SP&A #17.322

Dear Tom:

As discussed with the project team, we are passing along this proposal to release DOWN TO EARTH CONSULTING, LLC to proceed with exploratory drilling and sampling of the sub-surface conditions within the are of the new elevator and entry addition. They plan to drill up to (2) bores (if possible due to maneuverability) and take samples to determine and rule out any unsuitable soils that may result in future building settlement. A report will be issued with a conclusion and any recommendation

Initial Site Visit and Conference Call = \$450

Test Boring and Inspection = \$3,000

Summary Letter Presenting Test Boring Results = \$400

Sub-total: \$3,850

SP+A Mark-up/coordination 10% \$ 385

---

Total proposal: \$4,235

We thank you again for your continued trust in our team.

Sincerely,

David J. Stein, AIA  
Principal
