in the amount of \$113. The final credit, to be provided as of January 1, 2027, will be in the amount of \$63.

## Notes to Schedule:

Valuation Date: July 1, 2021

Measurement Date: June 30, 2021

Actuarially determined contribution rates are calculated as of June 30, two years prior to the end of the fiscal year in which contributions are reported.

## Methods and Assumptions Used to Determine

## Contribution Rates:

Actuarial Cost Method

Amortization Method

Remaining Amortization Period

Asset Valuation Method

Entry Age Actuarial Cost Method

Payments Increasing, 3.25% Per Year

22 Years Remaining as of July 1, 2022

Market value of assets less unrecognized returns in each of the last five years. Unrecognized return is equal to the difference between actual and expected returns on a market value basis and is recognized over a five-year period. The deferred return is further adjusted, if necessary, so that the actuarial value of assets will stay within 20% of the market value of assets.

3.25%

Inflation

Salary Increases (General, Dispatcher and, Professional Employees)

2.50% - 9.00%

Salary Increases (Police)

3.00% - 20.00%

Salary Increases (Fire)

4.50% - 22.00%

Investment Rate of Return

7.25% (Previously, 7.50%)

**SUPPLEMENTAL, COMBINING AND INDIVIDUAL FUND STATEMENTS AND SCHEDULES**

## **GENERAL FUND**

The General Fund is the principal fund of the Town and is used to account for all activities of the Town not included in other specific funds. The General Fund accounts for the normal recurring activities of the Town (i.e., police, fire, education, recreation, public works, general government, etc.). These activities are funded principally by property taxes on individuals and businesses, and grants from other governmental units.

## **INTERNAL SERVICE FUNDS**

## **INTERNAL SERVICE FUNDS**

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units, on a cost-reimbursement basis.

Health Benefits – A fund used to pay health insurance claims and to purchase administrative services and stop loss insurance for the health care plans. Both the Town and the Board of Education pay this fund for health insurance.

Workers' Compensation – Accounts for the receipt of General Fund contributions to fund Town and Board of Education incurred Workers' Compensation claims. Contribution amounts are based on projections from an actuarial valuation.

General Liability – To account for the receipt of General Fund contributions to fund general and auto liability claims.

## **STATISTICAL SECTION**

## STATISTICAL SECTION INFORMATION

The objectives of statistical section information are to provide financial statement users with additional historical perspective, context, and detail to assist in using the information in the financial statements, notes to financial statements, and required supplementary information to understand and assess economic condition.

Statistical section information is presented in the following categories:

- *Financial trends information* is intended to assist users in understanding and assessing how financial position has changed over time.
- *Revenue capacity information* is intended to assist users in understanding and assessing the factors affecting the ability to generate *own-source revenues* (property taxes, charges for services, etc.).
- *Debt capacity information* is intended to assist users in understanding and assessing debt burden and the ability to issue additional debt.
- *Demographic and economic information* is intended 1) to assist users in understanding the socioeconomic environment and 2) to provide information that facilitates comparisons of financial statement information over time and among governments.
- *Operating information* is intended to provide contextual information about operations and resources to assist readers in using financial statement information to understand and assess economic condition.

The accompanying tables are presented in the above order. Refer to the Table of Contents for applicable page number locations.

Sources: Unless otherwise noted, the information in the tables is derived from the comprehensive annual financial reports for the relevant year.
