OPPORTUNITY FOR COUNCILLORS TO DIRECT QUESTIONS TO THE ADMINISTRATION

Councillor Tsegai recommended that an accessible sidewalk ramp be installed at the intersection of Brewer Street and Roxbury Road. The Mayor acknowledged the issue, noting that ramps are installed when the adjacent road is being repaved. A similar issue along Hills Street at the crossing of Skyline Drive also needs to be addressed. The Councillor also acknowledged the efforts for safety that have been made with the installation of stop signs replacing the stop light at the intersection of Brewer and Forbes streets.

Councillor Morrison requested clarity regarding the Redevelopment Agency action item which authorized the Chair of the Agency to execute the contract for sale with Habitat for Humanity of the property at 550-560 Burnside Avenue at the August 10th Redevelopment Agency Special Meeting. Mayor Walsh believes that the Redevelopment Agency approved the motion as owners of the land.

Councillor Simpson asked when lines would be painted on recent temporary overlay patchwork of town roads. The Mayor anticipates that painting will begin towards the end of August and continue into the fall. The Councillor also requested an update on Town-owned property that may be considered for sale.

Members of Town Council
Town of East Hartford, Connecticut

We are engaged to audit the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Town of East Hartford, Connecticut as of and for the year ended June 30, 2022. Professional standards require that we communicate to you the following information related to our audit. We will contact you to schedule a meeting to discuss this information since a two-way dialogue can provide valuable information for the audit process.

Financial statements, internal control, and compliance

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (U.S. GAAS); the standards for financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance); and the Connecticut State Single Audit Act (State Single Audit). Those standards require us to be independent of the entity and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. Those standards also require that we exercise professional judgment and maintain professional skepticism throughout the planning and performance of the audit. As part of our audit, we will:

- Identify and assess the risks of material misstatement of the financial statements and material noncompliance, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinions. The risk of not detecting a material misstatement or a material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit that are required to be communicated under U.S. GAAS and Government Auditing Standards.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial

statements, including the amounts and disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity’s ability to continue as a going concern for a reasonable period of time.

- Form and express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America.

- Plan and perform the audit to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS and the standards for financial audits contained in Government Auditing Standards will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

- Perform, as part of obtaining reasonable assurance about whether the financial statements as a whole are free from material misstatement, tests of the entity’s compliance with provisions of laws, regulations, contracts, and grant agreements that have a material effect on the financial statements. However, the objective of our tests is not to provide an opinion on compliance with such provisions and we will not express such an opinion in our report on compliance issued pursuant to Government Auditing Standards.

- Provide a report (which does not include an opinion) on internal control over financial reporting and on compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the financial statements, as required by Government Auditing Standards.

- Obtain an understanding of internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance, but not for the purpose of expressing an opinion on the effectiveness of the entity’s internal control over compliance. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control over compliance that we identify during the audit that are required to be communicated.

- Plan and perform the audit to obtain reasonable assurance about whether material noncompliance with the applicable compliance requirements occurred. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with U.S. GAAS, Government Auditing Standards, the Uniform Guidance and the State Single Audit Act will always detect material noncompliance when it exists. Material noncompliance can arise from fraud or
error and is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report.

- Perform tests of controls over compliance to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with the direct and material compliance requirements applicable to each major federal or state award program. However, our tests will be less in scope than would be necessary to render an opinion on those controls and, accordingly, no opinion will be expressed in our report on internal control issued pursuant to the Uniform Guidance and the State Single Audit.

- Consider internal control over compliance with requirements that could have a direct and material effect on a major federal or state program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with the Uniform Guidance and the State Single Audit.

- Perform tests of transactions and other applicable procedures described in the “OMB Compliance Supplement” and the “Compliance Supplement to the State Single Audit” for the types of compliance requirements that could have a direct and material effect on each of the entity’s major programs. The purpose of these procedures will be to express an opinion on the entity’s compliance with requirements applicable to each of its major programs in our report on compliance issued pursuant to the Uniform Guidance and the State Single Audit. While our audit will provide a reasonable basis for our opinion, it will not provide a legal determination on the entity’s compliance with those requirements.

- Provide a report on internal control over compliance related to major programs and express an opinion (or disclaimer of opinion) on compliance with federal and state statutes, regulations, and the terms and conditions of federal or state awards that could have a direct and material effect on each major program in accordance with the Uniform Guidance and the State Single Audit.

- Communicate significant matters related to the financial statement audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

- Communicate matters required by law, regulation, agreement, or other external requirements.

- Communicate circumstances that affect the form and content of the auditors’ report.

Our audit of the financial statements does not relieve you or management of your responsibilities.

**Supplementary information in relation to the financial statements as a whole**

Our responsibility for the schedule of expenditures of federal awards (SEFA) and the Schedule of Expenditures of State Financial Assistance (SESFA) accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the SEFA and the SESFA in relation to the financial statements as a whole and to report on whether the SEFA and the SESFA are fairly stated, in all material respects, in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the SEFA and the SESFA to determine whether the SEFA and the SESFA
complies with the requirements of the Uniform Guidance and the State Single Audit, respectively, the method of preparing the schedules has not changed from the prior period, and the SEFA and the SESFA is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the SEFA and the SESFA to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Because we were engaged to report on the supplementary information accompanying the financial statements, our responsibility for other supplementary information accompanying the financial statements, as described by professional standards, is to evaluate the presentation of the supplementary information in relation to the financial statements as a whole and to report on whether the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole. We will make certain inquiries of management and evaluate the form, content, and methods of preparing the information to determine whether the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We will compare and reconcile the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

**Required supplementary information**

With respect to the required supplementary information (RSI) accompanying the financial statements, we will make certain inquiries of management about the methods of preparing the RSI, including whether the RSI has been measured and presented in accordance with prescribed guidelines, whether the methods of measurement and preparation have been changed from the prior period and the reasons for any such changes, and whether there were any significant assumptions or interpretations underlying the measurement or presentation of the RSI. We will compare the RSI for consistency with management’s responses to the foregoing inquiries, the basic financial statements, and other knowledge obtained during the audit of the basic financial statements. Because these limited procedures do not provide sufficient evidence, we will not express an opinion or provide any assurance on the RSI.

**Use of financial statements**

Our auditors’ opinions, the audited financial statements, and the notes to financial statements should only be used in their entirety. Inclusion of the audited financial statements in a document you prepare, such as an annual report, should be done only with our prior approval and review of the document. You are responsible to provide us the opportunity to review such documents before issuance.

**Planned scope and timing of the audit**

An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; therefore, our audit will involve judgment about the number of transactions to be examined and the areas to be tested.

Our audit of the financial statements will include obtaining an understanding of the entity and its environment, including internal control, sufficient to assess the risks of material misstatement of the financial statements and to design the nature, timing, and extent of further audit procedures. Material misstatements may result from (1) errors, (2) fraudulent financial reporting, (3) misappropriation of assets, or (4) violations of laws or
governmental regulations that are attributable to the entity or to acts by management or employees acting on behalf of the entity. We will generally communicate our significant findings at the conclusion of the audit. However, some matters may be communicated sooner, particularly if significant difficulties are encountered during the audit where assistance is needed to overcome the difficulties or if the difficulties may lead to a modified opinion. We will also communicate any internal control related matters that are required to be communicated under professional standards.

Although our audit planning has not been concluded and modifications may be made, we have identified the following significant risk(s) of material misstatement as part of our audit planning:

- Management override of controls

As a result of unexpected events, changes in conditions, or the audit evidence obtained from the results of audit procedures performed, we may need to modify the overall audit strategy and audit plan and, thereby, the resulting planned nature, timing, and extent of further audit procedures, based on the revised consideration of assessed risks.

We expect to begin our audit on approximately October 3, 2022 and issue our report on approximately December 5, 2022.

Other planning matters
Recognizing the importance of two-way communication, we encourage you to provide us with information you consider relevant to the audit. This may include, but is not limited to, the following items:

- Your views about the following matters:
  - The appropriate person(s) in the entity's governance structure with whom we should communicate.
  - The allocation of responsibilities between those charged with governance and management.
  - The entity's objectives and strategies and the related business risks that may result in material misstatements.
  - Matters you believe warrant particular attention during the audit and any areas for which you request additional procedures to be undertaken.
  - Significant communications between the entity and regulators.
  - Other matters you believe are relevant to the audit of the financial statements.

- The attitudes, awareness, and actions of those charged with governance concerning (a) the entity's internal control and its importance in the entity, including how those charged with governance oversee the effectiveness of internal control, and (b) the detection or the possibility of fraud.
• The actions of those charged with governance in response to developments in law, accounting standards, corporate governance practices, and other related matters, and the effects of such developments on, for example, the overall presentation, structure, and content of the financial statements, including the following:
  o The relevance, reliability, comparability, and understandability of the information presented in the financial statements.
  o Whether all required information has been included in the financial statements, and whether such information has been appropriately classified, aggregated or disaggregated, and presented.

• The actions of those charged with governance in response to previous communications with the auditor.

• Your understanding of the risks of fraud and the controls in place to prevent and detect fraud, including your views on the following matters:
  o The “tone at the top” conveyed by management.
  o The risk that the entity’s financial statements or schedule of expenditures of federal awards might be materially misstated due to fraud.
  o Programs and controls that the entity has established to mitigate identified fraud risks or that otherwise help to prevent, deter, and detect fraud.
  o How and how often you review the entity’s policies on fraud prevention and detection.
  o If a fraud hotline is in place, how it is monitored and how you are notified of allegations or concerns.
  o How you exercise oversight of management’s processes for identifying and responding to the risks of fraud and the programs and controls management has established to mitigate those risks.
  o The risks of fraud at the entity, including any specific fraud risks the entity has identified or account balances, classes of transactions, or disclosures for which a risk of fraud may be likely to exist.
  o Examples of fraud-related discussions management has had with you.
  o Any actual or suspected fraud affecting the entity or its federal award programs that you are aware of, including measures taken to address the fraud.
  o Any allegations of fraud or suspected fraud (e.g., received in communications from employees, former employees, grantors, regulators, or others) that you are aware of.
Any knowledge of possible or actual policy violations or abuses of broad programs and controls occurring during the period being audited or the subsequent period.

Any accounting policies or procedures applied to smooth earnings, meet debt covenants, minimize taxes, or achieve budget, bonus, or other financial targets that you are aware of; and whether you are aware of any accounting policies that you consider aggressive.

- How you oversee the entity’s (1) compliance with laws, regulations, and provisions of contracts and grant agreements, (2) policies relative to the prevention of noncompliance and illegal acts, and (3) use of directives (for example, a code of ethics) and periodic representations obtained from management-level employees about compliance with laws, regulations, and provisions of contracts and grant agreements.

- Whether you are aware of any noncompliance with laws, regulations, contracts, and grant agreements, including measures taken to address the noncompliance.

- If the entity uses a service organization, your knowledge of any fraud, noncompliance, or uncorrected misstatements affecting the entity’s financial statements or federal award programs reported by the service organization or otherwise known to you.

This communication is intended solely for the information and use of the Town Council and management of the Town of East Hartford, Connecticut and is not intended to be, and should not be, used by anyone other than these specified parties.

RE: MOA: Assistant Fire Chief

Please find enclosed a Memorandum of Agreement submitted by Fire Chief Kevin Munson, allowing Local 1548 bargaining unit members to accept a position in the fire department administration.

Please place this item on the Town Council agenda for the September 6th, 2022 meeting.

C: K. Munson, Fire Chief
T. Harris, HR Director

From: Kevin Munson, Fire Chief  
Re: MOA for Assistant Fire Chief  

Mr. Mayor,  

Let this memo serve as my support for the Memorandum of Agreement allowing Local 1548 bargaining unit members to accept a position in the fire department administration. When the language was created to prevent this action, it had the unintended action of preventing a senior member of the fire department leadership team from moving into the Assistant Fire Chief or Fire Chief position. This hinders the department’s ability to retain talented fire officers who are bringing their talents to other organizations.  

The most impactful consequence is the loss of institutional knowledge. A fire officer that has spent decades developing knowledge of the community, the buildings, and department operations is unable to continue that pathway into the Assistant Fire Chief of Operations. The Operations position requires a high degree of knowledge and expertise in modern firefighting as well as the Town of East Hartford and its critical infrastructure.  

With the present arrangement, if a member of the bargaining unit takes a position in fire administration, they forego, or freeze, their pension benefit entirely. This is a financially disastrous situation for the individual. The MOA proposes to allow the benefit to be preserved while remaining in the fire department in an administrative capacity.  

It is worth noting that a similar MOA was created for the police department allowing their members to move into command roles. This has had a positive impact on department morale as well as operations.  

Lastly, if the pathway program is successful in allowing East Hartford youth to become firefighters, this MOA will allow them an opportunity to be one of the next Fire Chiefs of our department.  

Respectfully,  

Kevin Munson, Fire Chief
MEMORANDUM OF AGREEMENT

RETIREMENT BENEFITS FOR UNION MEMBERS PROMOTED TO CHIEF or ASSISTANT CHIEF POSITIONS

The Town of East Hartford ("Town") and the East Hartford Firefighters Association IAFF Local 1548 ("Union") enter into the following Memorandum of Agreement ("MOA"):

1. The Town and Union are parties to a collective bargaining agreement ("CBA") with the term July 1, 2019 — June 30, 2022. The Town and Union are in negotiations for a successor agreement.

2. Full-time permanent, uniformed members of the Town fire department, with the exception of those holding the ranks of Chief or Assistant Chief, are recognized as members of the Union ("Union members").

3. Union members participate in the "Retirement Plan for Full-Time Employees of the Fire Department of the Town of East Hartford," the substantive provisions of which are negotiated between the Town and Union ("Union Retirement Plan").

4. The Union Retirement Plan, in general, consists of a defined benefit plan; vesting after ten years of service, with regular retirement eligibility after 25 years of service; the opportunity for re-employment after retirement, with the cessation of pension payments during the period of re-employment; and the opportunity to participate in a Deferred Retirement Option Plan ("DROP") after completing the 25th year of service for the period up to and through completion of the 29th year of service.

5. Non-Union, full-time members of the Town fire department holding the ranks of Chief or Assistant Chief are not eligible to participate in the Union Retirement Plan. Per Appendix A of the Systemic Pay Plan for East Hartford Employees, the Chief and Assistant Chiefs participate in the Director's Deferred Compensation 457 Plan ("Director's 457 Plan").

6. With the exception of DROP participants, currently, a Union member promoted to the rank of Chief or Assistant Chief must cease contributions to the Union Plan and would be ineligible for any immediate benefits under that Plan (other than pursuant to any applicable language regarding the return of contributions). The individual would retain their rights to any vested benefits under the Union Plan and then become eligible for participation in the Director's 457 Plan. The parties recognize that the loss of ability to continue in the Union Retirement Plan may limit potential internal applicants from seeking future openings in the ranks of Chief or Assistant Chief. The parties intend through this MOA that a Union member promoted to the rank of Chief or Assistant Chief will receive
retirement benefits pursuant to the same structure set forth in the CBA and Union Retirement Plan.

7. The Town will continue to vet all applicants for Non-Union ranks within the Fire Department pursuant to its Personnel Rules. In the interests of developing diverse applicant pools and encouraging Union employees to apply for Non-Union ranks with the Fire Department:

   a. Union employees promoted to the ranks of Chief or Assistant Chief may elect to continue active participation in the Union Retirement Plan, under all the terms and conditions set forth in that Plan. Such employees otherwise may elect to cease contributions to the Union Plan, remain ineligible for any immediate benefits under that plan, and join the Director's 457 Plan.

   b. The CBA provides for the treatment of certain paid leave at the time of separation from employment, and the Systemic Pay Plan for East Hartford Employees provides for the use and accumulation of certain paid leave. Union employees promoted to the ranks of Chief or Assistant Chief shall continue to receive the payout benefit set outlined in CBA and Union Retirement Plan at the time of employee's actual separation from employment as Chief or Assistant Chief. Specific leave benefits are as follows:

      i. Vacation Time

         Unused, accumulated vacation at the time of promotion shall remain in the employee's account.

         Going forward from the time of promotion, the employee will accumulate vacation leave as of January 1 in accordance with the Systemic Pay Plan for East Hartford Employees, subject to any caps.

         Payout of vacation leave shall be governed by the applicable provisions of the Systemic Pay Plan for East Hartford Employees. Total accrual, use, payout, and application to the average salary for pension purposes for this vacation leave shall be governed by the applicable provisions of the CBA and Union Retirement Plan in effect at the time of the employee's actual separation from employment as Chief or Assistant Chief.

      ii. Sick Time

         Unused, accumulated sick leave at the time of promotion will remain frozen and in escrow. Total accrual, use, payout, and application to the average salary for pension purposes for this sick leave shall be governed by the applicable provisions of the CBA in effect at the time of the employee's actual separation from employment as Chief or Assistant Chief.

         Employee's access to and use of sick time in the position of Chief or Assistant Chief shall be in accordance with the Systemic Pay Plan for East Hartford Employees.
iii. Earned Days

Unused, accumulated earned at the time of promotion will remain an employee's account to be used as time off. No additional earned days may be added to an employee's account once promoted to Chief or Assistant Chief.

c. Union employees promoted to the ranks of Chief or Assistant Chief, who are involuntarily separated from employment without cause (e.g., position elimination; laid off for financial or budget reasons) after appointment to the rank of Chief or Assistant Chief, may revert to their most recent rank within the Union. Such reversion will not result in the bumping or elimination of the position of any Union member holding the same rank; the employee returning to the Union will suffer no loss of seniority for any purpose (with time served in the capacity of Chief or Assistant Chief counting toward seniority under the CBA).

8. Finalization of this MOA is contingent upon the Town's completion of any necessary internal and legislative steps for approval and the Union's ratification.

7. This MOA contains the entire agreement of the parties on this subject. This MOA survives the expiration of the current and future CBAs, absent modification in writing by the parties.

Dated this _____ day of July, 2022.

National Leadership Grants for Libraries

Deadline: September 21, 2022
Application: The Notice of Funding Opportunity (NOFO) for FY 2023 (PDF, 656KB) is now available.

Program Overview: The National Leadership Grants for Libraries Program (NLG-L) supports projects that address critical needs of the library and archives fields and have the potential to advance practice and strengthen library and archival services for the American public. Successful proposals will generate results such as new models, tools, research findings, services, practices, and/or alliances that can be widely used, adapted, scaled, or replicated to extend and leverage the benefits of federal investment.

The goals for this program are to generate projects of far-reaching impact that:

- Build the workforce and institutional capacity for managing the national information infrastructure and serving the information and education needs of the public.
- Build the capacity of libraries and archives to lead and contribute to efforts that improve community well-being and strengthen civic engagement.
- Improve the ability of libraries and archives to provide broad access to and use of information and collections with emphasis on collaboration to avoid duplication and maximize reach.
- Strengthen the ability of libraries to provide services to affected communities in the event of an emergency or disaster.
- Strengthen the ability of libraries, archives, and museums to work collaboratively for the benefit of the communities they serve.

Throughout its work, IMLS places importance on diversity, equity, and inclusion. This may be reflected in an IMLS-funded project in a wide range of ways, including efforts to serve individuals of diverse geographic, cultural, and socioeconomic backgrounds; individuals with disabilities; individuals with limited functional literacy or information skills; individuals having difficulty using a library or museum; and underserved urban and rural communities, including children from families with incomes below the poverty line.

Application Process: The application process for the NLG-L program has two phases; applicants must begin by applying for Phase I. For Phase I, all applicants must submit Preliminary Proposals by the September 21st deadline listed for this Notice of Funding Opportunity. 10. **Program Overview, Objectives, and Priorities**
    **a. Overview**
    The Fiscal Year (FY) 2021 Assistance to Firefighters Grant (AFG) Program is one of three grant programs that constitute the Department of Homeland Security (DHS), Federal Emergency Management Agency’s (FEMA’s) focus on enhancing the safety of the public and firefighters with respect to fire and fire-related hazards. The AFG Program provides financial assistance directly to eligible fire departments, nonaffiliated emergency medical service (EMS) organizations, and State Fire Training Academies (SFTAs) for critical training and equipment. The AFG Program has awarded approximately $7.7 billion in grant funding to provide critically needed resources that equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience. Information about success stories for this program can be found at [Assistance to Firefighters Grants Program | FEMA.gov](https://www.fema.gov/financial-assistance/firefighters-grants).

    The AFG Program represents part of a comprehensive set of measures authorized by Congress and implemented by DHS. Among the five basic homeland security missions noted...
in the **DHS Strategic Plan**, the AFG Program supports the goal to Strengthen Preparedness and Resilience. In awarding grants, the FEMA Administrator is required to consider:

- The findings and recommendations of the Technical Evaluation Panel (TEP);
- The degree to which an award will reduce deaths, injuries and property damage by reducing the risks associated with fire related and other hazards;
- The extent of an applicant’s need for an AFG Program grant and the need to protect the United States as a whole; and
- The number of calls requesting or requiring a firefighting or emergency medical response received by an applicant.

The **2018-2022 FEMA Strategic Plan** creates a shared vision for the field of emergency management and sets an ambitious, yet achievable, path forward to unify and further professionalize emergency management across the country. The AFG Program supports the goal of Readying the Nation for Catastrophic Disasters. We invite all of our stakeholders and partners to also adopt these priorities and join us in building a stronger Agency and a more prepared and resilient nation.

b. **Objectives**

The objectives of the AFG Program are to provide critically needed resources that equip and train emergency personnel to recognized standards, enhance operational efficiencies, foster interoperability, and support community resilience.

c. **Priorities**

Information on program priorities and objectives for the FY 2021 AFG Program can be found in [Appendix B – Programmatic Information and Priorities](#).

11. **Performance Measures**

The grant recipient is required to collect data to allow FEMA to measure performance of the awarded grant in supporting AFG Program metrics, which are tied to the programmatic objectives and priorities. To measure performance, FEMA may request information throughout the period of performance. In its final performance report submitted at closeout, the recipient must submit sufficient information to demonstrate it has met the performance goal as stated in its award. FEMA will measure the recipient’s performance of the grant by comparing the number of items, supplies, projects and activities needed and requested in its application with the number acquired and delivered by the end of the period of performance using the following programmatic metrics:

- Percentage of AFG Program personal protective equipment (PPE) recipients who equipped 100% of on-duty active members with PPE in compliance with applicable National Fire Protection Association (NFPA) and Occupational Safety and Health Administration (OSHA) standards.
- Percentage of AFG Program equipment recipients who reported that the grant award brought them into compliance with either state, local, NFPA or OSHA standards.
- Percentage of AFG Program grant recipients who reported having successfully replaced their fire vehicles in accordance with industry standards.
- Percentage of AFG Program training recipients who reported that the grant award allows their members to achieve firefighter training level I and firefighter training level II within one year of coming into service.

RE: RESOLUTION: 2022 Assistance to Firefighter Grant (AFG)

The Federal Fire Protection and Control Act of 1974 established a competitive financial assistance program through the Federal Emergency Management Agency (FEMA) entitled “Assistance to Firefighters Grant” program and the East Hartford Fire Department has submitted and been awarded an Assistance to Firefighters Grant to purchase personal protective equipment cleaning and drying equipment. The grant was awarded in the amount of $874,687.00.

The grant award of $874,687 requires a 10% match from the town in the amount of $87,468.77. The Department has coordinated with Finance Director Melissa McCaw to absorb this match within the Fire Budget or address in the FY 2022-23-year end transfers to ensure the Town is able to leverage the $847,587 grant, in which doing so provides some financial relief to the town in replacement equipment expenses.

Please place this item on the Town Council agenda for the September 6th, 2022 meeting. I recommend that the Town Council approve the resolution as submitted.

The Town of East Hartford is looking to apply to apply to the state Department of Economic and Community Development (DECD) for an Urban Act Grant authorized by the State Bond Commission for renovations to the Veterans Memorial Clubhouse (VMC).

The Town Council unanimously approved a resolution concerning this grant on July 12, 2022. However, the resolution brought before the Council at that meeting erroneously listed the Capital Region Development Authority (CRDA) as the administering agency. As a result, the Department of Economic and Community Development (DECD) has asked that the resolution be redone using the proper agency and the proper statutory reference. The attached draft resolution fulfills both those requests.

RE: FY2022-23 UConn MPP Intern - Bid Waiver Approval Request

In accordance with Section 10-7 (c) of the Town of East Hartford Code of Ordinances, I respectfully request a bid waiver to contract with the University of Connecticut Master of Public Policy program for the FY2022-23 internship program in the Internship and Professional Practice Program.

The University of Connecticut offers the IPP program to municipalities, state government agencies and non-profits throughout the State of Connecticut as a mutually beneficial program. The UConn Masters of Public Policy (MPP) provides students with the analytic and quantitative skills necessary to design, analyze, and evaluate the success of policies. The students gain professional experience across Connecticut working with senior leaders of municipalities, state agencies, nonprofit organizations and private firms.

The program sponsor, in this case the Town of East Hartford, would benefit from a graduate level skillset to supplement the Finance team. In prior roles at both the City of Hartford and the State Office of Policy and Management, we greatly benefited from the work that these interns provided in Finance. Many led to careers in state and municipal government.

The UConn MPP is a niche program across the state universities and colleges. Students work a minimum of 585 hours over 39 weeks at a cost of $16,500 which includes their salary, health insurance and professional development. In light of niche program offered by the UConn MPP and the mutual benefit to the Finance Department, I request a bid waiver to fund the Town’s cost of $16,500.

I appreciate your consideration of this request. Should you have any questions or concerns regarding the above noted, please do not hesitate contact me. Thank you.

Sub: UConn School of Public Policy Internship and Professional Practice (IPP) Program 2022-23 Cycle Details

Dear Melissa,

On behalf of the UConn School of Public Policy (UConn SPP), I would like to thank you for supporting our Internship and Professional Practice (IPP) program. Our goal is for your organization to host our talented and skilled Masters in Public Administration (MPA) and Masters in Public Policy (MPP) students to support your good work, and for our students to learn and grow professionally from the experience.

We are happy that you have selected Delaney McGovern to intern at the Town of East Hartford under this IPP Program. The following are the rough details of the terms and conditions of the program:

- The UConn SPP intern will work an average 15 hours per week from August 23, 2022 to May 21, 2023. This amounts to a total of 585 hours over 39 weeks. There can be some flexibility built into the schedule as mutually agreed upon between the intern and the designated supervisor in the Town of East Hartford.
- The Town of East Hartford will provide an adequate work environment such that the intern gains meaningful work experience in the field of public administration.
- The intern will cost the Town of East Hartford $16,500 for this August 2022-May 2023 cycle.
- The Town of East Hartford will be sent an invoice in September for the full amount. Payments are due 30 days from issue, though please reach out to UConn SPP staff if there are any issues with such a timeline. UConn will pay the intern via stiped on a bi-weekly basis. The Town of East Hartford will not be required to arrange for any direct student payment.
- Each intern is required to complete a reflective paper that synthesizes the student’s understanding of how the internship incorporated theory and practice, based on his or her coursework and internship experience.
Please let me know if you have any questions or need any additional information. Thank you again for your participation and support of the IPP program, and we look forward to Delaney’s experience at the Town of East Hartford.

Sincerely,

RE: BID WAIVER: Connecticut Harm Reduction Alliance (CTHRA)

Please see the attached request from Health Director Laurence Burnsed for a bid waiver under the Town of East Hartford’s Code of Ordinances Section 10-7(c) to subcontract with Connecticut Harm Reduction Alliance (CTHRA) to provide mobile harm reduction services in East Hartford. RE: Request for waiver of bidding requirements

In accordance with Section 10-7(c) of the Town of East Hartford Code of Ordinances, I respectfully request a bid waiver to permit the Department of Health & Social Services to subcontract with the Connecticut Harm Reduction Alliance (CTHRA) to provide mobile harm reduction services in East Hartford.

Funding will be supported by the fiscal year 23 State of Connecticut Department of Public Health Per Capita Grant. These grant funds must be expended by June 30, 2023. If additional grant funds become available to support opioid response and harm reduction services, the Health Department will pursue a continuation of services with CTHRA.

Similar to national and state trends, East Hartford has experienced an increase in overdose events and accidental drug overdose deaths over the last several years. A community health survey conducted during April – May 2022 revealed residents ranked substance abuse as one of the top risk behaviors the health department needs to address with programs. CTHRA will work with the Health Department to identify one to two sites where harm reduction services can be conducted during a regular schedule for area residents. Services provided for residents include syringe exchange program, drug treatment access and referrals, shelter and housing referrals, referrals to East Hartford Social Services for case management, naloxone distribution, fentanyl test strip distribution, overdose response education, and outreach services to promote scheduled mobile operations. Health Department staff will collaborate with CTHRA staff to conduct outreach services and link local healthcare and behavioral health organizations for referral services.

There are two reasons for requesting Council approval for a bid waiver. First, there are currently two programs in the region that have the capacity to provide mobile harm reduction services; Advancing CT Together (ACT) and the CTHRA. The ACT Center for Harm Reduction advised they do not currently have the capacity to expand services and referred the East Hartford Health Department to CTHRA. Second, CTHRA is able to schedule mobile services in East Hartford during the same days of the week mobile events are occurring in Hartford. Utilizing the same mobile units and extending staff hours to operate mobile units in both Hartford and East Hartford provides the flexibility to schedule services as soon as possible based on available grant funds.

Total subcontracted cost: $35,001.00. Funds will be utilized to support two part-time outreach employees, project and scheduling oversight by the program director, outreach supplies for harm reduction services, mileage for the CTHRA mobile unit, and administrative program services.

I appreciate your consideration for this request. Please let me know if you need additional information or clarification.

Dear Mr. Walsh:

Attached is the social services supervisor position description with proposed revisions. As noted one of the key changes is to modify the education to require licensure as a clinical social worker (LCSW). We also added several job duties related to outreach, partnering with the Police Department’s LCSW via the behavioral health contract, and assignments that tie in licensed clinical social work. Finally, with the approval of the East Hartford Supervisors Union Local No. 818 of Council No.4 we are requesting to move the position from grade 108 to grade 112.

to approve the minutes of the April 12, 2022 meeting.
Motion carried 3/0.

OPPORTUNITY FOR RESIDENTS TO SPEAK

Janet Pearson, Owner of Eden’s Florist, 1429 Main Street, is looking acquire the property at 1437-1439 Main Street and spoke to her intended use for the space to enhance her current business. Eileen Buckheit, Development Director made note that Ms. Pearson’s business would be eligible for financial support provided by the recently approved ARPA Small Business Assistance Program, as business expansion is applicable to the program’s intent. Ms. Pearson expressed her concern as to whether she would be able to afford the property. While the program will not provide the funding to acquire the property itself, funding could be provided to support projects related to converting the land once it’s acquired.
Rich Gentile, Assistant Corporation Counsel, shared that the Town foreclosed on the property in 2015 due to delinquent taxes. The property initially held a house that was taken down due to fire damage. As a precedent, similar piece of land located on Main Street was sold by the town for less than market value to an abutting property owner with the stipulation that the acquired parcel be combined with the owner’s existing parcel.

The Committee discussed the fair market value for the property as well as the merits of a small business in the community looking to expand. Director Buckheit recommended that the lot be sold for as little as possible, taking into consideration the success of the business and its value to the community as a whole.

**MOTION**

By Tom Rup
seconded by Awet Tsegai

move that this committee: (i) not seek bids with respect to the transfer of 1437-1439 Main Street (the “Property”); (ii) negotiate directly with Eden’s Lodge LLC which is interested in acquiring the Property, ( “Eden”); (iii) recommend that the Town Council waive the appraisal requirement set forth in Town Ordinances 10-19(c); and (iv) recommend that the Town Council transfer the Property by Quit Claim Deed to Eden’s Lodge LLC for $10,000 subject to Connecticut General Statutes 8-24 review and a Connecticut General Statutes section 7-163e public hearing, and subject to the requirement that as part of the transaction conveying the property to EDEN, Eden combines the Property with the property it owns at 1429 Main Street, East Hartford, Connecticut, such that 1437-1439 Main Street and 1429 Main Street shall henceforth comprise one parcel.

Motion carried 3/0

Next steps for the property will be a Connecticut General Statues 8-24 review by the Planning and Zoning Commission and scheduling of a Public Hearing before the Council’s final vote to approve the sale.

**860 Main Street / Church Corners Inn**

The Committee reviewed background information on the property and discussed its current living quarters. Recently members of the committee and Director Buckheit participated in walk-throughs of the building to confirm that conditions are extremely poor. Financials for 860 Main were provided by the administration for committee review. Goman and York serve as property advisors for the Town, and administration has recruited an architectural firm to perform an existing conditions analysis and a structural analysis on the property. An environmental assessment and hazardous waste assessment will also be performed to better estimate the cost of interior demolition of the building.

Mike Goman, Principal of Goman and York, discussed the potential uses of the property and the process for evaluating market data to establish the value of the property.
Mayor Walsh summarized the current vision for improvements to Main Street as a whole and the property’s connection. The Mayor also discussed the impact that the renovation of the building would have on its current residents and actions that would be taken to provide support for them.

Mr. Gentile shared that three appraisals were done on the property. After factoring in the improvements that would be required upon acquisition, the administration has determined a fair price for the property to be $950,000. The Committee discussed the estimated costs upon the Town’s Police and Fire Departments’ calls to service the property as well as the opportunity for funding support via the state’s Community Investment Fund (CIF) and the Capital Region Development Authority (CRDA).

**MOTION**

By Tom Rup
seconded by Awet Tsegai

...to support the Town’s acquisition of 860 Main Street for the sum of $950,000 and send this matter back to the full Town Council for action as a Committee of the Whole.

Motion carried 3/0.

3 Hillside Avenue

The Committee reviewed previous discussions on the property that is currently being offered to the Town as a donation. Chief of Staff Martin advised that the administration is not in favor of performing an environmental assessment on the property as the Town Engineer has already provided results of a previous assessment on the abutting property. Currently the address has roughly $400.00 in taxes due. Mr. Gentile stated that the outstanding taxes will need to be brought up to date before the property can be acquired and while many efforts have been made, the validity of the property’s title is not entirely sound.

The Committee discussed the repercussions and potential challenges of acquiring the property as it currently stands.

**MOTION**

By Awet Tsegai
Seconded by Angie Parkinson

That the Real Estate Acquisition and Disposition Committee recommends to the Town Council that, subject to C.G.S. 8-24 review by the Planning and Zoning Commission, and subject to the payment of all outstanding taxes due to the Town of East Hartford, the Town Council: (i) accept the gift of whatever interest and title The G. William Miller Trust and Edward Miller, or their heirs, trustees, executors or assigns, hold in property known as 3 Hillside Avenue (the “Property”); and (ii) waive the requirements of Town Ordinances section 10-18(b) with respect to obtaining an appraisal of the property, a survey of the Property, and a Phase 1 Environmental Report on the Property, such waivers being in the best interests of the Town, given the fact that this conveyance is a gift, there is a property description of the property based on old surveys in the East Hartford Town Clerk’s Office, and
this property appears to have had either residential or non-commercial farming uses for over 100 years.

RE: REReferral: 1437-1439 Main Street

The Mayor's Office received a letter from property owner Janet Pearson of Eden's Florist at 1429-1431 Main St. who has expressed interest in acquiring abutting property at 1437-1439 Main St. to expand her florist business. The property at 1437-1439 Main St. sits as an empty grass lot with a 2-car garage on the west side of the property. Currently, the Town is not collecting any tax revenue on this property nor has a planned use for the property.

Therefore, please refer 1437-1439 Main Street to the Real Estate Acquisition subcommittee for possible disposition to the abutting property owner at 1429-1431 Main Street.

1429 Main Street  
East Hartford CT 06108  

January 19, 2022  

The Town of East Hartford  
740 Main Street  
East Hartford CT 06108  

Dear Sir/Madam:  

Re: Request for Vacant Lot on Main Street  

My name is Janet Pearson and I own the property at 1429-1431 Main Street. There is a vacant Lot to the right of this property when facing the building from Main Street. It is a corner lot located on the corner of Stanley and Main Street. There used to be a house on the Lot, but it was destroyed by fire and I am of the understanding that it is owned by the Town of East Hartford. I am interested in this lot as it would give me more flexibility to operate my business. Our Parking is very limited, and so this would generate more parking space for us and a greenhouse which would be a great addition to our business and a nice face lift for the community. Could you please let me know if this possible? I am a small business owner (Eden's Florist), single mom to a 28-year-old young man with autism and seizures and is looking to see if I can expand my business.  

Thank you for considering my request and I look forward to your favorable response.  

Regards.  

Janet Pearson

MOTION

to approve the minutes of the June 20, 2022 meeting.

Motion carried 3/0.

OPPORTUNITY FOR RESIDENTS TO SPEAK

Marcia Leclerc, 673 Burnham Street, provided background information on the Friends of East Hartford Senior Center, a nonprofit organization focused on providing support for the Senior Center through a variety of investments since 2000. Ms. Leclerc stated that the organization successfully contributed over $1 million to the acquisition and renovation of the new Senior Center location. 100% of all funds raised by the organization go to support the facility’s equipment needs and programming costs. Ms. Leclerc has requested that all fees be waived on requests for use of the facility by the Friends of EHSC given the benefits to the Center that the organization provides.

NEW BUSINESS

Senior Center Fee Schedule and Policy

Jessica Carrero, Project Manager, provided background on a fees schedule that was initially presented to the Council under Mayor Leclerc in October of 2021. The initial structure was proposed in advance of the Senior Center opening to the public and what has been presented for this meeting has been trimmed down to better reflect the limited availability of space based on current programs. At this time only the Dining Room and Media Room will be made available for rental. Policy will restrict use or rental of the Senior Center to outside agencies except in cases where agencies provide a direct benefit to the Senior Center.
As constructed, fees would be established for Non-Profits and Out of Town/For Profit Groups. The Committee requested consideration of an additional cost bracket for residents for more individualized events. Administration stated that due to the maintenance costs and limited availability of the space, allowing rental for residents would be prohibitive based on current usage.

The Committee then discussed staffing requirements during events, particularly for any rentals occurring outside of normal operating hours as the facility; proposing a nominal fee be considered to accommodate for the additional work hours required.

MOTION

By Awet Tsegai
seconded by Travis Simpson

to table approval of the fee structure for rental of the Senior Center and policy pending additional revisions and clarifying language.

Melissa McCaw, Finance Director stated that the changes to the program will not negatively affect the budget and should meet anticipated revenue estimates over the transition.

Motion carried

    Mayor Walsh
    Melissa McCaw, Finance Director
    Marilyn Cruz-Aponte, Director of Public Works
By way of this memo, let me respectfully request a referral to the Fees Committee for the purposes of adopting the following two items:

1. A fee schedule for the rental of the Senior Center to outside groups (attached)
2. The approval of the existing policy (see below) for the use of the Senior Center Building

Use of Senior Center Building and Facilities
Due to limitations and space for Senior programming the current building use policy restricts use or rental of the Senior Center to outside agencies, except in cases where the agencies function provides a direct benefit to the Senior Center. Requests for use under this exception should be made in writing to the Senior Center Coordinator. All Senior Center use will abide by the Town’s facility use policies and insurance requirements.

On issue number 1, the Senior Center has been fully utilized by residents and staff so there are no plans in the immediate future to rent rooms as originally contemplated, but the fee schedule can be adopted for use in the future if the utilization drops to a point where rentals can be accommodated without encroaching on existing programs or by the use of residents.

Please place on the Town Council agenda for the August 16th, 2022 Town Council meeting.

Thank you.

Re: Outdoor Amusement Permit Application
"Dad Hero Community Day"

Dear Chairman Kehoe:

Attached please find the amusement permit application by My People Community Services, Inc., with Abdul-Rahmaan I. Muhammad as Executive Director. The contact on this application has been Tyron Harris, in the capacity of VP of BSL Committee. The applicant seeks to conduct the Dad Hero Community Day on Saturday, September 10, 2022 from 11:00 am to 3:00 pm at the Town Green/Alumni Park with set up beginning at 9:30am. The event is free to the community and will serve to highlight the importance of dads and father involvement in their children's lives. There will be music, food and children activities. The event is rain or shine unless heavy downpours.

The applicant respectfully requests a waiver of the associated permit fee, under the provisions of (TO) 5-6(a), due to the Town of East Hartford as the event is for the Town of East Hartford residents and will be free the community.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The Offices of Corporation Counsel approves the application as submitted.

The Office of Risk Management approves the application as submitted and is awaiting the Certificate of Insurance for vendors providing the inflatables for review and approval.

The Inspections and Permits Department states that permits and inspections may be required for temporary installations.

The Fire Department approves the application as submitted and state there are no anticipated costs to their Department. There will have to be inspections by Fire Marshal for any food being served or provided prior to event opening.

- The three bounce houses will be at the corner of the Alumni Park, which is the same location as the four bounce houses for Juneteenth.
- The three hot dog carts will be spread throughout the Alumni Park.
- We will have two face painters, two registration tables, DPH will setup, and performers on the stage from 12:00 pm-1:00 pm
- We will have 10-20 volunteers arriving at 9:00 am to set up, and 10-15 volunteers arriving at 1:00 pm to assist with cleanup throughout the event.

Dear Chairman Kehoe:

Attached please find the amusement permit application by the East Hartford Public Library by Sarah Kline Morgan, Library Director. The applicant seeks to conduct the Hartford Steel Symphony Concert on the front lawn of the Raymond Library at 840 Main Street on Saturday, September 10, 2022, from 1:00 PM – 2:00 PM. This event is sponsored by the East Hartford’s Commission on Culture and Fine Arts.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The Offices of Corporation Counsel and Risk Management approve the application as submitted.

The Fire, Public Works, Health and Parks & Recreation Departments approve the application as submitted and states there are no anticipated costs to their Departments for this event.

Re: Outdoor Amusement Permit Application
"Music at the Market"

Dear Chairman Kehoe:

Attached please find the amusement permit application by the East Hartford Public Library by Sarah Kline Morgan, Library Director. The applicant seeks to conduct the Music at the Market on the front lawn of the Raymond Library at 840 Main Street on Friday, September 9, 16, 23 and 30, 2022, from 11:00 AM – 1:00 PM. The rain dates are Friday, October 7 and 14, 2022. This will be local small-scale musical acts that will perform during the Farmers Market. This event will be held concurrent with the Health Department's sponsored Farmers market and therefore no additional food or vendors beyond the scope of the market will be present. This event is sponsored by the East Hartford’s Commission on Culture and Fine Arts.

Pursuant to Town Ordinance (TO) 5-3, a review of the application was completed by the Directors of the Fire, Health, Parks & Recreation, Public Works Departments and the Offices of the Corporation Counsel and Finance.

The Offices of Corporation Counsel and Risk Management approve the application as submitted.

The Inspections and Permits Department states that permits and inspections may be required for temporary installations.

The Fire, Public Works, Health and Parks & Recreation Departments approve the application as submitted and states there are no anticipated costs to their Departments for this event.

The Police Department conducted a review of the application and the following comments/recommendations are made:

- The Police Department can provide adequate police protection for the event. The site is suitable for the outdoor amusement, the expected crowds are of small to moderate size, and the area has sufficient parking available.

- This event can be conducted with a minimal impact upon the surrounding neighborhoods and a near-normal flow of traffic on the streets adjacent to the site can be maintained.

- There are no anticipated costs to the Department for this event.
Respectfully submitted for your information.

Sincerely,

Scott M. Sansom
Chief of Police
