

## Department of Public Works Town of East Hartford, CT

### CTDOT Highway Use Special Event Permits

Event organizers who wish to utilize state roads for their special event (parade, road race, bicycle event, motorcycle run, etc.) must obtain evidence that the town's Local Traffic Authority (LTA) supports the use of the roadways involved and agrees with the proposed traffic control plan. To ensure timely responses on LTA concurrence, event organizers must complete the East Hartford Application for LTA Concurrence of Highway Use Permit associated with Motorcycle / Bicycle and other special events.

Event organizers shall provide all information requested at the top of the form and shall attach additional information (maps, description of route, proposed traffic control plan, etc.) as necessary and submit to the Town's Legal Traffic Authority for review. If approved, the completed form shall be signed and returned to the event organizer for inclusion in their submission to the Connecticut Department of Transportation (CTDOT).

It is the responsibility of the event organizer to obtain LTA concurrence with the proposed event and to make all submissions required to CTDOT to obtain the permit.

Review times depend upon the complexity, scope, and the completeness of the application for each event. Applicants are advised to submit their local request well in advance of any CTDOT review period.

Rules pertaining to CTDOT's Special Event can be found at:
