East Hartford Reminds Residents of Alternative Transportation

East Hartford, CT—As the need for alternative transportation is growing, Mayor Marcia A. Leclerc and the Town of East Hartford would like to remind residents of transportation services available to them. Whether you are looking to commute to work, school or appointments, CTrides can help you find the best way to get to your destination.

CTrides offers transportation services to meet the diverse needs of local commuters, providing resources that include bus trips, carpools and more. Residents can easily locate transit in their area using a town-by-town Transit Finder option available on CTrides website. You can pick a county and town and see how you can get where you need to go in an easier and more cost-effective way. If there are no bus options, CTrides can assist with a customized commute plan, involving a carpool or vanpool. Residents can also plan their trips in advance by using the trip planner option on the CTrides website. Commuters utilizing alternative transit options through CTrides can get rewarded for their trips through the Transit Rewards Program, which offers discounts and incentives when you ride.

To learn more about local transportation options, transit schedule and locations visit CTrides at www.ctrides.com.
