Town of East Hartford CDBG Survey Available Online

East Hartford, CT— The Town of East Hartford has posted a Community Development Needs Survey on the Town's website asking residents to rate the greatest needs in the community. Each year, the Town of East Hartford receives a federal Community Development Block Grant (CDBG) for housing and community development projects that primarily benefit low to moderate income residents. Every five years, a Consolidated Plan is created which outlines the areas in which the annual grant will be spent. The Needs Survey offers the residents of East Hartford a voice in how CDBG funds are spent.
