### **2019 Town of East Hartford Annual Report is Available Online**

Hard copies are available in town departments

East Hartford, CT— The Town of East Hartford is excited to present to you our 2019 Annual Report, available [here](#).

Issued each year, the Annual Report is a longstanding tradition in East Hartford. The report celebrates our successes and new programs, and looks back at achievements of the past year. This year, the report showcases the successes of individual departments through infographics to give you a snapshot of the daily services they fulfill. Additionally, the report outlines a wide range of services available to East Hartford residents.

You are welcome to read through the report to learn more about our accomplishments, new programs and services that contribute to the quality of life in East Hartford. This year's report is special as it features photographs submitted by community members and visitors as part of our first town-wide photography contest. The Town of East Hartford would like to thank all participants for sharing their best images of East Hartford.

Hard copies of the report are available in various Town Hall offices, East Hartford Public Library, East Hartford Public Safety Complex and Connecticut River Valley Chamber of Commerce.

Previous years' annual reports can be viewed [here](#).
